KINDER ORDERED TO LEAVE HOME FOR USE OF WIFE

Another chapter in the troubles of the R. W. Kinder family was written Tuesday afternoon when Judge E. M. Calkins of the circuit court issued a temporary order giving Mrs. Kinder control of the home place on Griffin creek and restraining Kinder from interfering with or being on the place without the permission of Mrs. Kinder. It has been arranged that he will leave before the sun goes down tonight. The final decision in the divorce proceedings were taken under advisement.
The temporary order provides that Mark and Marion, the two youngest boys, who have always sided with their father, be allowed to remain on the place as long as they behave themselves. The care of Alta, the youngest child, is given to the mother, but it is left optional with the two boys. Owen can do as he sees fit.
The court in issuing his order lectured both sides and said he hoped they would be able to reach some agreement and provide a home for themselves and children without jangling.
The trouble introduced was similar to that told to Prosecutor Kelly, when the trouble broke out ten days ago. The only new evidence was that one of the younger brothers testified that if he had been present when his father was jabbed in the neck with a pitchfork he would have shot Owen.

UNDERWOOD ASKS PUBLIC LAND GRANT FOR ALASKA ROAD

Representative Payne of New York called the measure "the most radical and socialistic doctrine the democrats had yet attempted."
The Alaska railroad bill passed the senate several weeks ago.

A case has just come to our attention from St. Augustine, Fla. Mrs. W. B. Mamoy had suffered for two years from nervous prostration and indigestion. She had no appetite and was miserable. After trying different medicines and doctors without benefit she saw Vinol advertised and tried it. Her appetite returned, nervousness disappeared and she was soon strong and well as ever.

Whatever the cause, we want to say to every person who needs strength, you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.
The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.
But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.
A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.
