

## HUERTA'S CABINET TELLS HIM TO GET OUT

### DICTATOR'S CASE REGARDED LOST BY HIS CABINET

Dictator Told to Get Out as He Has No Show, But Friends Say He Will Refuse—May Await Foreign Action to Thwart United States.

Mexican Congress to Meet November 22—Lind and Carden Clash at Diplomats' Conference.

MEXICO CITY, Nov. 8.—President Huerta today announced his cabinet to meet him this evening. It was believed he would announce finally whether he would or would not resign. A report was current that he had engaged passage to Europe, but his friends denied it.

MEXICO CITY, Nov. 8.—His cabinet was reported today to have decreed President Huerta's retirement. The members were said to have made up their minds at a meeting last night that his cause was hopeless. His friends said today, however, that he positively would not retire.

Sifting all rumors of the situation seemed to be that his cabinet favored the dictator's retirement and that congress would pave the way for his resignation by declaring his election two weeks ago invalid, on the ground that less than the constitutional majority of the country's total vote was cast, but that Huerta hoped to cling to power until the European powers, as well as the United States, demanded his resignation, so that he need not seem to yield to American pressure alone.

The Mexican congress will meet according to present arrangements, November 22.

Reports were current that President Wilson's emissary, John Lind, and Sir Lionel Carden, the British minister, disagreed with great emphasis at the conference last night.

Bank notes were in circulation in plenty in Mexico City, but a large share of them do not represent cash reserves, and coin was hardly to be had. To make change practically every merchant in the city had resorted to the issue of personal I. O. U.'s, which had some purchasing power in the signers' respective neighborhoods, but not outside of them.

### JIM HILL OFF FOR PORTLAND

TACOMA, Wash., Nov. 8.—James J. Hill, his son, Louis W. Hill, President J. M. Hanna of the Northern Pacific railroad, and a large party of railroad officials and bankers of New York arrived in Tacoma this morning and after making an automobile tour of the city, departed at 11 o'clock for Portland.

No definite announcement was made by any of the officials, but it was admitted that the purpose of the trip was to investigate conditions in the Pacific northwest with a view to future investments.

James J. Hill gave it as his opinion that the Panama canal would be an important factor in the building up of an American merchant marine that will rival that of Great Britain. "We have the warships already," he added.

### ENGLISH CASH AIDS HUERTA'S GOVERNMENT

MEXICO CITY, Nov. 8.—That President Huerta had received money enough from English sources to run his government until December 1 was stated on good authority this afternoon. It was said to have been furnished through Lord Cowdrey, head of an oil syndicate deeply interested in Mexico.

### FELKNER SIGNS EXTRADITION FOR HARRY K. THAW

Decision Expected and Does Not Mean That Thaw Will Be Returned to Matteawan—Fight Against Conspiracy Charge May Last for Years

Deportation Now Awaits Action of Federal Court on Writ of Habeas Corpus Pending.

CONCORD, N. H., Nov. 8.—Governor Felker of New Hampshire today signed the extradition papers returning Harry K. Thaw to New York at the request of Governor Glynn. Thaw's extradition resulted from a charge of conspiracy in connection with his escape from the Matteawan asylum. The decision, it was said, does not mean that Thaw will be returned immediately to Matteawan. It was stated that Thaw's fight against the conspiracy charge may last for years.

Governor Felker's action was generally expected. It followed along conventional lines and after he had shifted the case to the shoulders of United States Judge Aldrich.

William Travers Jerome, Thaw's Nemesis, was not present when Governor Felker signed the extradition papers. It was a foregone conclusion, however, that Thaw could not be taken to New York on account of a writ of habeas corpus, which had been obtained for him and which is now pending in the United States circuit court. It may be several years, it was said, before a decision is reached, as both sides are determined to carry the case to the supreme court, if necessary.

By an agreement reached between Thaw's attorneys and the New York representative, the Thawites have until November 17 to file an amended habeas corpus writ with the United States district court. The new writ will charge that Thaw is illegally held.

### CARRANZA TALKS ARMY OF 100,000

NOGALES, Sonora, Nov. 8.—General Venustiano Carranza, head of the Mexican constitutionalists in Sonora, declared today that he can put 100,000 men into the field the day the United States raises its embargo on arms and ammunition.

Carranza is anxious to prove to the Wilson administration the strength of the constitutionalist movement. He received several messages today from his agents at New York and Washington, which apparently caused him much satisfaction. He refused to divulge their contents, however.

Quiet prevailed here today, although rumors were circulated that a troop movement in the interior of Sonora is contemplated.

### TRY TO BURN DOWN BOHANON'S HOSPITAL

OAKLAND, Cal., Nov. 8.—Miss Mary Duke, a maid employed at a cancer institute, appealed today to the police for protection, claiming that an attempt had been made to burn down the hospital.

Yesterday matches and straw were found piled against the wall of the building and the water tank used for fire protection had been emptied.

Dr. J. C. Bohanon, head of the institution, is at present away in the country.

**Marines Get Orders**  
VALLEJO, Cal., Nov. 8.—All the marines at Mare Island navy-yard received orders today to make out new lists of their nearest relatives.

