BRIBERY CHARGED IN COL-LECTION FOR ROAD WORK

NEW YORK, Dec. 2.—Madison Aldrich, a Poughkeepsie contractor, testified at District Attorney Whitman's John Don inquiry today that he had been forced to give up \$1500 as a condition to getting his pay from the state highway department for a road completed during Highway Commissioner Reel's administration.

He paid the money in cash in New York, March 21, 1912, he said, to Thos. Hassett, secretary to John Benson, then state engineer. Hassett has disappeared.

Aldrich said he gave the money on the representation that Deputy Highway Commissioner Charles Foley demanded it. Aldrich said he received his long delayed pay March 23, came here March 26, and paid \$1500 cash to Hassett.

"Why did you pay him in cash," asked Whitman.

"I thought that was the way to transact that sort of business," Aldrich replied.

"Business of bribing public officials?"

"Well, if you want to put it that way, yes," was the reply.

Aldrich further testified that in 1911 he made a further campaign contribution to the democratic party through Consulus, which never was reported. Consulus, who waived immunity, developed a poor memory when questioned.

FRANCES AND FLORETTE, WITH ANNA HELD AT PAGE DEC. 4.

FINISHED DANCERS WITH ANNA HELD SHOW NEW STEPS

Probably the most advanced, artistic and finished dancers on the American stage today are "Frances and Florette," featured among the headliners of the celebrated "Anna Held All-Star Variete Jubilee," which comes to the Page December 4.

Good dances, fancy dances, new style dances have become a much-sought after pleasure—a "fad." In New York and the far Eastern cities a society man or girl is not considered normal unless they are "up" on the latest steps. The debutante, the buds of New York society, the actresses, whether she be vaudevilian or tragedian, the rich girl and the poor girl, alike possessing youth, are all eagerness to "get on" to the new dances. We have no better interpretations, no better portrayal of both

"CASCARETS" RELIEVE SICK, SOUR STOMACH

Move Acids, Gases and Clogged-up Waste From Stomach, Liver, Bowels—Cure Indigestion

Get a 10-cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, belating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. I isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10 cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

Coffee

What has happened to coffee when it's stale?

It has given off part of its flavoring essence—like perfume in an uncorked bottle; and the rest has been tainted with foreign odors.

The only way to keep coffee fresh after roasting is to pack it promptly into aroma-tight cans—sa is done with Schilling's Best.

Preserved in its aroma; cleanly granulated; 1 lb. 2 lb and 2 1/2 lb cans—moneyback.

My Prices

Do not get the idea that my charges are high just because I produce a higher grade of work than you will ordinarily get.

My glasses are good and dependable because there is scientific knowledge back of them, but they are well worth the price.

There is a difference—all in your favor.
