FRESH AIR NEED OF YOUTH IN CITY PUBLIC SCHOOLS

In her talk yesterday afternoon before the social hygiene section of the Greater Medford club Dr. Stuart said: "I think it is criminal—simply wicked—to allow your young girls to sit for hours of each day—more hours than they spend anywhere else—in such rooms as the one I visited in the high school today."

"It took all my self control to enable me to stand up there for one hour in the hot, dry, vitiated atmosphere that is sapping their very lives, and to attempt to drive my brain to do its work. In an assemblage of perhaps one hundred girls I saw rounded shoulders, listless faces, dull eyes, pale anemias, some not overly clean looking, many overdressed, quite a few pretty ones, but pretty with a certain fragility suggesting a hot house plant, almost none of them with that bright, eager alertness, that comes from perfect health. And if that is the atmosphere in which they have spent most of the years of their life—air germ laden, vitiated and impure I do not wonder at their dullness."

"If we are to have hardy, healthy young women to become the mothers of the future, we must give them rational exercise in the open air, nine hours sleep a night, no candy between meals, and pure air to breathe at all times." Continuing, Dr. Stuart again emphasized her belief that the teaching of sex hygiene should be done by gradual steps, beginning with the lower plant life and following up through biology to the teaching of the functions of all parts of the human body. And this teaching should be done by the parent is Dr. Stuart's belief—but since the parent will not do it—that is the ordinary or usual—such teaching must be given by special instructors, and not given co-educationally but to each sex separately.

"The doctrine of 'hands off' when it comes to the familiarities of the two sexes is imperative," she states. "The girl must be taught that her person is sacred from baby hood up. And the boy must also be taught to respect her as such. The double standard of morality must go, as so many of our cherished beliefs do go into the discard, and the boys be taught as well as the girls and warned away from unspeakable quacks who fill their young minds with all manners of filth."

DUCK OPEN SEASON CLOSES TOMORROW

L. Alva Lewis, inspector for the biological survey bureau for the Pacific states, in a letter calls attention to a general error in the closing time of the duck and goose shooting season in Oregon under the new federal game laws. He says January 16, the closing date named by this law, is not included as an open day, and that the shooting really closes at sundown January 15. He says: "The closed season in Oregon and Washington is given as from October 1 to January 16 of the following year, but these dates are not inclusive, as is evident by regulation No. 7, which I quote as follows: 'For the purposes of regulations 8 and 9 (relating to closed season) each period of time herein prescribed as a closed season shall be construed to include the first day and to exclude the last day thereof.'"

"Therefore as the Federal laws make it unlawful to hunt from sunset to sunrise, the season on all water fowl, including brant, ducks and geese and also on rails and coots closes at sunset, January 15."

Weather Prediction Oregon—Rain west, rain or snow east portion tonight and Thursday, southeasterly winds, brisk near the coast.

THE CITY ELECTION

THE result of the city election indicates as plainly as possible that the people want a new deal in municipal affairs—and that economy and reduced expenditures are the order of the day.

No question of the honor or integrity of the old council was raised. Its business judgment and efficiency was questioned. But more than any one thing that contributed to the recall was the reception accorded popular petitions. It will be a long time before another council has the temerity to consign to the waste basket largely signed petitions of the people.

Now that the election is over, it is hoped all factions will accept the result philosophically and work together for the good of the community, its upbuilding and prosperity.

United, Medford can become a city—divided, it will retrograde.

Much beneficial advertising can be secured for Medford and the Rogue River valley if every person here will have printed on all letterheads and envelopes in conspicuous type the lines, "Medford, Gateway to Crater Lake," and "Buy your tickets to the Panama Exposition, 1915, via Oregon, and stop in Medford." These legends can be printed across all envelopes and on the top and bottom of letterheads and do much in familiarizing the general public with this section.

CARTER SEEKS G. O. P. NOMINATION FOR GOVERNORSHIP

PORTLAND, Jan. 14.—Attorney William A. Carter, formerly of Gold Hill, has announced his intention to seek the republican nomination for governor. "In announcing my candidacy, I do so after a full realization of what it means to aspire to the highest executive position within the gift of the people," said Mr. Carter.

