TALK VICE-ADMIRALS FOR AMERICAN NAVY

WASHINGTON, D. C., Feb. 20.—Chairman Hay of the house military affairs committee received a letter today from Secretary of War Garrison, suggesting that if, as proposed, six vice-admirals are created for the navy, the army rank of lieutenant-general ought to be revived.

BEALL CENSURED

(Continued from Page 1)

to a grand jury there for the proper action.

A. P. A. Vandalism

"Another matter called to the attention of the jury which it seems to us should not be passed over without some comment is the trespassing of certain persons in Jacksonville upon the inclosed property of the Sister's Academy in Jacksonville and the ransacking of the cellars of the various buildings thereon in search of underground passages and other evidences intending to impeach the virtue of the former managers and teachers of the institution. It seems that the law does not specifically cover trespasses of this kind but your jury severely reprimanded the perpetrators of this outrage who seem to have been moved wholly by curosity and narrow sectarian prejudice. For the benefit of all followers of A. P. A.-ism the search of these zealots disclosed nothing unusual or out of the ordinary.

"We have examined various county offices including the county jail and poor farm. We find the county jail in a most sanitary condition and commend the sheriff and the jailer for the orderly and clean manner in which the jail is conducted. The county offices are somewhat crowded but the various officers handle their business capably and expeditiously and we commend them for their courteous and prompt treatment of the patrons of their offices.

Orchard Inspection

"A great deal of complaint has been made and is being made upon the expense incident to orchard inspection. The grand jury having investigated some of these items are of the opinion that the field work under the state law is necessary and that the present drastic measures employed by the county court to eradicate blight are necessary and will result in its complete elimination. The county court is to be complimented upon its economic administration of the business of the county, but in this connection we respectfully submit that a large sum of money is being expended in a so-called pathalogical department which might better have been employed in field work in eliminating blight and respectfully recommend that as soon as the honorable county court can terminate and abolish this department such action will meet with much favor among the taxpayers.

County Poor Farm

"We have examined the county poor farm and find that at this time it has thirty inmates, the greater percentage of whom are aged and infirm, but appear to be capable of rendering some labor in lieu of their sustenance and that in this respect the institution is well conducted and has a good location and invironment. We, however, recommend that more attention be paid to the matter of hygiene about the toilets. We find the inmates cheerful and satisfied and apparently receiving the most considerate and proper treatment. The heating plant, which really consist of two separate plants is not well balanced and might be consolidated to the advantage of service and economy.

"Your jury found them not expecting such inspection and there was no evidence of dress parade effect. We therefore assume the condition we found to a fair average and with the exception of the recommendations hereinbefore mentioned the institution is all that could be desired."

Most respectfully submitted,

EAGLE POINT EAGLETS

By A. C. Howlett

The last time I wrote for the Mail Tribune I had to omit the following items for want of space.

Mrs. Curtiss, mother of Mrs. Painter, had the misfortune to fall and break two of her ribs. Dr. Holt was caled and reduced the fracture and at last accounts she was resting easy.

James Owens, one of our ex-county commissioners was doing business with our merchants last Friday.

Our accommodating pastmaster A. J. Florey is doing quite a business registering voters. There seems o be quite an interest taken especially among the women voters so that they will be prepared to sign the petitions for their favorite candidates.

Prof. Charles E. Johnson, the teacher in the Laurel Hill district, attended church here last Sunday.

Jud Edsall made a business trip to Klamath Falls last week.

I. C. Moore of Ashland spent the night here on his way home from his Elk creek ranch.

Mrs. Thomas Cingcade was doing business in our town last Saturday and so was Roy Vestal of Reece creek, the same day.

Joe Sticket who has been here for some time visiting his daughter, Mrs. Jake Jones started for Portland last Saturday.

Mr. and Mrs. Frank Neil of Derby were among us last Saturday. They report business looking up in their section.

Mrs. Bert Peachey, nee Margie Daley, is at home with her parents while her husband is off in the timber. He is a forest ranger and is preparing to take his wife out for the summer.

Miss Vera Henry of Jacksonville who has been spending some time in the Big Butte country on her brother-in-law's homestead, came out on the Eagle Point-Persist stage last Saturday, spent the night with us and took the train Sunday morning for her home.

L. H. Ossman and A. W. Thomson of Trail came out last Monday. They are connected with the fish hatchery and are engaged taking fish eggs from below Granta Pass to the Elk creek hatchery.

S. M. Nealon of Table Rock was here last Monday on business connected with the G. A. R. out of Central Point.

Mr. and Mrs. Wolery if Montana are here visiting his mother, Mrs. Rachel Wolery.

Mr. and Mrs. Francis Betty are here from Iowa visiting their son T. A. Betty and family. They and Mr. and Mrs. Wolery are so delighted with our country especially our delightful climate that they almost dread to even think of going back to their old homes.

Thus far I have taken from my old notes up to Monday noon and now will tell some of the more recent happenings.

Mike and Joe Sidley of Lake creek came out Tuesday to consult Dr. Holt. Joe had cut his hand quite badly and that was what caused them to come out, but the doctor dressed the wound and Joe said that it felt quite easy.

Mrs. W. L. Childreth was taken with a stroke of paralysis last Monday, but at last reports she was gradually regaining feeling in the affected parts of her body.

Mrs. Howell, county superintendent of the W. C. T. U. and Mrs. Dudley, both of Medford, came out Wednesday and met with the local W. C. T. U. of Eagle Point.

Ed Dutton, our new road supervisor, is engaged changing the road between here and the Antelope bridge, cutting out a steep grade near the top of the hill. Ed reports that he assisted in surveying out a new road from the top of the hill near the David Cingcade farm to run west so as to go by some of the farms and intersect the county road crossing Little Butte west of here, but they found that the route was impracticable on account of the bad crossing of the P. & E. railroad.

There was no special speech making, but about 30 of the members of the Union met at the church and she gave a very interesting account of the work in Jackson county; also an account of the state meeting that was held at Corvallis and about how much the business men were interested in the effort to clean out the saloons and make Oregon dry and she seemed confident that it would be done if we can manage to get the dry vote out to the poles. She spoke against the move to try to put out a prohibition ticket this fall, but all of the prohibition forces unite and work together to adopt the constitutional amendment to drive all the saloons and dives out of the state.

But I see that I am making this too long so must close, but the next time will tell what Rev. Simmons found in the collecting while he was holding a meeting on Lake creek.

Cream Cake

Inquiries among a large number of women using "The Cook's Book" showed this to be their favorite cake recipe. It is easy to make, certain to turn out well if K C Baking Powder is used, and may be put together with almost any filling or icing.

Cream the butter; add the sugar, yolks of eggs and water; then the flour, sifted three times with the baking powder; lastly the whites of eggs. Bake in two or three layers; put these together with cream filling, and dredge the top with confectioner's sugar.

Cream Filling

One-fourth cup sifted flour; ½ teaspoonful salt; 1 cup hot milk; 1 egg, beaten light; ½ cup sugar; 1 teaspoonful vanilla extract; 1 ounce chocolate.

Mix flour and salt with a very little cold milk; stir into the hot milk and cook ten minutes; add the chocolate and stir until it is melted and evenly blended with the flour mixture, then beat in the egg mixed with the sugar, and lastly the vanilla.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing.
