

BUD ANDERSON LATEST TO JOIN DOWN AND OUTS

SAN FRANCISCO, Cal., Feb. 21.—That Bud Anderson of Medford, Or., is out of the running row as a pugilistic possibility was the consensus of opinion among fight fans today, following his defeat here last night by Red Watson of Los Angeles. Watson gets credit for a knockout, Referee Toby Irwin stopping the battle after Anderson had been sent to the mat with a right hook to the jaw. Anderson was wobbly and unable to continue and there was not a dissenting voice when Irwin raised Watson's arm in token of victory.

Anderson's defeat came as a great surprise. He entered the ring a 10 to 4 favorite and in the first round gave Watson a boxing lesson. This caused the odds to lengthen to 10 to 3, but before the second round was completed Watson was conceded a chance. Red shook Anderson up several times in the fourth round and it was apparent that the Medford lad had shot his bolt.

Watson wore a determined look when he came up for the fifth round. Anderson was sent to the mat twice by rights delivered with all the force Watson had at his command. The Medford boy was groggy when he got up and again went to the floor when Watson rushed. Referee Irwin then stopped the bout.

Jacksonville Independent Ticket for Councilman.

Last night a very enthusiastic gathering of the citizens met and placed in nomination by petition for councilmen Alex Norris and C. D. Abbott.

The reason for this action is that the gentlemen that were placed on the nomination board at the meeting on Monday evening have no definite policies upon reducing the expenses of the city budget. Men who are elected to office should and must have a definite policy in mind when seeking any office and the public must know what these policies are.

The city budget can very materially be reduced. A city attorney at the present time is uncalled for.

The city water commissioner and the city state commissioner come logically under the same head.

The police and other departments can easily receive a reduction.

The gentlemen named on the independent ticket stand for a more economic administration of the city's business.

There is no opposition to Mr. Britt as mayor. 285*

BASCO COMPANY BIGGER AND BETTER

The return to the Page theater on Monday next of A. B. Basco and his big musical comedy company will no doubt please many of the theatergoers of Medford and vicinity, as the company during their short stay here a month ago made a very strong impression not only with their ability on the stage, but personally and socially.

Manager Al Onken is in the city heralding the coming of his company and he says the company which has lately been strengthened will be the cleverest organization of its kind ever in Medford. The chorus has added

three new members, and the troupe now boasts of a male quartet second to none in America, so far as voices as to quality and tone. What Walter Farnsworth is to the tenor world, so is Clark Huston in the same class with a remarkable basso voice of unquestioned quality of sweetness. He is a fine addition to the trio of singers of Messrs. Thompson, Farnsworth and Confer.

During the engagement of the company one show nightly will be given, with special ladies' and children's matinees on Saturday and Sunday. A new show every night will be presented. The opening bill is "Little Miss Frisco," in which Mr. Basco and his co-partner and author, Frank

Finney, starred for two successive seasons in all of the big town theaters in the east. Notwithstanding the increase in numbers of the company, the prices of 10, 20, 30 cents will prevail, with a few choice reserved seats at 50 cents. This is done in order to accommodate the out-of-town visitors who can make their reservations in advance.

RESOLUTIONS OF CONDOLENCE.

Whereas, the great and supreme Ruler of the universe has in his infinite wisdom removed from among us, one of our worthy and esteemed neighbors Richard C. Curry; and whereas, the long and intimate relation held with him in the faithful

discharge of his duties in Medford Camp No. 90, Woodmen of the World makes it eminently befitting that we record our appreciation of him; therefore,

Resolved, that the wisdom and ability which he exercised in the aid of our organization by services, contributions and counsel, will be held in grateful remembrance;

Resolved, that the sudden removal of such a life from among our midst leaves a vacancy and a shadow that will be deeply realized by all the members and friends of this organization, and will prove a serious loss to the community and the public.

Resolved, that with deep sympathy

with the bereaved family of the deceased we express our hope; that even so great a loss to us all may be overruled for good by Him who doeth all things well;

Resolved, that a copy of these resolutions be spread upon the records of this camp, a copy printed in the local paper and a copy forwarded to the bereaved family.

ECONOMY POLICY FOR JACKSONVILLE PLAN

Nominations of the Independent ticket for the city election to be held in Jacksonville, March 3, were made last night. The idea of the ticket is to reduce the expenses of the city as: cutting out city attorney, uniting street commissioner and water inspector into one position, reducing night man's salary and having but one man to oversee the cemetery instead of two as has been the custom heretofore. The Independent ticket will be as follows: For councilmen: C. D. Abbott and J. A. Norris; Emil Britt, nominee for the citizens' ticket divide in the field.

PROF. P. J. O'GARA RIGHT AFTER THEM

O'Gara says if the wishwash orchard crowd in the valley don't get busy with some of that Rex bug juice that he will set one of those Bean spray rigs from that Garnett-Corey bunch and hitch Tou Velle, Leever and Smith to the thing and get so much bugolgy in the beautiful climate of Jackson county that a bug, moth or mossback will be scared to even fly over the Rogue river valley.

If you don't believe the Bean spray pumps and rigs are the best on the market you have been sadly misinformed. We can prove it. We have several kinds and can show you. You fellows who have been waiting for some one to give you a few thousand feet of pipe to fix up your ranch had better get in touch with the tariff committee at Washington, D. C., for prices on pipe are going up like a fireman goes up a stepladder.

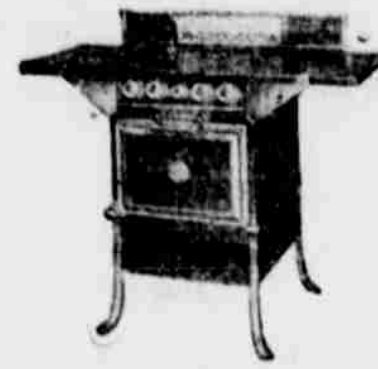

Any one can tell that times are much better, everything is going up and after our dear people get over the tax scare look out. Some of these houses in Medford will have to have a little Sherwin & Williams paint pasted on or people will pass them by.

We have just what you want. Look in the windows and see. Quite a few of our gentlemen friends got rakes, hoes and spading forks and said they were going to have their women get busy with the garden.

Yes we sell gasoline just as cheap as any one and also have the best auto oils on the market. This talk that some one is handing out that Ajax auto tires 5000 mile guarantee is no good is all rot. Ask Gus Newbury, Dr. Porter, Earl Gaddis and hundreds of others. These gentlemen, according to Bradstreet & Dunn, can and do tell the facts about matters taken to them. But then there are others, just call at the big store and let us try it.
