Thanks are due Mrs. Hildebrand and all who assisted for the success of the tea.

On next Friday night at the First Methodist Episcopal church Ethelbert Nevins' Song Cycle Captive Memories, will be heard. Aside from singing a very delightful hour, a very worthy cause will be advanced, for certainly if Medford is to be an ideal place in which to reside, the music heard in her churches must be more worthy. Nearly every one locating in Medford has come from larger cities, and are used to better music than is now heard in Medford churches.

To properly equip a choir for efficient work takes money. The old idea of strictly volunteer choirs is passing.

The First Methodist Episcopal church is to be commended for the spirit of progressiveness it shows in keeping up with the grade of work used by choirs far better equipped in the larger cities.

No one that really has the church interests of Medford at heart, no matter of what creed or faith, can afford to stay away from this concert, for better music, all admit, means larger congregations, and better music absolutely requires better equipment.

KEEP CLEAN

Keeping clean is one of the best, if not the best, preventive for disease. Keeping clean means more than washing one's face and taking an occasional bath. Keeping clean means keeping clean outside and inside. Scientific baths to cause perspiration (which is nature's method for getting impurities out of the system) are merely a step further than ordinary baths. They are just as important to our health, in fact more important than the usual tub bath. While the tub bath removes outside dirt, baths such as we give here take out the inside dirt. While we are prepared to give the baths and treatments for diseases, we believe that the greatest good we can accomplish is in the prevention of disease through keeping the body clean. Once a week, a scientific vapor bath with a needle spray or shower and an alcohol rub, will keep you feeling fit and trim. Try it. Costs no more than a Turkish bath, yet more pleasant and beneficial. Separate apartments for ladies, with lady attendants.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle is Woman's Greatest Happiness.

She is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. It is an excellent application for the abdominal muscles and breasts. It has a wonderful influence, allays all fear, banishes all pain, is a grateful encouragement to the expectant mother, and permits her to go through the period of pregnancy in mind, desiring to anticipate woman's greatest happiness as nature intended she should.

The action of Mother's Friend makes the muscles pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and in place of a period of discomfort and consequent dread it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women. This splendid remedy can be had of any drug, or at \$1.00 a bottle. Write to Broadfield Regulator Co., 2522 Lamar Bldg., Atlanta, Ga., for their book to expert attendants.