### WILL THESE MEN GAIN RECOGNITION FOR CONSTITUTIONALISTS?

STANDING LEFT TO RIGHT, FRANCISCO ESCUDERO, SECRETARY OF THE TREASURY IN CONSTITUTIONALIST CABINET, GENERAL FELIPE ANGELES, SUB-SECRETARY OF WAR AND NAVY, RAFAEL ZUBARAN, SECRETARY OF STATE. SITTING, GENERAL VENUSTIANO CARRANZA, FIRST CHIEF

General Venustiano Carranza is now in Nogales, Sonora. He was summoned suddenly to confer with military leaders from other sections of Mexico, including General Lucio Blanco, of Tamaulipas. Those in the conference are now preparing a statement to send to Secretary Bryan, through Henry Allen Tupper.

The statement will contain a definite proposition through which General Carranza gives positive assurances of the restoration of peace if the United States government will recognize the constitutionalists.

### ENGLAND BLAMED BY WILSON FOR MEXICAN MESS

WASHINGTON, Nov. 8.—It is no secret that the administration blames England for the present Mexican situation. Huerta was said to have made promises to the British government, which the latter wished him to keep and had therefore encouraged him to resist America's demands for his retirement. The administration meant to insist that England keep its pledge to follow America's policy in Mexico. It was said John Lind told this to English Minister Sir Lionel Carden plainly last night.

The Mexican rebel junta in Washington sent General Carranza word to "go in and fight" if he makes a strong showing members of the junta believed President Wilson will leave it to him to overthrow Huerta.

### BLIZZARD RAGING IN CALUMET DISTRICT

CALUMET, Mich., Nov. 8.—A blizzard, accompanied by a seventy-mile wind, prevailed here today. Ten inches of snow had fallen before noon.

The striking copper miners and their wives and children paraded the streets this afternoon.

### GERMANY BACKS AMERICA VS. BRITAIN

BERLIN, Nov. 8.—American Ambassador J. W. Gerard talked Mexican affairs at the foreign office today with Under Secretary Alfred Zimmermann, but neither would tell what was said. Because America and England are understood not to agree concerning Mexican policies, it was reported that Germany is backing the American position strongly, hoping to cement a friendship with the United States at England's expense. Though the German cruiser Huerta Pas left Vera Cruz, its commander was ordered not to go too far away.

### VINCENT ASTOR TO WED HELEN HUNTINGTON

NEW YORK, Nov. 8.—Mrs. Robert P. Huntington of Staatsburg, N. Y., today announced the engagement of her daughter Helen to Vincent Astor, the richest bachelor in America. Astor is 22 and his fiancée 20. They will be married in the spring.

### CARRANZA TOLD "SHOW AMERICA FIGHTING FORCE"

WASHINGTON, Nov. 8.—"Show America your potent fighting force" was the message flashed to the southwestward from the Mexican revolutionary junta here today to the rebel fighting force in the field.

What the rebel agents in Washington had planned was to demonstrate to the Wilson administration that General Carranza and his men are able to cope with the Huertista forces, so that when the final break comes between Washington and Huerta, the removal of the embargo on arms and not intervention will be President Wilson's policy.

As a result of this plan, fighting in northern Mexico was looked for immediately.

General Carranza, it was said, was determined to secure control of several large cities. It was believed he would concentrate at once upon Chihuahua City. John Lind, the president's emissary in Mexico, will remain in Mexico City all of next week, it was expected, unless there should be unforeseen developments.

### GENERAL WEAKNESS IN STOCK MARKET

NEW YORK, Nov. 8.—Trading was stagnant at the opening of the stock market. Except in the case of cotton oil, which dropped, variations from yesterday's close were restricted to slight fractions.

Later Delaware and Hudson and Studebaker dropped three points. Goodrich suffered a 1 1/2 loss and New Haven 1 1/2. The weakness gathered force during the closing hour and some of the active issues, including Canadian Pacific, dropped from 1 to 2 points.

The market closed weak. Bonds were irregular.

### STRIKERS VICTORS; CARS IN OPERATION AT INDIANAPOLIS

INDIANAPOLIS, Nov. 8.—Inter-urban cars were permitted to run into Indianapolis this afternoon, pending adjustment of grievances between motormen, conductors and directors of the various lines. Labor leaders said an agreement similar to the one which settled the local strike would be signed before night.

INDIANAPOLIS, Nov. 8.—Street-cars were running here today for the first time in a week, but as a result of the striking motormen's and conductors' success in their fight against the local traction company, a more serious danger threatened.

Danger had developed of a strike throughout the state, tying up all urban and interurban traffic.

The Indianapolis company's helplessness in the face of this situation was a surprise. They began working the urban crews at once and quickly found them in a frame of mind to respond to the union advances.

### HARVARD WINS FROM PRINCETON SCORE 3 TO 0

Brickley Wins Game for Crimson by Dropkicking a Goal From 20-Yard Line in Second Period—Field Is Muddy and Soggy.

No Score Made in Other Three Periods—Dartmouth Defeats Pennsylvania and Michigan Cornell.

