

BAKER RE-ELECTED HUNT DEFEATED IN OHIO ELECTION

CLEVELAND, O., Nov. 5.—Newton D. Baker was re-elected mayor of Cleveland as shown by the official figures today, but he had to count his "second choice" ballots to make it.

The Cleveland election was conducted under a non-partisan, preferential system, the voters putting down their favorite candidates at the head of the ticket and their second and third choices underneath it, in order.

Baker got 41,296 first choice votes, which was 239 below a majority. His second choice ballots, however, elected him.

Harry L. Davis was second best candidate. In Cincinnati, Judge Frederick Spiegel, republican, was elected mayor with his entire ticket by 3,000, restoring the Cox machine.

The defeat of Mayor Henry T. Hunt to succeed himself was attributed by politicians to his strict adherence to the merit system in choosing appointive city officials, and to the fact that he called on the governor for troops during the street-car strike here.

Carl Keller was victorious by 7,000 plurality over Judge Clittenden for mayor of Toledo, the first time a republican has won there in sixteen years.

Mayor George J. Kark, democrat, was re-elected at Columbus, but by a reduced majority. A Louisville message today put 6,000 as the democratic city ticket's majority. The county also went democratic and returns from the legislative vote showed an increase in the democratic majorities in the state senate and house of representatives.

MICHIGAN WOMEN AFTER VOTES AGAIN

JACKSON, Mich., Nov. 5.—Another campaign for votes for women is to be waged in Michigan in the near future. Undaunted by two successive defeats at the polls within six months time, and declaring they will have detectives honeycombing the state to prevent a repetition of the frauds which defeated them the last time, members of the Michigan Equal Suffrage association gathered here today in annual convention. Plans for launching the third campaign were discussed today. Mrs. Clara B. Arthur, of Detroit, retiring president of the association, and Mrs. Edna Blair, of Hillsdale, state organizer, reported that sentiment among the women of the state was almost unanimous in favor of another immediate attempt to "gain the ballot for women and the right of representation." Committees will be appointed during the convention to determine upon details.

