

ENGLAND WANTS REAL PROTECTION FOR HER CITIZENS

LONDON, Feb. 21.—William H. Benton's death at Juarez, Mex., either at General Villa's hand or at his orders, was the topic of strong editorials and the subject of columns of correspondence in both the morning and afternoon papers here today. The news reached London so late yesterday that the government offices in Downing street were closed, but the foreign office authorized a statement which the afternoon press interpreted as meaning that England would insist that the Washington administration obtain satisfaction for Benton's killing and "really protect" Englishmen in Mexico in future. The actual wording of the statement was: "At the request of his majesty's ambassador in Washington, the American government, which has promised protection to British subjects in parts of Mexico where no British consulates exist, has instructed American consular representatives thoroughly to investigate the circumstances of Benton's death."

ONE OF FASHION'S LATEST CREATIONS

Here you see an American made spring suit, which is as stylish as many French fashions imported for the spring. This is what a fashion expert has to say about it: "It would appear that any one could manage the making of a suit now, considering the simplicity with which the most stylish of them are cut and sewed, just a few square pieces and a few seams, and the beauty is double that of the old chopped-up designs. Here is a suit of silky mohair-and-wool fabric that expresses the ideal of this very simplicity and style. Two pieces to the short flaring coat, a straight skirt, and straight pieces to the double peplum, a dash of style in the demure machine embroidery collar and the Japanese sash, and you have a chic to satisfy the most fastidious. of Misses Etta and Margaret McCormick Wednesday, while Mrs. Lewis Ulrich was hostess to the Friday Afternoon club this week. FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from these distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
