

OVER 5000 CORDS BUTTE FALLS WOOD BURNED IN CITY

Since the commencement of last fall's wood business in Medford the Pacific & Eastern railroad has hauled over its line from Butte Falls to Medford more than 5000 cords of firewood, and there are still several thousand cords along the right of way, near Butte Falls, to be brought down.

Last season the total amount of wood hauled to Medford over this line was not to exceed 4000 cords. This increase in the consumption of 1000 cords more of a home-grown wood product in a single season must be encouraging to the timber men of the Butte Falls section.

All things being equal, as to price and quality, every resident of Medford should buy Jackson county grown wood.

Irrigation with Electric Power

Irrigation by Electrically driven Pumps is **Economical, Reliable and Efficient**—and excels any other form of Power.

Motors may be driven day and night if desired, with no other care than an occasional renewal of oil.

To start, it is simply necessary to throw a switch.

If you have a source of water supply from Well, Creek, Pond or River, you can Irrigate by Electric Power and have **water** when and where you want it.

Our Power Lines cover a large portion of Jackson and Josephine Counties and we are constantly making new extensions.

Sick Women Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of **Lydia E. Pinkham's Vegetable Compound**.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIE WATERS, 1135 Knight St., Camden, N.J.

And this one from Mrs. Haddock:

UTICA, OHL.—"I was weak and nervous, not able to do my work and scarcely able to be on my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—Mrs. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
