

MEXICAN REBELS CAPTURE JUAREZ CITY THREE AMERICANS KILLED IN BATTLE

VILLA SEIZES BORDER TOWN IN NIGHT ATTACK

Castro's Federal Garrison of 1500 Soldiers Surprised, Put to Flight and Many Killed and Wounded—Engagement Sharp and Decisive.

Casualties About 150 Killed and 300 Wounded—Foreigners to be Protected.

EL PASO, Tex., Nov. 15.—Descending suddenly on Juarez with 2500 followers at 2 a. m. today, General Pancho Villa, the rebel chief, drove out Colonel Castro's federal garrison of about 1500 soldiers, killing many and seized possession of the town.

Three Americans were slain in the fight. C. G. Sogge, a chauffeur, the only one identified, was sitting in his automobile in Juarez's main street when the rebels came tearing through the town and fired at them, thinking he was about to be attacked. He was riddled by a volley of return.

Details of the killing of the other two were lacking. It was supposed they were struck by stray shots, since General Villa expressed and showed his anxiety to protect the lives and property of foreigners.

The federals under Colonel Castro were taken completely by surprise.

Sized Troop Train
Villa, who had previously been active about Chihuahua City, captured the federal troop train between here and Juarez Friday morning. The opportunity it afforded for an unexpected descent evidently was too tempting for him to resist.

It was taken for granted here that he left one of his lieutenants in charge of the siege of Chihuahua City, but this could not be learned definitely, as the wires were cut.

Castro Captured
Colonel Castro, commander of the defeated federal garrison of Juarez, was not captured by the rebels, as was supposed earlier today. An El Paso merchant found him hiding under a bed in a little room at the rear of his store, and turned him over to the custody of General Scott, commanding the American border patrol. It could not be learned how Castro escaped from the Juarez police station, where he and his men took refuge during the fight.

**BOMB'S FIZZLE SAVES
COLLECTION OF PLANTS**

LIVERPOOL, Nov. 15.—A suffragette bomb, unexploded because its fuse had fizzled out, was found today in the Palm house, Netton Park. Had it exploded, it would have ruined an almost priceless collection of plants.

A suffragette threw first a tomato and then a hammer at Justice Lawrence as he was presiding at the Old Bailey trial of Rachel Pearce, a suffragette accused of arson.

**WEST'S MEN RAID
ASTORIA TENDERLOIN**

ASTORIA, Nov. 15.—Fourteen women and seven men were arrested here early today in a raid on the "red light" district by two special agents of Governor West, aided by Sheriff Burns, Police Chief Kearney, County Attorney Mullins and a number of patrolmen.

The governor's agents have been investigating moral conditions.

WELL KNOWN SOCIETY GIRL RECENTLY WED

The wedding of Miss Susanne Howell Carroll, a descendant of one of the signers of the Declaration of Independence and well known in society in Baltimore and New York, as well as abroad, to Major John Philip Hill, United States District Attorney of Baltimore, Md., and a member of the Society of the Cincinnati, took place recently.

WEST THREATENS MARTIAL LAW TO ENFORCE ORDER

SALEM, Ore., Nov. 15.—That should press dispatches to the effect that certain citizens of Florence last Friday deported several I. W. W.'s from that city prove true, he will put it under martial law and keep it so until the laws are enforced and all citizens are assured equal protection under them, was the declaration made today by Governor West. All during the day the governor has been endeavoring to obtain the exact facts as to the deportation and he stated that he probably would proceed to the scene within a few days and make a full investigation of conditions.

"If through a failure of local officials to enforce the laws mob rule prevails the city will be put under martial law and kept so until I have assurances that the laws will be enforced and all citizens receive their equal protection," said the governor in discussing the subject.

"I am not in possession of the facts, but merely state what will happen if unconfirmed reports are true. Those who engage in such practices know not what they do they are tearing away the very vitals of established government and paving the way for retaliation on the part of their victims and their sympathizers."

SPRINGFIELD DRY RULES CIRCUIT COURT

EUGENE, Ore., Nov. 15.—Judge Harris in the circuit court today denied a temporary injunction in the case of T. C. Luckey against the county commissioners seeking to enjoin the defendants from declaring that prohibition exists in Springfield after January 1 and the commissioners issued the order.

