FEDERAL GRAND JURY INDICTS 25 STRIKE LEADERS

DENVER, Colo., Dec. 2.—Twenty-five leaders of the United Mine Workers of America today stand indicted by a federal grand jury at Pueblo in connection with the southern Colorado coal strike.

International President White, Vice President Hayes and Treasurer Green were charged with maintaining a labor monopoly. John Lawson, a member of the district board, and Adolph Germer, Robert Ulich, A. B. McGarry, James Morgan, Charles Bailey and Edgar Wallace were charged with conspiracy in restraint of trade. All were expected to furnish bonds today.

Fifteen other leaders were indicted, but their names will be withheld until the arrests are made.

The grand jury's report denounced both the miners and the operators. It alleged the methods employed by the union were "an insult to conservative and law-abiding labor; that agitators have armed irresponsible aliens and created open insurrection in southern Colorado, and resorted to other methods which all fair-minded labor organizations have repudiated."

The grand jury report also charged that the operators were financially interested in the saloons, control county peace officers and had expelled from the camps all miners who had complained of real wrongs.

BRAND WHITLOCK MINISTER TO BELGIUM

WASHINGTON, Dec. 2.—President Wilson this afternoon will nominate Brand Whitlock of Toledo, Ohio, as minister to Belgium. Mayor Baker of Cleveland, one of the original Wilson men, requested the nomination and it was understood that all opposition to Whitlock's confirmation has been removed.

ASK PRESIDENT FOR USE OF PUBLIC SCHOOLS

WASHINGTON, Dec. 2.—At the request of Miss Margaret Wilson, daughter of the president, representatives conferred at the White House last night for the purpose of getting the use of the city's schools for public meetings.

FEDERALS EVACUATE CHIHUAHUA CAPITAL

JUAREZ, Dec. 2.—Chihuahua City, capital of Chihuahua state, has been evacuated by the Mexican federals, according to rebel advices received here tonight. The troops are reported to have been started out.

The evacuation leaves the city open to rebel possession. The report says Salvador Mercado, the military governor, with 200 federal troops left on foot for Ojinaga, on the border near Maria, Texas and General Jose Inez Zalazar and Pascual Orozco with over 1000 federals retreated to the mountains west of the city, and hundreds of civilians, including women and children who were on the verge of starvation, started to walk to the American border. Chihuahua, with a population of normally 35,000 is the metropolis of northern Mexico.

General Villa tonight telegraphed the details of the evacuation to Carranza at Hermosillo saying the proposed advance toward Mexico City would be expedited.

"The report of the capitulation of Chihuahua is authentic," said Villa. "It came in an official dispatch which said the city was evacuated Sunday. I will send a force to intercept Mercado and also to capture Orozco and Zalazar. We will be nearing Mexico City within a month."

MUNICIPAL EXTRAVAGANCE.

THE city tax levy of last year was 9.9 mills, on a valuation of \$5,982,817, yielding \$59,229. For the present year the levy, as recently fixed by the city council, is 12 mills on a valuation of \$5,502,522, yielding \$66,030.

Out of this year's revenues were paid the extra expenses incurred in constructing the Bear Creek bridge approaches and the removal and construction expenses of the Jackson street bridge.

Notwithstanding the fact that no extra expenses are to be met this year, except the needless purchase of the Little Butte ranch, and the money spent this year in bridge construction saved, the council has increased taxes approximately \$7,000.

This increased taxation is unjustifiable at the present time. Instead of figuring upon spending more of the taxpayers' money, the council should be practicing economy and spending less. The levy should have been \$7,000 lighter instead of \$7,000 heavier.

The minimum fixed salary list of city employees is given by the city recorder as \$35,100. To this must be added extra police and extra men employed in the street and other departments. A glance through the list reveals many possible economies, savings that any man would make in the conduct of his own business, and that there is no excuse for not having made in the conduct of the public business since the first of the year.

The city pays a city engineer \$150 a month, with practically no engineering to be done. It pays a street commissioner \$100 a month, an assistant street commissioner \$75. What is the need of two? It pays an electrical inspector \$75 a month, a plumbing inspector \$75, with scarcely anything to do in either office. It provides a water superintendent at \$125 a month, two assistant water superintendents at \$90 each in addition to the reservoir caretakers and day labor. In addition to this it runs and maintains two automobiles for official use—which includes trips by councilmen to Crater lake and fishing trips to the Rogue at public expense.

