

DISAPPOINTED IN LOVE, DROWNS SELF IN ROGUE RIVER

GRANTS PASS, Or., Feb. 16.—The body of the man found floating in the Rogue River near the mouth of Taylor creek has been identified as that of Ed Sappe, a young man 24 years of age who disappeared from this city on December 10. Sappe had been disappointed in a love affair and from remarks made by him just previous to his disappearance it was feared that he had committed suicide, and search had been made for him by his friends. Sappe leaves a brother and other relatives in the Galice district, where he had been employed in the mines.

Sappe came to this city on December 8, registering at a local hotel. He had been infatuated with a young lady of this city for some time, but claimed that she had at last refused to keep her promise to marry him. Sappe, it is alleged, sought legal advice in an effort to bring about the marriage, and the young lady's father also sought the advice of County Attorney Miller to get Sappe to discontinue his attentions to the girl.

STEERS \$7.70 TO \$8
HOGS \$3.50 TO \$8.60
SHEEP \$3.50 TO \$4.75

PORTLAND, Feb. 16.—Receipts for the week have been cattle, 1276; calves, 3; hogs, 3403; sheep, 6102. In the cattle division bulk of best grain fed steers offering sold from \$7.70 to \$7.85 and one load \$8.00. Not much choice, hay fed stock was in evidence. Butcher cattle trade was firm only for cows of which there was a liberal showing. Best ones realized \$6.50 to \$6.75, with the usual discount on lesser grades. Bulls sold up to \$5.60 and were unsteady. Receipts were large Monday, when more stuff arrived than the total for the other five days.

Swine market not only maintained firmness but strengthened its position five to ten cents. Several hundred choice light hogs brought \$8.06 during the first three days but the bulk was an \$8.50. Yards for hogs and business was extremely brisk. The close was steady to firm, \$8.50 to \$8.60.

BLACKENED FINGER TIP MARK OF DEATH

The body of R. C. Curry, who was electrocuted in the bathroom of his home at Ray Gold, last Saturday morning, was brought to this city for burial Sunday. The only mark upon the remains is the blackened tip of the little finger of the left hand. The funeral services will be held from the Baptist church Tuesday afternoon at 2 o'clock, the Rev. W. D. MacCallough officiating. The W. of W. lodge, of which deceased was a member, will conduct the services at the grave. Interment in I. O. O. F. cemetery. Deceased was 35 years of age.

Deputy Coroner Peri called a coroner's jury, composed of Messrs. Millar, Percival, Whiting, Cady, Hally and Smith, this morning. The jury will take testimony in the case on Thursday and will probably visit the scene of the accident. Owing to the small voltage—110—the theory that the electric shock produced heart failure is given strength.

SHARKEY SENT TO JAIL FOR 30 DAYS

NEW YORK, Feb. 16.—Tom Sharkey, the ex-pugilist, was fined \$500 and sentenced to thirty days in jail today for keeping a disorderly fourteenth-street resort. The establishment's manager got the jail sentence without the fine. Both were convicted several days ago and were in the Tombs awaiting sentence.

FEDERALS PLAN ALLIANCE WITH AMERICAN LEAGUE

NEW YORK, Feb. 16.—An alliance between the American league and the new Federal league loomed up here today as a possibility. Close baseball observers believed the out-law organization probably before another season has passed will have some sort of an understanding with Ban Johnson, president of the American league.

President James A. Gilmore of the Federals says Johnson is "a credit to baseball and everybody respects him." He also asserted that the outlaw organization has no desire to injure Charles A. Comiskey, owner of the Chicago White Sox.

It was believed National league club owners gave President John K. Tener unlimited power to deal with Charles W. Murphy, owner of the Chicago Cubs, as he wished. Chas. H. Ebbetts of Brooklyn, heretofore one of Murphy's best friends, has deserted him.

"When foolishness starts, friendship ceases," declared Ebbetts. "President Tener has an iron-clad contract empowering him to act for the league. Baseball is now awaiting his next step."

Johnny Evers, Herb Perdue and Infielder Sweeney announced their intention today of ignoring telegrams from Murphy ordering them to report at the spring training camp.

DOES IT PAY TO RAISE HOGS? READ THIS AND FIND OUT

Gus Newbury, in addition to winning laurels as an attorney, is some hog raiser as well as orchardist and general farmer. Some five years ago Newbury & Cantrell purchased two sows for their Applegate farm, paying \$13 for one and \$11 for the other. Shortly after they were the possessors of twenty-four little pigs, one for each dollar invested. From this investment \$150 worth of hogs was sold the second year, \$350 the third year, \$450 the fourth year, and so far \$542 has been received this year, with still some returns to hear from. In addition, over 100 young hogs are on hand.

NAVY TUG POTOMAC ABANDONED IN ICE

ST. JOHNS, N. F., Feb. 16.—The thirty-six officers and men making up the crew of the United States navy tug Potomac, stuck in the ice in the Gulf of St. Lawrence, landed at Honne Bay, having made their way across the floes. The abandoned tug disappeared in the meantime, drifting seaward with the ice. The officers said they only deserted it when it was in imminent danger of being crushed between the cakes.

ASSASSINATION PLOT UNEARTHED BY JAP CABINET

TOKIO, Feb. 16.—That an assassination plot against various cabinet members has been discovered by the police was reported here today. Several mysterious arrests were made, and it was widely believed that they were in connection with the conspiracy.

Minister of the Interior Keik Hara, who, as head of the police department here, has made himself most unpopular by his activity in combating the recent anti-tax riots, seemed actually to have had a very narrow escape, two men having climbed into his automobile before his guard overpowered them. The official version was that, though they meant to attack, they did not intend to kill the minister, but most people were of the opinion that it was his life they sought.

Several pro-administration members of parliament have also been attacked in the streets. As a result of the legislative investigation of charges of graft, Admiral Koichie Fujie and Captain Sawasaki have been ordered martialled, and it was reported that similar action against several other officers will follow.

POSTMASTER AT GOLDFIELD GONE IS SHY \$10,000

GOLDFIELD, Nev., Feb. 16.—Federal officials admitted today that they had no clue to the whereabouts of Postmaster E. R. Collins, missing with a shortage in his accounts estimated by Postoffice Inspector D. G. Means at between \$5000 and \$10,000. Aside from this defalcation, business acquaintances had filed claims against the missing man for more than \$7000 borrowed money.

Means found Collins \$1500 short January 30. A relative made good the amount, but February 4 the postmaster left, saying he was going to Los Angeles. That was the last seen of him here. Learning of his disappearance, Means returned, investigated further and found the larger defalcation. A warrant was sworn out for the fugitive.

Besides being politically prominent, Collins was interested in the Collins Mercantile company, which has been attached for his debts.
