DAYTON INSTALLS COMMISSION FORM NEW YEAR'S DAY

DAYTON, O., Dec. 31.—Dayton will inaugurate its commissioner manager form of government tomorrow. Plans were completed today to celebrate the event appropriately. The operation of the system will be closely watched by civic experts and municipal authorities of the entire country because Dayton is the first city of any size to adopt the commissioner-manager form of government. Henry M. Waite, former city engineer of Cincinnati, is Dayton's "general manager."

Col. George W. Goethals, builder of the Panama canal refused an offer of \$25,000 to accept the post. Waite will receive a salary of \$12,500 annually, or \$500 more annually than is paid to the governor of Illinois, the highest paid executive of any state in the union, and \$2500 more than the governor of Ohio. There are but four other states besides Ohio which pay their chief executives \$10,000 a year. Politics do not figure in the city manager form of government. City Manager Waite an appointive officer, will in turn appoint every city official excepting, of course, the five city managers who were selected by the people.

The commissioners are George W. Shroyer, A. L. Mendenhall, J. M. Switzer, John R. Flotren and John A. McGee. Shroyer is mayor by virtue of having received a greater number of votes than any commissioner elected. There is no city council. Mayor Shroyer will merely preside over the meetings of the board of commissioners. Each commissioner receives an annual salary of \$1200. The mayor gets \$600 additional. Functions of city government under the commissioner-manager plan are divided into the departments of law, public service, public welfare, public safety and finance. City Manager Waite within the next few days will designate one of these departments for each of the five commissioners. Then he will appoint his city officials.

City Manager Waite will be the most powerful man in civic affairs in the United States. He will have full control. He'll be the "absolute boss." But the people are not worrying. As Waite was appointed by cause his political affiliations are nil.

ST. LOUIS, Mo., Dec. 31.—Frisco lines telegraphers will not strike. A secret agreement covering all details in dispute, including wage scale, overtime and operation, is expected to be signed today by the Frisco receivers and the grievance committee and the agreement made public. Both sides made concessions.

SPECK OF RADIUM VALUED AT \$4500 STOLEN OFF PATIENT

CHICAGO, Dec. 31.—A tiny speck of radium, weighing thirty-five milligrams, and worth \$4500, the whole supply of St. Luke's hospital, mysteriously disappeared from the body of a girl patient undergoing the radium treatment for cancer Monday, hospital officials admitted today. Detectives from an insurance company and from the police department have been unable to find it. The bit of mineral was placed in a tube one inch long by an eight of an inch in diameter and bound to a wound on the body of the girl patient, said to be a member of a wealthy Des Moines, Iowa family. When a physician examined the wound Monday night, the radium was gone. "A thief would find it difficult to dispose of it," said Superintendent Curtis today. "No one would purchase that amount of radium without finding where it came from. The location of all the radium in the world is definitely known."

ASKED FOR BREAD RECEIVED A BULLET

PORTLAND, Or., Dec. 31.—Declaring that he had fired in self-defense when attacked because he refused to yield to begging importunities, Edward E. Mitchell is under arrest today, charged with shooting and killing George Morgan, a sailor, on the streets in the North End district. Mitchell has but one leg. Before dying, Morgan said his home was at 4006 East Ninety-third street, Cleveland, O. He said he asked Mitchell for money with which to buy a meal, and was met with a volley instead.

Every Street in Medford

Has Its Share of the Proof That Kidney Sufferers Seek Backache? Kidneys weak? Distressed with urinary ills? Want a reliable kidney remedy? Don't have to look far. Use what Medford people recommend. Every street in Medford has its cases. Here's one Medford man's experience. Let C. C. Krebs, 33 N. Grove St., tell it. He says: "Judging from personal experience with Doan's Kidney Pills, I feel justified in recommending them. I suffered from a dull ache in the small of my back for months. The kidney secretions were also unnatural and at times retarded. Upon learning of Doan's Kidney Pills, I obtained a supply and began using them. The contents of two or three boxes entirely rid me of the trouble and improved my health. I know that Doan's Kidney Pills can be relied upon to give relief if taken as directed."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

UNCLE SAM PAYS WAY OF REFUGEES OUT OF MEXICO

MEXICO CITY, Dec. 25.—(By mail to New York.)—Here's the blank which American citizens, fleeing from Mexico, must sign before they receive assistance from American consuls: "I declare that I am an American citizen, a refugee on the steamer from my home in Mexico, and that at the present time I have with me \$—, and that the American consul at this place has furnished me with \$— and with ticket transportation from— to— which cost \$—, from funds placed with him by the department of state of the United States to defray the cost of my transportation to—or as temporary relief while in Mexico. My reason for leaving Mexico is—, I am employed by—, I am unable at the present time to secure funds from relatives or friends. This statement is made to secure relief."

But there are two sides to this refugee business. There was a time, it will be remembered, when the United States had no extradition laws with Mexico, and the American fleeing from justice in his home land, rushed into Mexico. There are some of him here yet. It may prove warm for him here, he knows; but it will probably prove warmer for him back home. So he remains. You can't tell this sort of a "stayer"—as Americans who won't go home are called—from the "stayer" who is sticking by his business simply because it is a rule of his life that he won't run from anything. Some of these stayers are successful business men; others of them are hangers-on in the various sporting establishments in Mexican cities. The "stayers" of this latter type took instant and insistent advantage of the offer of Uncle Sam to give them money and tickets to go home. They were the first to rush to the consular offices. Then most of them sold their free tickets and spent Uncle Sam's money in the casinos and gambling houses of Mexico. Some of them had the nerve to go back to certain consuls a second time, explaining that they had been taken ill and been forced to dispose of their tickets and money. It's safe to say that no American has been able to "graft" a second ticket home.