Business methods would abolish all these offices, make one man city engineer and superintendent of public works, giving him general charge over all these departments. He should direct all work, and employ needed assistants. One automobile is sufficient and it could be kept in repair by the firemen, who would be glad of occupation that does not interfere with their duties. Only necessary street work should be done and the payroll kept down. These economies would save 50 per cent of the present payroll.

The police department does not need to be kept at the same strength that it was during the days when a million dollars a year was being spent in public improvements, half as much more in other works, and floaters from all sections drifted here. One day man and two night police ought to be sufficient to handle the situation. There are now four on the regular force and always an extra or two. If experience proved the need of additional police they could be added.

A close scrutiny would probably reveal economies that could be made in other departments, were business methods employed—the intent being not to be parsimonious or cripple the public service, but to be as economical as possible.

As the city does not secure economy under a salaried mayor and council, but instead gets increased taxation to support superfluous officials, a return to the old methods, whereby leading citizens regarded it an honor to serve the community and gave freely of their time without remuneration, should be tried. Taking the salaries off, which are not sufficient to be an object to the class of citizens desired, would result in a saving to the taxpayers of \$2,200 a year, or half a mill of the tax levied—and every half mill counts these days.

It would be interesting to know what the council plans to do with the extra money sweated out of the taxpayers—probably name a few more superintendents with little or nothing to do.

Water With Radio Activity

HOT LAKE SPRINGS, Ore., Dec. 2.—Pitchblende, the substance from which radium is obtained, is an oxide of uranium. Uranium is a metallic element.

Pitchblende is spelled as one word and as two. Sometimes it is used as a hyphenated word. However, Webster gives it as one word.

Much interest has been created in pitchblende because of the wondrous cures of its product—radium.

Water which passes over a deposit of this oxide becomes highly radioactive, and it is this radio-activity which gives the waters of hot springs their heat and efficacy. To be effi-

cient the water must be used in its natural state. If bottled it loses its curative properties, and in a little while becomes absolutely worthless. "Was because of tests made by government expert chemists that the agricultural department recently warned the public against the use of these waters except in their natural state."

This radio-activity is given the water by the emanations of the radium contained in the pitchblende with which the water comes in contact. "As these emanations which give the water the appearance of boiling—the gases produced bubbling to the surface."

The Sympathy Sponge

To the Editor:

Of all sad and deplorable figures on this earth's stage, it is the Sympathy Sponge. The men who have lost his pip and all grasp on life's activity because of a business failure that he has very narrowly lived for. The "it's all off" expression creeps over his brow, his eyes search the distant horizon, his voice drags, his walk lags, and his hands go deeper into his pockets, as he stands on the street curbing and waits for a companion with whom to exchange sad stories and absorb sympathy. He fails to see, or purposely leaves out the personal mistake that caused his awful failure. A mistake unacknowledged is never righted, and so he is on the downward road.

He who shrinks at the critical moment of the game, because he does not know it is the critical moment,

loses the short chance of victory, but by seeing his mistake and making an immediate change of attitude, there is still a chance, with redoubled effort, to win the day. But, if instead, after noting the mistake he recoils into the grouch habit, there is little hope for his prosperity, and he can usually be seen pointing the finger of scorn at the successful and crying unfair.

Sympathy is sweet, but in time of need will not be poured out in round dollars and cents to any man with

two strong hands and good health; nor will it acknowledge business ability made useless by stagnation. The man who acquires the "down and out" attitude has built his own tombstone, and consequently receives the sympathy of the dead.

A little tuning up mentally and a more liberal contribution to the common happiness would go a long way towards changing "Hard Times" for a few existing Medfordites, who because of their own misjudged calculations, lost their grip and are sliding down the road of failure instead of sighting the side paths that might help them to regain the main road to their seemingly lost fortune.

(Inspired by the few Medford Curbers.)

(A "would be" street sweeper.)

PENDLETON REJECTS COMMISSION FORM

PENDLETON, Ore., Dec. 2.—Commission form of government was defeated by 184 votes according to a complete count today of the votes cast in yesterday's election. W. F. Matlock was re-elected mayor and Lee Moorhouse re-elected treasurer without opposition.

Don't Be Misled If You Have Lung Trouble

If you have Lung Trouble, do not be misled by reports of diseases of the chest to relieve that affliction. No specific has as yet been found. Eckman's Alternative is a specific for throat and lung troubles which has been successfully used in many cases. If you are sick, it might be wise for you to invest in its merits and its use may be of lasting benefit to you.

