NO ELECTION CONTESTS FOR SUPREME COURT

SALEM, Or., Feb. 10.—Election contest cases are not appealable to the supreme court, according to an opinion handed down today by the supreme court dismissing the attempted appeal of J. R. Landon, who received a majority of votes for mayor of Woodburn last November, but was ousted in a suit brought by P. A. Livesey, on the ground that he was not a citizen of the United States. The opinion held that the corrupt practices act provides that contest cases shall be finally decided by the circuit courts.

MRS. PANKHURST AGAIN ARRESTED

LONDON, Feb. 10.—Mrs. Emmeline Pankhurst was arrested this evening as she was leaving her house in Camden Square, after addressing a throng of militant suffragettes from the windows. If, as reported, she was considering abandonment of militant tactics, her decision was evidently negative, for she warmly advocated them in her speech. Her arrest was under her old, unfinished sentence, on which she has been locked up repeatedly and as often released, by virtue of the "cat and mouse" act, when she went on hunger strike.

RITCHIE-MURPHY DATE IS APRIL 10

SAN FRANCISCO, Cal., Feb. 10.—April 10 is the date announced here today by Promoter James W. Coffroth for the long-delayed Willie Ritchie-Tommy Murphy bout. Whether this date will prove satisfactory to Ritchie, however, has not been ascertained. "Something might happen to Ritchie again," said Coffroth, for that matter, "or to Murphy, for that matter." I don't want to be caught with so late a date that I would have to forfeit the right to use that month's professional permit. I propose to have articles drawn up and will ask Ritchie to sign them, calling for a match on the evening of April 10.

JAPS ATTACK PARLIAMENT

(Continued from page 1) Rolling Class Dazed The anti-government display was, at any rate, unprecedented for Japan and the ruling class was fairly dazed by it. On all hands it was agreed that the inhuman taxation the people have had to endure since the war with Russia has finally exhausted the national patience. Even unskilled laborers' incomes have been taxed. Practically nobody and nothing has escaped. Estimates have been made that, including direct and indirect levies, the government has taken 50 per cent of every subject's earnings.

Millions Now Know MUSTEROLE

They used to put up with the mums and the boiler of mustard plasters. For after all, nothing gave such immediate, such lasting relief as the old-time mustard plaster. It smarted, and blistered like all get-out, but it surely did the work. Science now has combined the amazingly curative properties of mustard with other ingredients into a wonderful ointment. It is called MUSTEROLE. And it does what mustard plasters used to do, without the plaster, and without the blister! You just rub MUSTEROLE in. That's all. Then watch how soon the pain goes scotching. How the cool,

VON DER HELLEN NOT CANDIDATE FOR GOVERNOR

State Senator H. Von der Hellen stated today that he was not a candidate for governor, as has been reported, but would probably be a candidate for re-nomination as state senator. W. I. Vawter states that he will not be a candidate against Senator Von der Hellen, but should the latter decide not to make the race, will, at the request of many business men, become a candidate. There is a feeling that Jackson county should send the strongest possible delegation to Salem this year. The names of E. V. Carter of Ashland, D. W. Stone of Willow Springs, W. H. Gore and P. J. Neff of Medford are among others suggested. Owey Patton and J. W. Summer-ville are both avowed candidates for the democratic nomination for sheriff today.

Health Restored by Eckman's Alterative

Glandular trouble, very frequently diagnosed by physicians as "Tuberculosis of the Glands," has been found to yield to Eckman's Alterative when other treatments did not bring relief. Eckman's Alterative is a medicine which during the past fifteen years has brought about many recoveries even in a number of supposed incurable cases. Headache, "Stomach" in March, 1913, for one pronounced by one "Tuberculosis of the Glands" and another of operations in a hospital found to benefit him. In the meantime a friend of mine noticed Eckman's Alterative. He has it in his stock, were still even sold in a hospital condition when I started to take it. After using two bottles I found I was cured. I was able to sleep at night, and was able to go to work. I was cured in 1913. On November 11, 1913, Eckman's Alterative was used in a hospital and was used in a hospital.
