

PREDICTS STRIKE ON ESPEE LINES WILL EXTEND WEST

HOUSTON, Tex., Nov. 14.—That the strike on the Atlantic division of the Southern Pacific would spread unless the company speedily comes to terms was predicted by union railroad men here today.

They were of the opinion that the Houston & Texas Central, running north from here, would be the next line to be tied up, and said they looked to see the coast lines affected ultimately.

The railroad management was preparing today to man its trains with office employes who rose from the ranks and understood practical railroad work. Strikers' supplies were also in readiness, and every indication pointed to a hard fight.

Only one train has left here since the strike began. It was bound for San Antonio. The striking conductors and engineers will draw benefits of \$50 a month from the union funds while the strike is on, and the firemen and switchmen \$40.

HAPPIEST ORIENTAL IN STATE IS LEM WOON

SALEM, NOV. 14.—About the happiest oriental in this state at the present time is Lem Woon, the Chinese who was sentenced to hang today but who missed the noose on account of Governor West's dictum yesterday. Lem Woon was told repeatedly that he was not going to hang by other prisoners, following the governor's decision to give him life imprisonment, but Lem thought he was being joshed. He continued saying that he was "heap 'flud" all the time until Deputy Warden Snodgrass finally convinced him that the hanging would not come off. When the deputy warden assured Lem that he would not hang the prisoner yelled at the top of his voice: "Cheese Klise, I heap glad, shakee hands, shakee hands!"

HIGHWAYMEN ROB ESPEE CONDUCTORS

OAKLAND, Cal., Nov. 18.—Two highwaymen of the tall and short variety, masked and armed with heavy revolvers, held up the conductors of two Southern Pacific trains here last night. At 10 o'clock they entered the caboose of a freight extra eastbound at Third and Webster streets and held up Conductor G. W. Curries. They secured nothing of value.

At midnight they boarded the baggage end of a passenger train eastbound at Seventh street and Broadway and robbed Conductor Hooper of his watch and money. They left the train at the Twenty-third avenue station. The police have a description of the robbers.

He will be given a bodyguard until he reaches Europe. He does not expect to return to America.

District Attorney Fredericks, who ordered McManigal's release here, refused to confirm the reports of his movements.

CLASSY SINGERS ON BILL AT STAR THEATRE

One of the best vaudeville acts ever at the Star theatre, was the verdict of the packed house that greeted the Bergordster Trio on their first appearance last evening. Their singing and harmony is of a high order and they are very clever comedians. They will be on the program today and tomorrow only.

The photoplays for today are above the average, featuring a two reeler by the 101 Bison company entitled "Good For Nothing Jack." The Animated Weekly, and the bill closes with a couple of laughable comedies.

CARRANZA AGREES TO OUST HUERTA IF GIVEN ARMS

NOGALES, Ariz., Nov. 14.—Gen. Venustiano Carranza, head of the Mexican constitutionalist movement, and Wm. Bayard Hale, said to be the representative of the Washington administration remained on their respective sides of the international border today, awaiting, according to accepted report further advices from Washington.

Although Hale refused flatly to discuss the negotiations carried on at his meeting yesterday with Carranza's official advisers, it is believed generally, that Hale with authority outlined the conditions under which the United States will raise the embargo on war munitions for the rebels.

The American government is said to be ready to raise the embargo if, in the minds of the Washington authorities, the strength represented by Carranza is deemed sufficient to prosecute a successful campaign. Washington also requires that Carranza, in the event of victory over Huerta guarantee an immediate election of a president.

Carranza is said to have agreed to the American terms and it is believed that his acceptance has been wired to Washington by Hale. Carranza has asked that the United States release several thousand rifles and 4,000,000 rounds of ammunition, confiscated on the international border during the last year.

JACKSONVILLE TALKS OF HAVING ROSE DAY

To the Editor: My pupils and I think we would like to have a Rose Planting Day in historic old Jacksonville.

Perhaps you can give us the name of some one who will give us the necessary instructions for preparing the cuttings and for planting.

Why not make the Hugh Dickson rose the Rogue river valley rose? We would be glad to plant it here if we knew where we could obtain some cuttings.

Yours, for a beautiful valley,
M. S. HURST.

FAMOUS JOCKEY TOMMY BURNS IS KILLED BY TRAIN

NEW YORK, Nov. 14.—A man believed to be Jockey Tommy Burns either jumped or fell in front of an elevated train in Brooklyn today and was killed.

In his pockets were found a contract to ride in races in Berlin, \$500 in American money, considerable German currency and a passbook from the Deutscher bank. On the station platform after he had been killed were found his hat and fur-lined overcoat.

Pending an investigation to determine whether Burns had any reason for taking his own life, the police were uncertain whether the case was one of suicide or accident.

The jockey was once in the employ of the Whitney stables, and in 1897 rode 361 winners. He lived at Sheephead Bay with his wife and two children.

Twenty-one coaches accompanied the squad. At New Haven the Yale team engaged in signal practice. Captain Ketchum refused today to name the number of players being groomed for tomorrow's game.

OMAR has revolutionized the cigarette sales of the country in less than 400 days! OMAR is the greatest success in cigarette history.

Two years ago, in the dissolution of the old American Tobacco Company by the U. S. Supreme Court, we lost our established brands of Turkish Blend Cigarettes.

The success of these brands had clearly shown us that the taste of smokers throughout the nation was turning to Turkish Blend.

We immediately set about to produce a NEW and BETTER Turkish Blend Cigarette. Experience had taught us how the Turkish Blend could be IMPROVED. All the knowledge we had gained in 25 YEARS in the making of BILLIONS of cigarettes, WAS CONCENTRATED on this NEW Turkish Blend.

Our leaf-buyers in Turkey and America were consulted. These men—the greatest leaf-experts in the world—were instructed to select the tobaccos that in their judgment were BEST SUITED to such a blend.

Our blend-experts then took these carefully selected tobaccos and FOR MONTHS experimented with a THOUSAND VARIATIONS of blend.

When OMAR was finally perfected, we KNEW that we had absolutely the FINEST Turkish Blend cigarette that could be produced.

We were confident that American smokers would CONFIRM our estimation of OMAR—and they HAVE. OMAR is UNQUESTIONABLY the greatest success, in the SHORTEST PERIOD OF TIME, in the history of cigarette making.
