

MEDFORD APPLES MAKE A HIT AT PYTHIAN JUBILEE

WASHINGTON, Feb. 20.—Oregon's resources as a fruit state came in for a big advertisement here when the Medford delegation to the Pythian jubilee opened a dozen boxes of apples and distributed them to visiting delegates.

WASHINGTON, Feb. 20.—Washington commanded today the attention of the Knights of Pythias scattered over the broad domain of the North American continent, as they simultaneously commemorated their golden jubilee in more than 7000 communities.

The observance here was participated in by 6000 delegates to the annual convention of the Supreme Council of the order, which began sessions to continue until Saturday night.

Chief among the addresses on today's program was that of Secretary of State Bryan himself, past chancellor of Lincoln Lodge, Knights of Pythias, Lincoln, Neb., on "Fraternity as Exemplified by the Order of the Knights of Pythias."

The presence of Edward S. Kimball and Abram D. Vanderveer, the two surviving members of Washington Lodge No. 1, the original lodge of the order, was the signal for a demonstration in the convention.

BEGIN WORK ON NEW CHARTER

The new charter commission held its first meeting Thursday afternoon at the city hall. Mayor Purdin was elected chairman and Benj. C. Sheldon secretary. An outline of a proposed plan of organization was suggested by the secretary, and on motion of Commissioner English, adopted.

A committee was appointed to arrange for making the information obtainable in this literature available for the commission's use by a digest and topical indexing of the same. The committee consists of Dunbar Carpenter, T. J. Miles, M. Purdin, Benj. C. Sheldon, L. L. Jacobs, Porter J. Neff and Dr. E. B. Piekkel.

This committee will also put on paper and bring before the full commission a draft form for a charter, embodying the modern principles of municipal government which have been tried out and proven highly successful in the experiences of other cities.

The secretary was instructed to arrange for a convenient meeting place for the commission and its committees, and the housing of the library being collected for its use.

APPLE HOLDINGS BELOW AVERAGE IN UNITED STATES

KANSAS CITY, Feb. 20.—Apple holdings for the entire United States, since January 1 to date, have been reduced in round numbers 1,500,000 barrels, says The Packer. This includes both barrels and boxes figuring boxes to the barrel.

Present holdings in the United States are around 2,500,000 actual boxes which is about half of what was on hand a year ago at this time and slightly more than was on hand the middle of February, 1912, and also in 1911.

Of actual barrels now on hand there are about 1,500,000. This is about half of the heavy stocks on hand at the corresponding time a year ago.

At the same time in 1912, stocks of actual barrels amounted to about 2,500,000 and in 1911 about 1,000,000. Taking both boxes and barrels together present holdings are safely estimated at approximately 50 per cent of those of last year.

Canadian holdings are light probably running between 100,000 and 125,000 barrels or less than half of last year's stocks at this time. The movement so far this season has been even and normal considering the extent of the stocks.

ABOLISH STATE LAND BOARD

SALEM, Or., Feb. 20.—A movement has been started to initiate a measure at the next election to abolish the state desert land board, the state water board and the state engineer's office and put the three departments in charge of one board to be created.

Governor West stated today that he favored the movement and would support the proposed measure, declaring that a large saving would be made by such a change.

The measure was first introduced by Governor West by central Oregon delegates to the state irrigation congress in Portland recently, and his approval urged.

Governor West declared that the desert land board as now constituted is a useless affair and the state engineer's office an expensive luxury. The plan is to give the one board to be created by the proposed measure authority to appoint an engineer.

CHAMBERLAIN LOSES ALIEN AMENDMENTS

WASHINGTON, Feb. 20.—By a vote of 49 to 13 the senate, in executive session, today rejected the Chamberlain amendments to the arbitration treaties. Chamberlain desired to exempt from arbitration the admission of aliens, the attendance of aliens at schools, Panama canal tolls and all questions relating to the Monroe doctrine.

The vote was taken during a discussion of the treaty with Spain. It was pointed out that a final vote should not be taken after the settlement of so important an amendment without the treaty going over for a day. Consideration of the proposed treaty with England was then begun.

FRAIL, SICKLY CHILD

Restored to Health by Vinol—A Letter to Mothers

Anxious mothers often wonder why their children are so pale, thin and nervous and have so little appetite. For the benefit of such mothers in this vicinity we publish the following:

Mrs. M. L. Cassidy, of Thomasville, Ga., says: "My little daughter was anaemic, delicate and nervous, she had no appetite and seemed listless. We could not seem to find anything that would help her until we were advised to give her Vinol. Inside of two weeks after taking it she showed a marked improvement, both in appetite, vim and looks. I continued giving it to her and words fail to express my gratitude for what Vinol has done for her."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers, combined with the blood making and strength creating properties of tonic iron contained in Vinol.

Vinol will build up and strengthen delicate children, old people, and the weak, run-down and debilitated. We return the money in every case where it fails. Medford Pharmacy, Medford, Ore.

MAYOR ALBEE FACES RECALL WITH AIDES

PORTLAND, Feb. 20.—Twenty petitions were placed in circulation soliciting signatures demanding the recall of Mayor H. R. Albee and City Commissioners R. G. Dieck and W. L. Brewster. The petitions charge Mayor Albee has been holding a business position while mayor in violation of the charter. They also charge that he failed to maintain order.

Dieck and Brewster are charged with supporting Albee in his alleged illegal and incompetent acts. Albee and the commissioners are assailed because of their declared intention to locate the proposed public auditorium on the East side a considerable distance from the business center.