NEW CONGRESS SCHEDULED TO CONVENE TODAY

Despite Wilson's Refusal to Recognize, It Is Expected Body Will Be Organized—Huerta's Resignation Expected, But Maintains Silence.

Dictator Anxious to Reopen Negotiations With Lind, But Is Denied Chances to Spar for Time.

WASHINGTON, Nov. 15.—Despite President Wilson's refusal to recognize it, Mexico's new congress was scheduled to meet today.

President Huerta had disregarded all pressure brought to bear on him to dissolve the body, but it was the belief here that the lawmakers will attempt no action beyond declaring that neither the president or vice-president were chosen at the recent election, questioning the legality of their own assembly and calling a fresh election.

The Washington administration was admittedly expecting news hourly that President Huerta had resigned. It did not credit reports that General Blanquet would succeed him. It was believed a satisfactory selection would be made.

Reports continued to reach here of successes by General Carranza of the rebel army. It was said the number of his men had increased ten per cent since conferences began with William Bayard Hale.

Messages from Mexico all indicated that Huerta was extremely anxious to reopen negotiations with Lind. The administration was convinced, however, that all he really wanted was a chance to spar for more time. For this reason it remained steadfast in its determination to hear nothing further from the dictator except that he had laid down his office.

If it is true that Sir Lionel Carden told Huerta yesterday that England endorsed America's Mexican policy, government officials said everything was practically over.

WRECKED VESSEL PROVES C. PRICE

DETROIT, Mich., Nov. 15.—Identity of the steamship on the rocks north of Port Huron, bottom upward and mostly under water, was established today as the Charles Price, one of the vessels hitherto unaccounted for. A diver read the name on a plate. Whether another vessel lay underneath the Price he could not determine.

The number of men drowned in the recent storm was placed today at approximately 285. The latest loss accounted for was that of the tug Tempest, which sank with a steel barge it was towing, resulting in the death of both crews, totaling 21.

"Happy Fanny Fields," the noted actress, is to retire from the stage at the beginning of next year to marry a New York physician.

U. S. BATTLE SHIPS ADMIRED IN MEDITERRANEAN PORTS.

The American fighting craft are creating a favorable impression in the Mediterranean port at Marseilles. Naval Attaché Commander Henry Hough went aboard the Vermont on her arrival and accompanied Captain George W. Kline, of the Vermont, to the United States Consulate, where he was received by the Consul General, Mr. Gaulin. The transport Orion attracted much curiosity owing to her size and her up to date facilities. When the United States battle ship Wyoming, the flagship of the fleet and the largest war ship ever seen at Malta, entered the harbor she saluted the British flag with twenty-one guns. Thousands of persons on the waterfront and the battlements cheered as the fort answered the salute. The American Consul, Mr. Lang, called on Rear Admiral Badger, who later called on the British Admiral Carden.

HUERTA ORDERS RETURN AT ONCE OF ALL SOLDIERS

VERA CRUZ, Nov. 15.—That President Huerta had ordered the immediate return to Mexico of all Mexican soldiers abroad was reported here this afternoon.

Another report was that Huerta's family would arrive here soon and embark at once on the steamship Fuerst Bismarck.

One hundred American families from the interior began arriving today bound for the United States.

The Pearson companies ordered all their employees in Mexico City to report here tomorrow.

EGGS 65 CENTS DOZEN NOW IN PORTLAND

PORTLAND, Nov. 15.—The retail price of eggs took a leap of ten cents today and were selling at 65 cents a dozen, the highest mark on record here. Merchants believe the price will mount still higher, as no new stock is arriving.

NEGRO BURGLARS FLOGGED AT POST DELAWARE PRISON

WILMINGTON, Del., Nov. 15.—Bound tightly to a whipping post, Wm. Reason and James Bayard, negro burglars, were flogged in the state penitentiary here today, before 24 spectators. Warden Leonard Crawford gave each man 20 lashes.

The two negroes suffered silently, though the flesh on their backs quivered from the punishment. Reason was taken to the jail yard at 10:20, and seven minutes later both men had been flogged, the punishment inflicted for attempted burglary.

Both Reason and Bayard's hands were manacled above their heads on either side of the pillar. Warden Crawford used nine leather thongs, each two feet long, attached to a wooden handle.

