

WOULD BAR WOMEN FROM CHINK CAFES

TAFT VISIT WILSON; SHY 100 POUNDS

SEATTLE, Nov. 14.—White women and girls will be prohibited by law from working for Chinese and Japanese employees if a resolution introduced by Delegate George Barnes of the Willapa Trades and Labor council at the American Federation of Labor convention here today becomes effective.

Barnes says that the employment of white women by Chinese and Japanese "constitute, both morally and economically, a serious menace to society." He asks that the federation secure the passage of a national law prohibiting such employment.

The resolution, which it is believed will be reported favorably, is now in the hands of the committee on local and federated bodies.

DESERTER, THIEF, DRANK, SUICIDE

SEATTLE, Nov. 14.—After spending the \$250 he stole from the quartermaster's department at Presidio, San Francisco, on October 31, last, Sergeant Willis B. Corps, carrying out his intention to have one last "good time" and then end his life, is at the police morgue today, having taken a heavy dose of cyanide of potassium. His identity was established by Mrs. G. Lynn, an osteopath, shortly after his body was found at the Olympic hotel, 105 Yesler Way, Thursday afternoon. The woman had come from San Francisco with him and had lived with him as his wife for a week.

"He told me," she said, "he stole some money and deserted the army and was going to have one last big time and then kill himself."

BUD MAY MEET ALEVEDO DECEMBER 13

LOS ANGELES, Nov. 14.—Bud Anderson and Joe Azevedo may furnish Promoter McCarey's pugilistic card for the Vernon arena December 13. Terms have been offered both boys, and if they accept they probably will be given the date.

Kid Williams and Eddie Camp had been given the December date, but Williams' manager wired McCarey that he has matched his fighter for two December dates in the east and asked that the bout here be postponed until January 16. Tim McGrath, Camp's manager, has asked McCarey for the New Year's date.

FREIGHTER WRECKED OFF MICHIGAN SHORE

HARBOR BEACH, Mich., Nov. 14.—Another freighter, bottom up, on submerged rocks off Point Aux Barques, was sighted today. It could not be identified. Near the same spot the steamships Hanna and Mattoon were rapidly breaking up.

A Righteous Protest

(From the Grants Pass Courier.) The sport fishermen of Jackson county have voiced a proper protest to the manner in which the fishing on the Rogue is now "regulated." Under the system in vogue the upper reaches of the stream are practically ruined for fishing purposes, and salmon and steelheads are seldom seen there. The state undertakes to make reasonable regulations for the control of the fishing, and succeeds fairly well. The most serious trouble does not arise from that source, but from the manner in which the federal government steps in and monopolizes the stream in the maintenance of its fish hatcheries. These hatcheries are, of course, an essential feature of the fishing game, especially of that portion of the game that affects the commercial fisherman, but there seems no reason why it could not be maintained so that it would not so absolutely destroy the angling sport.

For years there were no adequate fish ways at the Golden Drift dam, and as a consequence the fish had great difficulty in ascending to the upper stream. Jackson county sportsmen had a legitimate protest there, and the fishways as now provided are adequate. But here the hatchery people step in and by making use of state and of private prop-

WASHINGTON, Nov. 14.—One hundred pounds lighter when he left the White House, but still no living skeleton, ex-President Taft called at the executive offices here today to pay his respects to President Wilson.

The latter let every other caller he had—and there were some distinguished personages among them—wait while he received his predecessor. The ex-president did not stay long, but the visit was a very pleasant one while it lasted, Taft congratulating Wilson warmly on his administration.

On leaving the executive offices the ex-president left his cards at the White House. He was in Washington to lecture before the National Geographic society.

PLAN TO UNIONIZE UNCLE SAM'S MEN

SEATTLE, Nov. 14.—Steps are being taken to unionize all civic employees in the United States under the wing of the American Federation of Labor.

Captain D. F. Ainsworth, San Francisco delegate to the convention from the Federation of Federal Service employees, is the leading spirit in the movement.

Ainsworth and others will address a mass meeting of civil service and navy yard employees here Friday evening. American Federation of Labor delegates are practically unanimous in favor of the proposed civil service union.

"We will introduce a bill in the next regular session of congress," said Ainsworth today, "calling for a minimum wage of \$5 a day for all persons in the civil service, or \$90 if employed by the month, or \$1080 if employed by the year."

Beilis has been offered a large sum to lecture in America, Mrs. Donovaski added, but she believed he would refuse.

TEN BODIES ASHORE FORM FREIGHTER ARGUS

PONT HURON, Mich., Nov. 14.—Ten of the crew of the Cleveland freighter Argus, five days overdue, were washed ashore near here today. The wrecks were broken from the Aransas and were positively identified by officials of the Pick & Mather Co., owners of the boat, which evidently sank with all on board.