PRINCETON, Nov. 8.—Harvard put another notch in her claim for the eastern football championship in its annual game with Princeton, but Harvard today was spelled "Brickley." On a soggy and muddy field, Brickley, Harvard's sensational full-back, dropkicked a goal from the twenty-yard line in the second period.

Baker, Princeton's right halfback, tried to duplicate Brickley's feat, but failed. Harvard's back field lived up to its reputation as the greatest in the east and it also showed good open field work.

There was no score made in the first period. Storer of Harvard kicked off to Streit, the Princeton fullback, who carried the ball thirty-three yards before he was downed. Law punted to Harvard's forty-yard line and a half dozen exchanges of punts followed, Princeton finally gaining the ball on its own forty-yard line. A dropkick for a goal by Baker failed.

The second period opened with Glick of Princeton gaining six yards on a quarterback run. Streit could only add three more and Harvard gained the ball on its own nineteen-yard line. Hardwick punted to mid-field and Streit gained two yards. Law then attempted a punt, but it was blocked, the ball rolling toward Princeton's goal. Law and Penneck raced for the pigskin, but it was recovered by the Tiger halfback on Princeton's twenty-yard line. Law punted and Logan made a fair catch. Then Brickley bucked the line for five yards and Princeton was penalized for offside play. Brickley then scored a field goal from the twenty-five-yard line. The ball was slippery, but he executed a perfect kick.

Neither side was able to score in the third and fourth periods.

Other scores:  
Michigan 17, Cornell 0.  
Dartmouth 34, Pennsylvania 31.  
Wisconsin 12, Ohio 0.  
Syracuse 48, New York University 0.  
Chicago 14, Northwestern 0.  
Carlsle 61, Hopkins 0.  
West Virginia Wesleyan 10, Georgetown 6.  
Navy 70, Bucknell 7.  
Army 77, Albright 0.

### CLEETON UPHOLDS MINIMUM WAGE LAW

PORTLAND, Nov. 7.—Circuit Judge Cleeton today upheld the constitutionality of the minimum wage law, passed by the last legislature, giving the industrial welfare commission power to regulate the hours of work, wages and working conditions of women and minors employed in Oregon.

A ruling was made by the commission fixing a minimum wage of \$8.64 a week for women employed in factories.

Judge Cleeton held that the fixing of wages is within the state police power, that it does not, as complained by Stettler, delegate legislative power to the commission and its conference committees, and it does not deprive the employer of a proper right of private contract.

### Eggs 75 Cents a Dozen

NEW YORK, Nov. 8.—Retailers put the price of the best eggs up to 75 cents a dozen today and predicted they would go 5 cents higher.

### 10 ACRE PEAR ORCHARD SELLS FOR \$25,000

Sixteen-Year-Old Bosc and Comice Orchard in Phoenix District Purchased by Oakland Man From N. A. Thompson.

Orchard Has Netted Owner Above Expenses an Average of \$4000 a Year for Past Three Years.

Ten acres of Rogue river pear orchard were sold today for \$25,000—which is \$2500 an acre. The deal was a cash transaction.

The tract sold is that owned by N. A. Thompson in the Phoenix district. Mr. Thompson purchased it three years ago from George A. Hover, paying \$10,000 for the tract, or \$1000 an acre. Mr. Hover purchased it several years previously from G. A. Morse for \$5000 and paid for it with the first crop.

During the three years Mr. Thompson has owned the tract he has netted, after all expenses were paid, \$12,000, or an average of \$4000 a year. It was upon actual figures of the orchard's production that the sale was made.

The purchaser is a Mr. Tuman of Oakland, Cal., who is interested in local timber lands, and the sale was made by the Minney company.

The orchard consists of sixteen-year-old Bosc and Comice pears, and the fruit was awarded first prize at the Seattle-Yukon fair, at the Spokane Apple show and at other exhibitions.

The sale is interesting at this time, as this orchard suffered more severely than any other in the valley in 1907 from blight, many trees being lost through its ravages, and others heavily cut. Prompt cutting and careful watching saved the orchard and it is today one of the finest in the country because the owners have given it their personal attention.

### WEST PROMISES SPECIAL SESSION

SALEM, Nov. 8.—Should the courts uphold the opinion of Attorney General Crawford that the workmen's compensation act will not become effective until June 30, 1914, Governor West stated today that he believed he would be justified in calling a special session of the legislature to correct any defects which might prevent it becoming operative at an early date.

### UNION PACIFIC TO BUILD SOUND LINES

PORTLAND, Nov. 8.—That the O. W. R. & N. company will build two new rail lines in Western Washington within the next year, one to Olympia and the other to South Bend and Raymond, was a report generally credited in railroad circles here today.

No official announcement was made, but officials of the company would not deny the authenticity of the report.

The Olympia line, it was reported, will be about eight miles in length, and will connect at a convenient point with the main line of the road now being built between Tenino and Tacoma.

### DIAZ TELLS HUERTA TO GO FOR COUNTRY'S GOOD

PARIS, Nov. 8.—Ex-President of Mexico Porfirio Diaz sent a cable to President Huerta today and it was said he called on Huerta to retire "for the good of Mexico."