LOS ANGELES, Nov. 15.—Found guilty almost at the same hour of first degree murder, Burr Harris, a negro, who killed Mrs. Rebecca P. Gay, a Christian Science practitioner, and Louis A. Larson, a barber, who murdered his wife, will be sentenced Tuesday. The death penalty will be imposed on both.

NO PROSPECTS OF EARLY ENDING OF STRIKE ON ESPEE

WASHINGTON, Nov. 15.—Commissioner Hanger of the federal mediation and conciliation board, said this afternoon that there seemed no prospect of an immediate settlement of the strike on the Southern Pacific's Sunset route. The board, he added, would continue its efforts, but he would not divulge the result of his conference with the Southern Pacific officials. The commissioner's announcement came as a deep disappointment, a report having previously circulated that arrangements were likely for a prompt resumption of work pending a settlement.

President Wilson has received many messages from Louisiana and Texas interests begging him to do all in his power to terminate the tie-up which threatens ruin to great industries.

ELECTRIC STATION AT PORTLAND DEPOT

PORTLAND, Nov. 15.—D. W. Campbell, general superintendent of the Southern Pacific and Portland, Eugene and Eastern electric railway, has announced today that train sheds, waiting rooms and ticket offices for the latter road will be built immediately south of the Union station here. The Portland, Eugene and Eastern will begin operating between Portland and McMinnville about January 13.

The trains of the road will be accommodated at the union station until traffic justifies the erection of a central station nearer the business district.

34,000 WATCH PRINCETON TIE WITH YALE 3-3

Crowd Begs for One Punch to Decide Supremacy, But It Is Lacking—Only Scores Made by Droppicking Field Scores.

Blue Backs Outrushed Princetonians Two to One—Yale Line Never Endangered.

NEW HAVEN, Conn., Nov. 15.—Thirty-four thousand wild-eyed bulldog and tiger rooters begged this afternoon for one punch to decide the supremacy between the Princeton and Yale football squads, but the game ended in a 3 to 3 tie. Blocked in final efforts to put over a final wallop on land, both squads took to the air, and the toes of Guernsey and Baker delivered, each droppicking a field goal.

Guernsey registered a first goal and then in the next period Hobe Baker stood on Yale's 48 yards line and shot a long twister between the Yale posts, saving the Tigers from defeat.

The Yale spirit was there and the bulldog fought the tiger to a standstill. The Blue backs outrushed the Princetonians 2 to 1.

The Yale line never was endangered, Yale in the final stanza putting the ball on Princeton's three yard line and keeping the Tigers on the defensive.

Princeton showed less today on a dry field than it did on a muddy field in last Saturday's game with Harvard. Yale coaches asserted this afternoon that the Yale team has a good chance to win from Harvard when the two teams clash.

Football Finals
Carlsle, 35; Dartmouth, 10.
Colgate, 23; Syracuse, 13.
Cornell, 10; LaFayette, 3.
Navy, 10; Pennsylvania State, 0.
Georgetown, 8; Virginia, 7.
Michigan, 13; Pennsylvania, 0.
Colgate, 35; Syracuse, 13.
Chicago, 13; Minnesota, 7.
Army, 55; Villa Nova, 0.
Iowa, 45; Ames, 7.
Michigan Agies, 19; South Dakota, 7.
Illinois, 0; Purdue, 0.
Northwestern, 20; Indiana, 21.

TERRIFIC GALE RAGES IN ALASKA

KETCHIKAN, Alaska, Nov. 15.—Terrific gales that have been sweeping the coast of Alaska for the past week are believed to have caused a great amount of damage and possibly loss of life.

The Pacific Coast Steamship company's steamship Meteor was blown from her dock at Rose Inlet, carrying a part of the deck with her. The steamship Bertha had a narrow escape from drifting on to Point Camano, while traveling at full speed.

JOHNSON APPOINTED WARDEN AT SANQUENTIN

SAN FRANCISCO, Nov. 15.—The state prison board today accepted James A. Johnston's resignation as warden of the Folsom penitentiary and immediately appointed him to the wardenship of San Quentin, from which John E. Hoyle retired a few days ago. He will assume charge of the larger prison tomorrow.

Folsom will remain temporarily under command of Captain of the Guard J. J. Smith.

MEXICAN BORDER TOWN CAPTURED BY REBEL GENERAL BY NIGHT ATTACK

VIEW OF JUAREZ
