CRUISING GROWS IN PUBLIC FAVOR

The volume of tourist travel next winter promises to pass all previous records. This remarkable winter migration will soon begin in all parts of the country and follow the popular routes in search of milder climates. Winter cruising is no longer an expensive luxury as in the past, but has been brought within the reach of people of moderate means and leisure.

The most popular cruise this winter will doubtless be to the West Indies and the Panama canal. Now that the canal is practically completed and visitors may see the great locks in actual operation, thousands of travelers who have delayed visiting the isthmus will make the cruise. This season tourists will have the opportunity to cruise to the West Indies and the isthmus of Panama on larger and more luxurious steamers than ever before. A series of six cruises from New York to the West Indies and the Panama canal, varying in length from fifteen to twenty-nine days, is announced by the Hamburg-American line.

An entirely new cruise will be made this season, of about three months' duration, through the Mediterranean, visiting the Orient and India. The cruise will be made by the world famous cruiser S. S. Cleveland. The tourists will visit the popular resorts of the Mediterranean, pass through the Suez canal and the Red Sea and proceed to India, where ample time will be allowed for inland trips, when the steamer will return to New York. The grand cruise de luxe will be the trip around the world, which will be made next year by way of the Panama canal.

REVIVAL SERVICES MOST SUCCESSFUL

Despite the rain and storm of last evening a delightful revival service was had in the Methodist Episcopal church, corner of Bartlett and Fourth streets. A good audience was present and heartily participated in the singing of soul-stirring songs, led by the choir. The spiritual tide reached a great height and many were the joyful testimonies given, as one after another arose and testified to a satisfactory life in Christ. These meetings were commenced last Sabbath and have increased in power and interest with every succeeding service. Five have professed faith. The pastor is conducting these meetings, ably seconded by the choir under the leadership of F. C. Edmunds. The subject of this evening's discourse is "The Call of God." A hearty welcome awaits you at all these services. Come.

INSTALL PRESBYTERIAN CHURCH CENTRAL POINT

The program for the installation of the Presbyterian church was held at Central Point last night, in the presence of a large crowd. The installation sermon was given by the Rev. W. F. Shields of Medford, the charge to the pastor by the Rev. W. D. Vester of Grants Pass, and the charge to the people by the Rev. J. K. Baillie of Phoenix. After the program a social hour was held.

BETTING FAVORS RITCHIE AGAINST LEACH CROSS

SAN FRANCISCO, Cal., Nov. 6.—Betting on the Willie Ritchie-Leach Cross ten-round bout, to be staged next Monday night in New York, opened here today at 10 to 9, with Ritchie on the long end. However, the Ritchie support was expected to lengthen the price before the day of battle.

GIVE THE SETTLER A CHANCE

SOUTHERN CALIFORNIA this year is shipping east 3250 carloads of celery, cauliflower, cabbage, lettuce and tomatoes, an increase of 1083 carloads over last year. The vegetables grown in the Rogue River valley are superior to those produced in southern California, and side by side command higher prices, just as fruit grown here outsells that grown in California because superior in color, flavor and keeping qualities.

If it pays the farmers of southern California to raise truck garden products for eastern markets, it would pay those of the Rogue River valley. Moreover, closer markets than the east are at our doors—northern California and central Oregon, where climatic conditions prevent profitable gardening, as well as Portland and the Willamette valley cities, where there is not enough sunshine to ripen tomatoes.

The valley has specialized on fruit, which is all very well, but in neglecting gardening and other agricultural branches it is neglecting a natural resource. Land that produces 300 sacks of potatoes an acre and a car of onions an acre should not be allowed to remain idle—yet there are thousands of acres in the valley suitable for garden crops of all kinds that grow nothing but weeds.

Industry, water and Rogue River valley soil will grow a dozen profitable crops. To secure the industry, land prices must be kept low or the class of people most desired will be kept away. Canneries must be operated to utilize the surplus. Co-operation must be forthcoming from the railroads to solve the transportation handicap.

The opening of the Panama canal will bring to the coast thousands of European agriculturists trained by necessity and small opportunity to making the most of their scant possibilities in an overcrowded and developed region—where soil is carried to rocky hillsides by the bucket and the fallen leaves of trees picked up by hand and saved for fertilization. For this thrifty class, the Rogue River valley offers an ideal field—and it should be our aim to take advantage of the influx that will come with the next few years, to attract them and make it possible that they secure an opening.

The industrious farmer and truck gardener must be enabled to secure small-sized tracts of land at reasonable price on easy payments. If this is done the Panama canal will be found of great assistance in developing the valley.

The settler, whether American or foreigner, must be given a chance to make a living and must be able to see the opportunity beforehand. The policy pursued by landowners of holding idle property at such an absurdly high figure that no one can make a profit by working it, is a ruinous one and has driven out far more people than we have today.