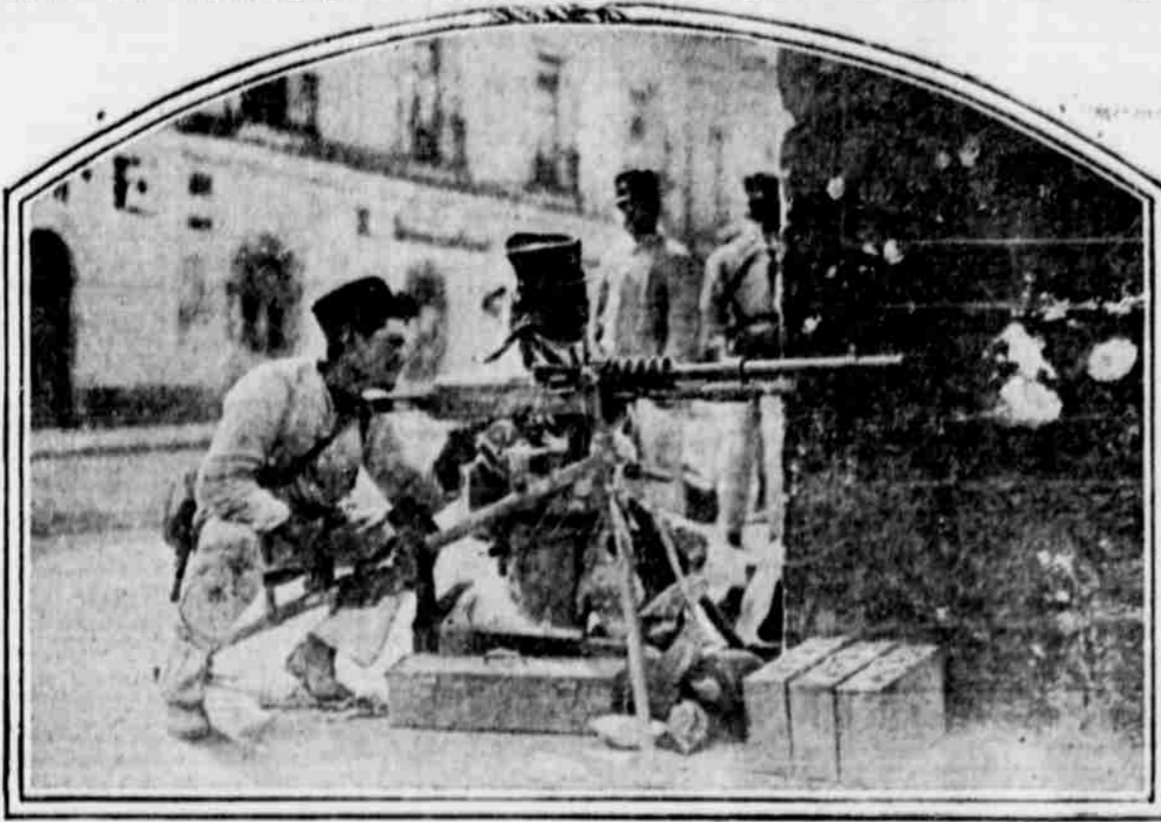

DANISH WOMEN TO GET BALLOT

COPENHAGEN, Nov. 5.—Votes for women in Denmark today is regarded as a certainty following the passage in the lower house of parliament of the constitution amendment bill by an overwhelming majority. The same bill, which went through the lower house last year, was wrecked in the upper house because besides providing for general female enfranchisement it also embodied reform of the house of peers. Enemies of the measure tacked this on in a last desperate measure to defeat what was popularly demanded. But at the last general election the progressives were returned in increased numbers, and it is believed now that in these circumstances the peers will not persist in opposing full and complete suffrage for women.

ELECTION VINDICATION OF WILSON POLICIES

WASHINGTON, Nov. 5.—President Wilson telegraphed congratulations to election winners in the states of New Jersey, Massachusetts and Maryland, and also to the victorious Democrats of Cleveland, Ohio. The president feels that the results have vindicated his administration, especially in state elections where the tariff and his policies were issues.

TYPE OF MACHINE GUN USED AT MONTEREY, MEXICO.

Machine guns were used with great damage by the rebel forces against the federals at Monterey, in the State of Nueva Leon. Every time the federals would advance they would be met by a withering fire from the machine guns and they would fall back with heavy losses.

"Wet" towns that voted to stay "wet"—The Dalles, Springfield, Lostine, Bandon, Joseph, Haines, Metolus, Eagle Point, Milwaukie and Falls City.

"Dry" towns that voted to go wet—Harrisburg.

HOOD RIVER RECALLS ITS COUNTY COURT

HOOD RIVER, Ore., Nov. 5.—Complete returns today show that the entire county court of Hood River county was recalled at yesterday's election by small majorities. F. E. Stanton, recall candidate for county judge, defeated G. R. Castner, incumbent; Hanum and Pawkes were elected county commissioners over McCurdy and Putnam, recalled. The county judge and commissioners were charged with mismanagement in the recall petitions.

WOMEN OF SALEM VOTE THE CITY DRY

SALEM, Ore., Nov. 5.—The women, who for the first time in Oregon voted on the liquor question are today given credit for Salem voting the "dry" cities of the state by a majority of 491 in yesterday's election. Out of 2,000 women enfranchised as voters, it is believed 1,499 voted against saloons. The saloon adherents cast 224 votes and their opponents 2,119.

INTERSTATE BRIDGE BONDS VICTORIOUS

PORTLAND, Ore., Nov. 5.—An interstate bridge over the Columbia river connecting Vancouver and Portland is assured today by the adoption of a bond issue of \$1,250,000 by a large majority at yesterday's special election, with which 135 Multnomah county's portion of the construction cost of the proposed span. Clarke county, Wash., recently voted \$500,000 for the same purpose.