"I am aware that others worthy of consideration will seek this nomination, but the contest should be a friendly one between those of the same political faith, all striving to accomplish the same political ends—the betterment of moral, social, financial and political conditions."

In outlining his policies, Mr. Carter said: "Believing that the will of the people should be supreme, I shall favor early action to prevent the legislature from repealing laws initiated and passed by the people. "If elected governor I will see that the laws are faithfully administered, shall shrink from no responsibility and endeavor to meet events as they arise with firmness, prudence and discretion. I believe that the law is the only efficient restraint upon the strong, and when impartially administered none are removed from its protection and none above its control."

"I favor such amendment of the parole laws as shall permit the court to make complete and ample restitution for the offenses committed a condition of the parole, thus making the law of equal justice to all. "I favor the utmost protection of the health of the people by the enactment of stringent pure food laws and their aggressive enforcement, and to prohibit the cold storage of food products for the purpose of maintaining high prices until such products have become unfit for use."

"I favor legislation for the promotion of agricultural, horticultural, mining and fishing industries of the state, the upbuilding of home industries by the participation of the state in the movement for the manufacture and sale of 'made in Oregon' goods; the development of it-lands by state aid in reclaiming logged-off, swamp and arid land, and by assisting in securing markets for land products."

"I favor development of higher citizenship by means of enlarging the school system. I favor proper legislation for construction of good, permanent roads. I favor further work in the making of laws for the safety and betterment of the condition of the laborer."

"As a candidate for the republican nomination, I know of no combination, cliques, scheme or heartaches in the party. I am not a party to such, if any there are," he declared.

F. E. FURRY IS ELECTED MAYOR OF PHOENIX

F. E. Furry was elected mayor of Phoenix at yesterday's election over John Cope by a vote of 68 to 58. A. H. Fisher defeated George H. Crop recorder 73 votes to 52, and A. Hearn was elected city treasurer without opposition. The contest for city marshal was close, Milo Murry winning from G. C. McClain by 69 votes to 59 with W. J. Beardsley third with 16 votes.

For councilmen, Ed Waterman won in the first ward and J. F. Pratt in the second ward without opposition. Ed Wilder won with 66 votes, J. A. Wright second with 51 votes and A. W. Short third with 29 votes.

LARGE TAKE OF SILVERSIDE EGGS ROGUE PAST YEAR

OREGON CITY, Or., Jan. 14.—The past six months have been some of the most successful for egg collecting the United States bureau of fisheries has ever had in this section of the country. To date the total collections of Clackamas and its sub-stations run over 62,000,000, with egg collecting still continuing for silver salmon at many of the field stations. The egg take is distributed as follows:

Table with 2 columns: Station Name and Egg Take. Includes Upper Clackamas station (967,200), Little White Salmon station (31,183,000), Rogue River station (3,523,000), etc.

The bureau has long felt that the capacity of many of its stations is inadequate for handling its large annual egg take, and for many years it has been the custom to turn over its surplus egg take to the state authorities to be hatched and liberated, but at present the department is taking steps adequately to care for all of its collections.

At the present time a large flume is being constructed, 3000 feet long three feet wide, two feet deep, with a 19-foot fall in the distance at Little White Salmon station, which will give that station one of the largest and best water supplies of any salmon hatchery in the northwest; also an efficient pond system is being worked out for the feeding and rearing of young salmon.

Extensive improvements have been made at the other stations along the same line. During the present season, to relieve the congested condition, 4,537,000 chinook salmon eggs were shipped to Seufert Bros.' cannery, Seufert, Or., and a battery of fifty troughs constructed at Fifteen Mile creek, the eggs hatched and fry liberated into two fine lakes constructed by F. A. Seufert for the purpose.

REAL BALL FANS IN POSTAL SERVICE

LOS ANGELES, Cal., Jan. 14.—Hats off to the postal service—it boasts real baseball fans! Bearing no direction other than a figure "6", two inches high, a letter written by a Chicago fan was delivered here today to Christy Mathewson, New York Giant pitcher.

