

MEDFORD STUNG CLUB ENLARGED BY BOOK AGENT

R. Cameron left town last night leaving behind a suit case and an unpaid hotel bill at the Medford. His mission in the valley was to sell music encyclopedias, and he was doing a fairly good business Friday afternoon, until a telegram arrived stating that the New York address he gave for the publishing house he purported to represent would be located in the middle of the Long Island sound. Then a number of musically inclined who signed contracts began to phone the banks to stop payment on checks they issued. Those who paid money are in the same boat, as the merchants who chased Owl checks.

Cameron as soon as the going became heavy departed. His plan was to present a contract offering to sell books rated at \$40 for \$7.50, one-half down, and the rest on receipt. In this way it is estimated that he secured from \$15 to \$20 daily from Medford's musically inclined. A warning has been sent to towns north and south, and he may be caught, and he may not. The game is older than the hills of Scotland, and some of the stung are much out, that they should thus be swindled.

PARCELS POST FORCES EXPRESS CONCERN OUT

WASHINGTON, Mar. 14.—"The voluntary dissolution of the United States Express company beyond a doubt proves that the parcels post has come to stay," said Senator William S. Kenyon of Iowa today. \$81,822 TAXES PAID BY ESPEE; LAND TAX UNPAID

Judge William Colvig, tax commissioner of the Southern Pacific company, Saturday paid to County Treasurer Cronmiller \$81,822.56 for taxes due on town lots, right of way and operating property owned by the railroad in Jackson county. The tax on the O. & C. land grant, amounting to approximately \$70,000, will not be paid for the present.

Definite action upon the taxes due on the land grant has not been decided upon. The railroad has made a tentative proposal to pay the county six per cent interest upon the amount due pending final decision by the supreme court in the pending litigation. If the suit is decided against the company, as seems probable, the company will be out whatever amount it pays.

The finances of Jackson county will be seriously affected by the loss of this amount annually hereafter. In case the government wins the suit, of course there can be no taxes collected until some form of distribution is provided, which will take several years.
