

COMPENSATION LAW AN AID TO LABOR SAYS STATE PRINTER

SALEM, Ore., Nov. 3.—State Printer H. A. Harris, who was one of the three members of the state federation of labor committee which aided in drafting the compensation act to be voted on tomorrow, today gave the following statement to the United Press:

"I was one of the three who represented labor in compiling the compensation act. The committee of nine, representing the grange, employers and labor, worked with the utmost frankness and perfect harmony in preparing the measure. Concessions were freely made by each of the interests represented, but the greatest concessions by far were made to the wishes of the labor members, and further important concessions were made to them during the consideration of the bill by the legislature.

"Certainly it is not a perfect measure, but experienced men pronounce it the best one in existence up to this date. It is a step forward—a foundation on which to build. Its effect will not in any way retard, but will altogether promote justice to labor, and will greatly accelerate the action of public sentiment toward a better and better protection of the veterans and martyrs of industry.

"I have listened as open-mindedly and as conscientiously as any man can to the advice of my friends, and with certain of their arguments I am in hearty accord, but in asking defeat for the measure they are certainly overlooking a very large proportion of the unfortunate to whom it will be a Godsend. It seems to me there should be a willingness on the part of those who are better protected to make some concession to those who are comparatively without protection, particularly so when the latter represent the greater need if not also the greater number."

METHODISTS BEGIN REVIVAL MEETINGS

The opening revival services at the Methodist Episcopal church, corner of Bartlett and Fourth streets, last evening was of a most interesting character. The music, accompanied by hearty congregational singing, was fine. A large audience was present and two presented themselves at the altar and were happily converted. These meetings will continue throughout the week. Everybody invited. Excellent music, led by a chorus choir, under the direction of F. C. Edmeades. Come.

PACKY PICKS CROSS AS AGAINST RITCHIE

CHICAGO, Nov. 3.—That Leach Cross has better than an even chance to take the title from Lightweight Champion Willie Ritchie when they clash in New York one week from tonight was the declaration today of Packey McFarland, who has boxed both. Cross, he said, is a better puncher than Ritchie.

CHRISTIAN CHURCH CROWDED AT REVIVAL SERVICES

The Christian church was crowded Sunday for both morning and evening services and there was a big increase in the Sunday school and Endeavor attendance. At the evening service Evangelist Putman preached on "The Baptism of the Holy Spirit," a clear scriptural sermon, showing how the holy spirit worked in the days of the apostles and what it means to the church now.

The morning service on "The Whole Family" was a beautiful presentation of what it means to have the whole family working together and members of the church.

Subject tonight, "Will Anybody Be Finally Lost?" Go and see what your chances are? The solos by J. S. MacMurray and Miss Egbert and the duet by Miss Egbert and Mr. Putman, as well as the choir music, were inspiring.

The Musicians' union of San Francisco has amended its laws as to funeral detail. The members will hereafter be chosen in alphabetical order to attend funerals of deceased members and will be paid \$3 for the service. A failure to attend or to furnish a substitute will entail a penalty not to exceed \$5.

NEW YORK TO BECOME A REAL FIELD OF WAR

War in all its various phases will be portrayed in New York at Madison Square Garden and at other points in the city when the military tournament under the auspices of the Military Athletic League will be held. Every feature of the war game, exactly as it is played between nations, will be shown. The Executive Committee of the league is composed of Colonel W. B. Hotchkiss, Twenty-second Engineers and president of the league, chairman Colonel Charles O. Davis, Coast Artillery Corps, Lieutenant Colonel F. H. Hines, First Field Artillery; Colonel J. J. Byrne, Coast Artillery Corps; Major Edward Dayton, Tenth Infantry; Major R. C. Cook, secretary of the league, and Major H. C. Wilson.

The purpose of the military tournament is to demonstrate to the public the means and methods of modern scientific warfare. All the pomp of dress parades and other beautiful drills will be shown, as well as the hard, unglorious fact of efficiency of army life in war time.

EXCISE TAX LAW OF MASSACHUSETTS UPHeld BY COURT

WASHINGTON, Nov. 3.—The United States supreme court in a decision today held that the Massachusetts excise law is valid. The law imposes a tax upon corporations engaged in other than interstate commerce.

That the Massachusetts law was void because it was an unlawful burden upon interstate commerce and took property without due process of law was alleged by the two corporations testing its constitutionality. The tax levied is one-fifth of 1 percent upon the par value of authorized capital of foreign corporations doing business in the state, but not engaged in interstate commerce. The law exempts telegraph, railroad, telephone, express and similar corporations from the tax. The Italian company asserted that in its copper business it was engaged in interstate commerce, as did the Dental Manufacturing company, both of which maintain offices in Boston.

NEWS OF THE ORCHARD

AUSTRALIA BUYS EIGHT CARS ROGUE RIVER VALLEY FRUIT

GRANTS PASS, Nov. 3.—The people of Australia will eat Rogue river valley apples this winter, the Josephine County Growers' association having closed a deal for the shipment of eight cars during the present week to that country. Included in the sale are three cars of Winesaps, three of Ben Davis and two of Jonathans. The price paid for the Winesaps and Jonathans was \$175 per box f. o. b. here, while the humble Bens brought \$110 f. o. b. The apples will be forwarded to San Francisco, and there will be transferred to steamer for shipment to Australia.

The packing house of the association is right at the busiest part of its season now, and cars are being loaded out daily, the most of the apples that are now going finding market in Sacramento. Sale of the crop of Newtowns and Spitzenbergs was made some time ago, the contract price being \$1.40 f. o. b. for the yellow apples, and \$1.50 for the reds. The Newtowns have all been shipped and the Spitzenbergs are now being forwarded, the various cars being billed out as ordered by the purchaser. Under this system the money is ready for the grower as soon as the car is loaded and billed, with no uncertainty of price and no long wait for returns.

The association has also made a sale during the last few days of a quantity of third grade Spitzenbergs, a grade that usually finds no market whatever. The price for these is to be \$1 per box. There will not be a great quantity of this grade of fruit, though some orchards have more diseased fruit than is usual.

UPHELD LEMON RATE REDUCTION

WASHINGTON, Nov. 3.—The Interstate Commerce Commission's order reducing the rate on lemons from California to Atlantic seaboard points from \$1.15 to \$1 per hundred pounds, was upheld by the United States supreme court today. The decision also sustained the ruling of the commerce court.

The lemon case was decided summarily and without any opinion being read. While the case was being argued, Chief Justice White intimated that defense of the action of the Interstate Commerce Commission was not necessary, stating that the commission had sole authority to determine whether a rate was reasonable or not.

Ugly Sores Quickly Banished

You Marvel How Worst Skin Eruptions Disappear as Result of Famous Remedy

If you should meet anyone varnishing a sore with a greasy ointment, your best advice would be to quit such things and attend to the blood. To successfully fight any blood trouble, some eruptive skin disease—call it eczema, lupus, psoriasis, malaria or scrofula—get your blood under the influence of S. S. S. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural remedies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood, for the diseased venous blood is marvelous. Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor; the bowels, kidneys, bladder and all excretories of the body are marshaled into a fighting force to expel every vestige of eruptive disease. There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy to-day, and if your case is stubborn or peculiar, write to the Swift Specific Co., 210 Swift Bldg., Atlanta, Ga. Do not permit anyone to talk you into some useless compound they put up as a substitute for S. S. S. No honest druggist will do this.