BRITISH PRESS SAYS BEWARE OF TAMMANY

LONDON, Nov. 5.—Commenting editorially today on the result of yesterday's election in New York, the Pall Mall Gazette says:

"New York's public spirit is again in the ascendant but Tammany always has shown such wonderful powers of recovery that it would be extremely rash for New Yorkers to regard the result of the election as Tammany's obsequies. They must show their wisdom is equal to their enthusiasm if they wish to hold the ground they have won."

MURPHY RECALLED BY PEOPLE ASSERTS VICTORIOUS SULZER

NEW YORK, Nov. 5.—In the sixth district ex-Governor Sulzer won his fight for election to the legislature on the Progressive ticket by a vote larger than those of his democratic and Republican opponents combined.

Tammany lawmakers had planned to exclude Sulzer from the assembly even if he were elected, but they will not do it, for they lost control of the assembly yesterday. Un-state returns made it clear that progressive Democrats and Republicans of varying degrees of progressiveness will have 85 out of the 150 members of the next lower house, which, while it probably will not accomplish much in the way of legislation, the senate being still a Tammany body, certainly will, nevertheless, seat Sulzer.

"Murphy sees now how the recall works in the hands of the people," said the ousted governor today. "He seized the people's power and recalled me because I refused to turn the state over to him. Now the people have recalled him."

The people condemned Murphy and reversed his impeachment court's judgment. His puppet candidates were beat everywhere. Tammany is tottering under the weight of its discredited boss. And I have the satisfaction of knowing that I struck it the hardest blow it has received since the days of Tweed."

And the ex-governor concluded by urging the initiative, the referendum and the recall in New York state.

All Blood Disorders Quickly Driven Away

Astonishing Results With the Greatest Blood Purifier Ever Discovered.

Strength, Power, Accomplishment are all Typified in S. S. S. Some blood disorders become deeply rooted in the glands and tissues, and the mistake is made of resorting to drastic drugs. These only aggravate by causing other and worse troubles. A host of people know this to be true. They know from painful experience. To get right down into where the blood is vitiated requires S. S. S., the greatest blood purifier ever discovered. This remarkable remedy contains one ingredient the active purpose of which is to stimulate the tissues to the healthy secretion of its own essential nutrients and the medicinal elements of this matchless blood purifier are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food. Not only this, but if from the presence of some disturbing poison there is a local or general interference of nutrition to cause boils, carbuncles, abscesses and kindred troubles, S. S. S. so directs the local cells that this poison is rejected and eliminated from their presence. Then, too, S. S. S. has such specific stimulation on these local cells as to preserve their mutual welfare and a proper relative assistance to each other. In a very brief time S. S. S. has the reconstructive process so under control that remarkable changes are observed. All eruptive places heal, mysterious pains and aches have disappeared, and from head to foot there is a conscious sensation of renewed health. From the fact that S. S. S. is purely a botanical preparation, it is accepted by the weakest stomach and has great tonic influence. Not one drop of drugs or minerals is used in its preparation. Ask for S. S. S. and insist upon having it. And if you desire skillful advice upon any matter concerning the blood and skin write to The Swift Specific Co., 105 Swift Bldg., Atlanta, Ga. Do not allow some seclusive clerk to larp the atmosphere in eloquence over something "Just as good" as S. S. S. Beware of all counterfeits.

LADDIE
a true blue Story

By GENE STRATTON-PORTER
Author of "Freckles," "The Harvester," "A Girl of the Lumberlost," etc

A tale of Indiana—a picture straight from life, showing the home circle of the Stantons, and telling the love story of Laddie, the big brother of the Stanton family, and Pamela Pryor, an English girl. The people in it are real and genuine, different but little in character and surroundings from the healthy, decent Americans the whole country has bred from the beginning. It is a song of thanksgiving for home which everyone will appreciate.

Beautifully illustrated and decorated by Herman Pfeifer.

Cloth, Net \$1.35. Leather, Net \$1.75.