Apparently a sorting clerk in the Chicago post office had no difficulty in determining that the letter was intended for "Big Six," one of Mathewson's cognomens. Knowing that Matty was wintering here, he penciled on the envelope "Try Los Angeles." Nor was there any delay in the Los Angeles office. The clerks here were ready with Matty's street address, and the letter reached the pitcher just four days after it was mailed.

RITCHIE'S SPRAIN AGAIN POSTPONES MURPHY BATTLE

SAN FRANCISCO, Cal., Jan. 14.—Owing to an injured ankle suffered by Champion Willie Ritchie, the twenty round contest scheduled for January 23 between Ritchie and Harlen Tommy Murphy has been postponed until January 30.

Ritchie strained his left ankle last Friday, but kept the fact secret until last night. Saturday the foot was so painful that he was unable to bear his weight on it, and upon the advice of his physician he decided to give the injured member the rest cure. The fighter kept to his bed Sunday and Monday, but yesterday his foot showed some improvement. Ritchie declared, however, that he did not want to take any chances with a permanent injury, and last night sent Harry Foley to acquaint Promoter Coffroth with conditions and to ask for a week's postponement.

"Does Ritchie really want to fight?" asked Coffroth. "Sure, he does," was Foley's answer, "but he can't train with an injured ankle. He will have to stay in doors until Friday, and a week would not be sufficient time for him to get into shape. If the match is postponed for one week everything will be all right."

Jim Buckley, Murphy's manager, was then sent for and informed of the facts. He was mad clear through and made no effort to conceal it.

"What are you trying to do?" he yelled, "keep Murphy and me here all year? We have been waiting around here for six weeks while Ritchie nursed his sore. Now it's his toe. All this delay costs money. Tommy could have had another week if we had known about this. Is Ritchie ever going to fight Murphy?"

"Give us another week," answered Foley, "and we will be ready." Buckley finally consented after much fuming, and new articles were drawn up by Coffroth. These were signed upon the same conditions that were to have governed the former match, the only change being that the forfeit was increased from \$2000 to \$5000.

BEAGLE BEAGLETS

Flora Staey is spending her vacation at her home here. We hear splendid reports of her school work and extend her our hearty congratulations. A goodly number of our people attended the dance given in Cooper's hall at Moonville Saturday night. We are pleased to hear splendid reports of the dances given by Mr. Cooper who seems to know just how to apply ice to the lawless and undecorous element.

John Higham was here recently soliciting subscriptions for the old reliable Oregon Journal. Odessa Staey has been confined to the house for some time with a severe throat trouble. We understand she is much improved at this time and we hope for her speedy and complete recovery.

W. W. Morrison and John Corum made a trip to Medford last week. From all complaints being given about missing hogs and young stock someone must be laying in a supply of meat in contemplation of a long period of hard times.

Mrs. L. M. Sweet made a trip to Central Point recently and was accompanied home by her sister, Lillian Marshall, who remained with her for a week. Sammy Marshall came for her Tuesday with his fleetfoot roadster.

M. H. Gordon has recently been reappointed postmaster for Beale. Cottrell Bros. were recent callers at Teh Sweet ranch.

Lane Wyland and family made a trip to Central Point and vicinity recently. Percy Chapman and Oja Rodgers took a pleasure ride to Agate and vicinity Sunday.

D. B. Russell has nicely recovered from his recent accident. Bowen and Croighton are making a splendid improvement in the looks of their ranch by clearing off the strip of land running along the Meadows road.

School commenced in the Antioch district Monday with Miss Edna Houston for teacher. Medford real estate dealers have been seen in this section several times of late. We wonder. John Rodgers of Agate was here recently repairing the fences on his ranch.

DILLON NOMINATED AS MARSHAL OF ARIZONA

WASHINGTON, Jan. 14.—The nomination of Joseph P. Dillon to be United States marshal of Arizona was sent to the senate today by President Wilson.

WEST DISSOLVES 700 CORPORATIONS SHY ON LICENSE

In pursuance of legal requirement, Governor West has issued a proclamation dissolving some 700 corporations which for the past two years have failed to pay a state license and to furnish the commissioner of corporations the statements required by law.

The list is a varied one and covers the entire field of human effort, from individual to collective; including mining companies with seductive names, land companies, irrigation schemes, investment companies, printing establishments, railroads, orchards, dairies, patent rights, hospitals, railroads, telephones and all those things which return a big revenue on a small investment.

