## FEDERAL PROBE CALUMET STRIKE BEGINS AT HANCOCK

HANCOCK, Mich., Feb. 9.—The congressional inquiry into the Michigan copper miners' strike was scheduled to begin at the city hall here this afternoon. Hundreds of miners were pouring into the town from all parts of the district to attend the hearings. About forty of them were to appear as witnesses.

Chairman Taylor announced that Lake Grant, a well-known Chicago newspaper man, would represent the federal industrial commission.

Members of the inquisitorial board said the hearings here would last about three weeks, as they have nearly 500 witnesses to examine, and that then they will go to Lansing to hear the stories told of the strike by Governor Ferris and other state officers.

The Michigan strike began July 23, 1913. The strikers demanded an eight-hour day, a \$3 minimum wage for miners, a \$3.50 minimum for trimmers, abolition of one-man drills and union recognition. Originally 16,000 men struck and 9000 are still out.

Michigan's entire militia, 2400 men, has been in the field.

It was estimated that the men have lost \$6,000,000 in wages and the employers \$10,000,000 through suspension of the copper mines.

The inquiry was provided for by the time by the eating resolution, adopted by the house of representatives in Washington January 17. The investigating body is a sub-committee of the house committee on mines.

The resolution specified the following subjects to be especially looked into:

Whether the postal service has been interfered with.

Whether the immigration laws have been violated.

Whether citizens have been arrested and tried in violation of the federal constitution and laws.

Whether agreements and combinations have caused conditions contrary to law for controlling the production, transportation and sale of copper.

Whether arms and ammunition have been shipped into the field to exclude the mine's product from interstate trade.

Whether peonage has or does exist.

If any or all of these conditions exist, what caused them.

It was expected the deportation of President Meyer of the Western Federation of Miners from Hancock would be thoroughly sifted out.

Miners officials said Meyer would be here to testify and the local authorities responded that, if he did, he would be arrested under a warrant charging him with conspiracy as would five others of the federation's national officers, similarly indicted.

Praise for Gold Dust.

The fame of the Gold Dust Twins has spread so far and their reputations have become so general that almost every mail brings to the N. K. Fairbank company, Chicago, letters of praise from tired housewives who have lightened their housework with Gold Dust.

"I want you to know and to thank you for your wonderful discovery of Gold Dust," said Mrs. Louis W. Batty, Hoopston, Ill. in a recent letter to the Fairbank company. "I could not keep house without it in my kitchen work, and washings are a hundred per cent lighter since using Gold Dust. When I first began keeping house I used all kinds of recipes for washing, but to no avail. I really thought I could never continue to do my washings under the old way of washing clothes until I tried Gold Dust. Now my washings are done in half, yes, less than half the time and they are clean, too, and I don't feel tired out as I did before. I often think that if you were going to stop making Gold Dust, I would be tempted to lay in a great supply to last forever."

"I am really thankful for the Gold Dust Twins and recommend it whenever I have the opportunity." 274

## INJURED IN EXPLOSION OF GAS AT PHOENIX

An explosion of gasoline in the furnace of the Rex Spray company at Talent Saturday night hurled Z. E. Johnson, an employe, aged 35, single, against the side of the building, burning the skin from his face and forearms. Skin grafting may be necessary. Johnson's condition is reported by Dr. E. R. Seely as satisfactory.

The accident occurred when Johnson, thinking he smelled escaping gasoline, opened the furnace door, the rush of cold air upon the heated furnace grates causing the formation of the gas, which exploded with a loud report. The property damage is about \$30.

## COLONIAL STOCK CO. OPEN SEASON AT PAGE

The Colonial Players opened their season of stock at the Page Sunday night in "The Traffic," one of last year's most lurid dramatic offerings on the white slave evil. All things considered, the company handled the play creditably and received applause and curtain calls often. The cast is well balanced and have more real acting ability than is usually found in a ten, twenty and thirty combination. However, they will have to overcome the fascination left locally by a week of Irish comedy, a half dozen chorus girls and liberal use of the slapstick.

## GARDNER CANDIDATE FOR COUNTY CLERKSHIP

County Clerk Gardner this morning filed his declarations of intention to run for re-election for the office he now holds upon the republican ticket, subject to the result of the regular primaries. Marlin McDohough has been mentioned by a number of friends as a candidate for the clerkship upon the democratic ticket.

## FRUIT ASSOCIATION HOLDS ANNUAL MEET

The annual stockholders' meeting and election of officers of the Rogue River Fruit and Produce association will be held Tuesday morning at 10 o'clock in the public library. The business progress of the last year will be reviewed and plans for the coming season discussed.

## ENFORCE SPEED LAWS AGAINST AUTOMOBILES

Four motorcycleists have volunteered their services without pay to Chief of Police Hittson. Their duties will consist of catching the speed of fellow-cyclists and autoists, and report the machine's number to the police. Warnings had been issued to autoists against violations of the speed laws.

Auto arrests are due for speeding on East Main street. Autoists, and in some cases demonstrators of new cars, delight in seeing how fast they can search off the east front of the bridge.

Hotels and lodging houses have made complaints that auto trucks in the early morning wake up their guests by leaving the mufflers open and needless tooting of shrill horns.

Chief Hittson announces that the ordinance covering this point will be enforced also.

## HUNDRED AWAITING WORK ON HIGHWAY

About a hundred unemployed men are in Medford and Ashland in the hopes of securing work on the construction of the Pacific highway. About 75 laborers have arrived since Saturday, and for the most part have a few dollars in their pockets. They gathered around the Commercial club this morning, and were willing to accept any kind of work. For the most part they are substantial looking workers. Many owners of teams in the valley are figuring on securing work. State Highway Engineer Rowley is due here Wednesday.

## SPLENDID SALE FOR PIRATES OF PENZANCE

So far there has been a splendid sale for the production of "The Pirates of Penzance" at the Page Tuesday and Wednesday nights of this week, and everything indicates the most successful of any of the enjoyable "home talent" performances that Medford has been so proud of in the past. The last general rehearsal has been held with complete company and orchestra and those who witnessed it say it will be hard to improve on it at the regular night performance. One of the special features will be the orchestra of ten men and Sullivan's sparkling music will be fittingly interpreted. This production is for a most worthy object and you will certainly get far more value than the price you pay for admission as the prices have been made very low. 50, 75 and \$1.00.

## JACKSONVILLE GRAPE JUICE FOR INDIA

The Jacksonville Conserving company has this week received an order from Calcutta, India, for three cases of their famous Rogue River grape juice with the prospect of additional orders in the near future.

The foreign residents in British India are large consumers of fruit juices of different kinds and their good judgment is evidenced by the order to our local factory.—Post.

## FINE CITRUS CROP.

California Has Banner Year—General Outlook Promising

CHICAGO, Feb. 9.—E. O. McCormick, vice-president of the Southern Pacific railway, in an interview today at the Chicago club, stated:

"I recently spent several days in the orange groves of Southern California. Growers estimate this season's shipments will amount to at least 40,000 cars of oranges. Weather conditions have been ideal and the fruit has matured perfectly. In fact, I have never tasted better oranges."

"Arrangements have been completed by the railroads to move the oranges in refrigerator cars, will insure the delivery of ripe fruit in perfect condition."

## FIVE-MINUTE CURE IF STOMACH IS BAD

When "Pape's Diapepsin" Reaches Stomach all Indigestion, Gas and Sourness Disappears

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unerring action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; nausea; eructations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.