223 Seventh Ave., New York.
"Gentlemen: Five years ago last August I was taken to St. Francis' Hospital to be treated for Bronchitis and congested lungs. After several weeks' treatment I was advised by the doctor to go to a sanatorium near Laguna, but could not be admitted because the doctor at the hospital, after a thorough examination, declared my case Lung Trouble, and gave me a certificate to that effect. I showed the certificate to Father Mark, and he advised me to take Eckman's Alternative. I took the Alternative faithfully as directed, and soon found myself free from night sweats and fever, and gradually got better. I have not taken the Alternative now for two years, and can truthfully say I am well. I feel better and am stronger than before my sickness."
(Address: MARY KOLHAMEL, (above abbreviated; more on request.) Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat, Lung, Asthma, Bronchitis, Whooping Cough, Stomach Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratories, Philadelphia, Pa. for evidence. For sale by all leading druggists.

New Way to Make Apple Dumplings

Served With Hard Sauce or Cream and Sugar

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.
Here is a new way to make apple dumplings that will surely please every housewife, for it is not necessary to have whole apples, and the juice cannot run out and burn as with apple dumplings where the apple is placed in the center and the dough turned up around it. The biscuit part forms a crispy shell that holds the apples and juice.

E C Apple Dumplings
One and one-half cups sifted flour; 1/4 teaspoonful salt; 3 level teaspoonfuls K C Baking Powder; 1/4 cup shortening; about 1/2 cup milk; apples.

Fill the cups of a buttered muffin pan with pared and sliced apples, sprinkle with salt and turn two or three tablespoonfuls of water into each cup. Sift together, three times, the flour, salt and baking powder; work in the shortening, and mix to a soft dough with the milk. Drop the dough from a spoon with the apples in the cups, giving a smooth exterior. Let bake about twenty-five minutes. Invert the pan on a large serving-dish. Put a spoonful of hard sauce above the apple in each dumpling and finish with a grating of nutmeg.

This is only one of the many new, delicious and appetizing recipes contained in the K C Cook's Book, which may be obtained free by sending the colored certificate enclosed in every sheet of K C Baking Powder to the J. I. Case Mfg. Co., Chicago. Be sure to get the latest and smallest size do not contain Cook's Book certificates.

How to Make Better Cough Syrup than You Can Buy

A Family Supply, Saving 50 and Fully Guaranteed.

A full pint of cough syrup—as much as you could buy for \$2.50—can easily be made at home. You will find nothing that takes hold of the ordinary cough more quickly, usually conquering it in side of 24 hours. Excellent, too, for spasmodic croup, whooping cough, bronchial asthma and bronchitis.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 3 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

This is just laxative enough to help relieve a cough. Also stimulates the appetite, which is usually upset by a cough. The taste is pleasant.

The effect of pine and sugar syrup on the inflamed membranes is well known. Pinex is a most valuable concentrated compound of Norway white pine extract, rich in gualic acid and other natural healing pine elements. Other preparations will not work in this combination. This Pinex and Sugar Syrup remedy has often been imitated, but the old successful mixture has never been equaled. It is now used in more homes than any other cough remedy.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

The Joy Of Coming Motherhood

A Wonderful Remedy That is a Natural Aid and Relieves the Tension.

Mother's Friend, a famous external remedy, is the only one known that is able to reach all the different parts involved. It is a penetrating application after the formula of a noted family doctor, and relieves every muscle, nerve, tissue or tendon affected. It goes directly to the strained portions and greatly but safely relieves all tendency to soreness or strain.

By its daily use there will be no pain, no distress, no nausea, no danger of invasion or other accident, and the period will be one of supreme comfort and joyful anticipation.

To all young women Mother's Friend is one of the greatest of all helpful influences. For it relieves all the aches and pains, dispels all the doubt and dread, all sense of fear, and thus enables the mind and body to await the greatest event in a woman's life with untroubled gladness.

Mother's Friend is a most cherished remedy in thousands of homes, and is of such regular merit and value as to make it essentially one to be recommended by all women.

You will find it on sale at all drug stores at \$1.00 a bottle, or the druggist will gladly get it for you if you insist upon it. Mother's Friend is prepared only by the Brandeis Brothers Co., 117 Lamar Bldg., Atlanta, Ga., who will send you by mail, sealed, a very instructive book to expectant mothers. Write for it today.