In the list is the Antiseptic Laundry company, the Automobile college of Portland, the Bank of Seaside, the Bay City Land company, the Bandon hospital, the Banking, Savings & Loan association, the Rings Poultry & Pheasant company, the Burns Independent Telephone company, the Central State Bank, the Clackamas Hop Farming company, the Coos Bay & Oregon Central Railway Co., the Columbia Land & Irrigation Co., the Crater Lake Light & Power Co., the Deschutes Valley Land & Investment Co., the Farmers' Electric Railway Co., the First Savings Bank & Trust Co., the Grants Pass & Rogue River Railroad Co., the Hillsboro Water, Light & Power Co., the Hood River Apple Orchard company, the Independence, Siletz & Pacific Railway Co., the Mount Scott bank, the Mount Tabor Water company, the Nutless Improved Saw Handle company, the Odd Fellows' Building association of Rainier, the Ontario Townsite company, the Pay Well Mining company, the People's Co-operative company, the Portland ostrich farm, the Royal Order of Seals, the Sherman Farmers' Co-operative company, the Tillamook Public Service company, the Umatilla Railway & Electric Power Co., the Vale Social club and the Wage-Earners' Investment company.

DEATH AND DESTRUCTION IN BOSTON STORE FIRE

BOSTON, Jan. 14.—Fireman J. A. Hackett was killed, two others were seriously injured and \$50,000 was done in damage early this morning.

MOUNTAIN RUN MADE IN CADILLAC FROM GOLDFIELD

(From Los Angeles Times.) It is not generally known that it is possible with a good car to negotiate the Sierras at this time of the year, from Nevada and return, yet this is what was accomplished last week by A. H. Howe, an officer in the Nevada Consolidated, at Goldfield.

Leaving Goldfield last Saturday noon in a Cadillac, Howe made independence at night, a distance of 199 miles. Two hours was spent en route digging out of the deep snow, twenty miles from Goldfield. Toll House, in the White Mountains, an elevation of 8999 feet, is passed on this leg of the journey. This is about 2000 feet above the present snow level. Next day the journey was resumed and Bakersfield was reached Sunday night.

Howe made the trip through the Walker Pass, but encountered some very bad roads and a great deal of mud. He relates that in some places he found mud considerably above the running boards, and was sometimes compelled to back up and buck a great barrier of mud two or three times before getting through. He arrived at the Oakland Don Lee branch with his car in fine shape, but with about 500 pounds of Sierra mud.

Howe says he will return in about a week. He will take the Tehachepi Pass out of Bakersfield this time and through Jaw Bone Canyon at Cineo. He may drive to Tonopah and Salt Lake City.

Howe has nothing but praise for the 1914 Cadillac and claims that it is the best car he has ever seen, in snow, mud and sand. (Adv.)

John A. Perl UNDERTAKER Lady Assistant 28 S. BARTLETT Phones M. 47 and 47-32 Ambulance Service Deputy Coroner

by the fire in the Bacon department store here and an apartment house adjoining. With the temperature ten degrees below zero, 75 persons were driven into the streets in their night clothing.

Good Wood. If you want good wood, get it from Frank H. Ray.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You—Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

HORSES FOR SALE One span of bay mares, age 5 and 6 years, weight 2500. One span, mare and horse, age 7 and 8 years, weight 2549. One good all around horse, 8 years old. Large team, weight 2000. One well broke saddle horse. One gentle ladies' driving mare. One good ranch team. Can be seen at D. S. Litt's 33 N. Riverside

WANTED A NAME

To the lady or man suggesting the most appropriate name for our cigar and candy store by January 15, will be given a \$1.00 box of candy or \$1.00 worth of good cigars. We have purchased this store from A. M. Edwards, located at 134, corner Main and Central. We have a line of first class chocolates, other candies, chewing gum, nuts, fruit; also a big line of good cigars, cigarettes, tobacco and smokers' supplies.

Those entering in the contest address communications to 134 East Main and all must be in by Jan. 15, at 6 p. m. We would greatly appreciate the patronage of the public and will be glad to meet all our friends here.