The curse of the country is the land owner who will not develop and who will not sell at a figure that will permit any one else to develop, but holds on, hoping for a "sucker," and keeping his property idle to reap the unearned increment resulting from the industry of others.

DRY TERRITORY IN OREGON ENLARGED

PORTLAND, Nov. 6.—Practically complete returns today of the local option elections held Tuesday show that the prohibition forces voted eleven Oregon towns and five precincts in the city of Portland dry and lost three towns that heretofore have been dry.

The revised list is as follows: Wet towns that go on the dry: Salem, Oregon City, Springfield, Hillsboro, Woodburn, Dufur, Rainier, Stayton, Sherwood, Gresham, Harrisburg and five precincts in Portland.

Dry towns that go wet—Lostine, Sweet Home, Waldport.

Dry towns that stay dry—Waldport, Florence.

Wet towns that stay wet—The Dalles, Joseph, Milwaukie, Sutherlin, Bandon, Newport, Falls City, Wasco, Haines, Metolius, Eagle Point and one precinct in Portland.

CUT IN RAILROAD RATES POSTPONED

WASHINGTON, Nov. 6.—The Interstate commerce commission today announced that it had postponed to February 1, the date for the sweeping reductions ordered in express rates to become effective. The order originally was scheduled to become effective December 1.

No reason was assigned for the postponement but it was understood the companies convinced the commission that they had not been given sufficient time to prepare for the change. The companies were ordered to file their new tariffs not later than January 10.

BEILIS TO LECTURE IF JURY ACQUITS

NEW YORK, Nov. 6.—Reports that Mendel Beilis will be brought to the United States to lecture, if acquitted at Kiev on a charge of murdering Andrei Muschinsky, in connection with an alleged religious rite, were confirmed here today by prominent local Jews.

Beilis is an ignorant man but it was said he probably could talk well enough to bring American Jews to a realization of the manner in which those of their race in Russia are treated by Muscovite officials.

Should the accused man be convicted, Attorney Grossenberg, his lawyer, will come instead, giving the proceeds of his lectures to the Beilis family, which is destitute.

SUNDAY SCHOOL MEET CLOSES WEDNESDAY

Wednesday afternoon marked the close of the County Sunday School convention which was held at the Baptist church in this city. A number of delegates from every part of the county gave addresses. Officers were elected and the work planned for the following year. A banquet was given at the Methodist church in honor of the zealous state workers.

The following officers were elected: President, J. B. Ware of Ashland; vice presidents, A. B. Heisel of Medford and Rev. J. M. Spencer of Rogue River. Secretary and treasurer, G. Iverson of Gold Hill, who has been acting president; superintendent of the teachers training department Mrs. M. A. Conlee of Talent; elementary superintendent, Miss Stella Hays of Ashland; Teen age department, Mr. A. A. Akins of Medford; adults department, Homer Billings of Ashland; home department, Rev. H. W. Frame of Phoenix; temperance department, C. S. George of Medford; missions, Mrs. R. McCullough, of Medford; evangelism, Rev. C. S. Creesy.

NEGRO SUPREMACY PREDICTED IN SOUTH FROM CHILD LABOR

SEATTLE, Nov. 6.—Samuel Gompers, president of the American Federation of Labor announced here today that he would not be a candidate for re-election at the 33rd convention which meets here Monday, but that if he is chosen he would serve for another term.

In making a general talk on labor conditions Gompers declared that the child labor situation in the south is serious that within another generation the negro will be the superior race, both physically and mentally. The reason he gives is that the children of the whites are becoming degenerate through work in the cotton mills, while the negro children through their ability to live on less, refuse to work in the mills, grow up outside and attend school more regularly than the whites.

Gompers repeated his belief in the feminist movement. "Women must be socially and industrially free," he said.

"The outbreaks in Michigan and West Virginia, among unorganized workmen were revolts against bad labor conditions," declared Gompers. "In both places organized labor will hold sway in the future."

"We place great confidence in President Wilson and believe he will do much to curb the power of wealth."

MOTHER JONES PREDICTS GENERAL MINE STRIKE

WASHINGTON, Nov. 6.—Mother Jones declared today that a general strike of all coal miners throughout the country was possible unless the Colorado mine owners stopped their "gutting gun rule and ruthless slaughter of men, women and children."

"All Colorado is under Rockefeller's spell," she added. "The miners must submit to trial before sewer rats in the guise of judges."

Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten it.

There is usually a certain degree of dead in every woman's mind as to the probable pain, distress and danger of childbirth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded joy and anticipation.

Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with none of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; they are raised as cunning plotters to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such distresses.

Write to Bradford Regulator Co., 131 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend today.
