COMMUNITY HELP FROM MAIL ORDER HOUSES

(Hood River Enterprise.) We met a gentleman coming from the express office a few days ago with a Shears-Sawback catalogue under his arm, which he had just received by express, because it was too large to go by parcels post.

NEWS FROM ASHLAND AND VICINITY

The police department fed and cared for 481 unemployed during the month of February and the entire to the taxpayers was \$12.30. The spring weather will permit various dormant enterprises to start up on the coast and Chief of Police Porter expects a let up as when the migratory laborer can go from job to job on his way he does not need much assistance.

A Suggestion

To the Editor: As a reader and well-wisher of your paper, I feel qualified in offering you a suggestion which I believe would make an improvement in it. I would suggest that you start a special department entitled, "Opinions of Others," and sort out the ancient epigrams and other comments having nothing to do with the news of your Willow Springs and Beagle correspondents and place them under this head.

BOURNE'S REFUSAL

WHILE Oregon is unfortunate in that Jonathan Bourne, Jr., is not representing the state in the senate, both Oregon and the nation are fortunate in securing his untiring services at the head of two of the most important committees in the nation—the joint senate and house committees on railway mail pay and parcels post, and on federal aid to good roads.

Ex-Senator Bourne is the father of the parcels post, probably the most beneficial legislation for the people enacted in recent years. He is also the author of the most practical plan yet suggested for federal aid to states in road construction. His defeat was a blow to progressive principles, to the prestige of the state in national affairs and a direct loss to Oregon in adequate representation at the nation's capitol.

At Washington, though out of office, Mr. Bourne has for the past year been an indefatigable worker for Oregon and has been the means of securing favorable action for state appropriations. Every community has looked as much to him as to the Oregon delegation for results, and his enviable reputation for "delivering the goods" makes his services in constant demand.

As long as Mr. Bourne remains at Washington, Oregon has really three senators instead of two, as his position and repute gives him prestige, while his knowledge, acquaintance and industriousness secure the desired results.

Let us hope that four years hence Mr. Bourne will see his way clear to again become a candidate for the senate, and unless all signs fail, he will have the honor thrust upon him.

We stopped and chatted for a few moments. He immediately complained of the conditions of some of the streets in different parts of the city, and the lights were something awful, and he thought that it was time that the city administration should do something for the residents, instead of playing politics, and many other things that were not being done as he would do it.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brew Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it tight into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Men Welcome Mother's Friend

It is just as important that men should know of progressive methods in advancing motherhood. The suffering incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend. This is a penetrating, external application that relieves all tension upon the muscles and enables them to expand without painful strain upon the ligaments. Thus there is avoided nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to come. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00. It preserves the mother's health, enables her to make a complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradford Regulator Co., 229 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers.
