

2300 GIRLS OUT OF WORK THROUGH SIEGEL FAILURE

NEW YORK, March 14.—The Fourteenth street store of Simpson, Crawford & Co., owned by the Siegel Stores corporation, will close their doors tonight by court order. At the same time 2300 girls, many of them destitute, will be thrown out of work. The failure of the Siegel Stores corporation, District Attorney Whitman said today, has hit girl workers harder than any other in the city's history.

"The evidence we have unearthed," added Whitman, "shows that Henry Siegel and his partners are culpable and they must pay for it. We will accept no compromise. About 850 girl employes have lost their savings, as well as money paid into a sick fund, which was 'loaned' to the Siegel private bank."

One girl who had been in the employ of Simpson, Crawford & Co. for years, the sole support of an invalid sister, died soon after the firm went into bankruptcy.

"With everything running smoothly," said an employe today, "the invalid sister would have received \$100 from the beneficiary fund. She got nothing and her sister was buried in the potters' field. Someone should be made to suffer for the way the employes of the store have been robbed. We not only are to be thrown out of work, but money we put into the Siegel bank, representing years of work and self-denial, is gone, too. It's hard on the girls."

OREGON DEFEATS STANFORD IN DEBATE

EUGENE, Or., March 14.—University of Oregon debaters last night defeated the Leland Stanford team in the triangular contest involving Oregon, Stanford and Washington. Oregon had the affirmative side of the question:

"Resolved, that the executive department should be made responsible for our national budget. Morris for Oregon and Weston for Stanford were the stars in argument and delivery. Favorable comment on the work of their colleagues, Hardesty and Ide, were also heard. The verdict of the judges was unanimous.

TOWNSEND RESIGNS AS FEDERAL ATTORNEY

SAN FRANCISCO, Cal., March 14.—B. F. Townsend resigned as special assistant to the federal attorney-general, saying he did so because he could not afford to work for the pay he was getting. Townsend has had charge of the Oregon and California land grant case for the government at \$10,000 a year.

ROCKEFELLER TO GIVE CLEVELAND \$50,000,000

CLEVELAND, O., March 14.—It was announced that John D. Rockefeller intends to give at least \$50,000,000 to the foundation for Cleveland's betterment.

CORN COB PIPE FREE WITH DIXIE QUEEN

Every Purchaser of a 10c Pouch of Dixie Queen Will Receive a Corn Cob Pipe Free

Local dealers have a limited supply of "Panama" Corn Cob pipes and during the next few days, or until their supply is exhausted, they will give one, free, to each purchaser of a 10c pouch of Dixie Queen Plug Cut Tobacco

The "Panama" has a natural finish corn cob bowl that seasons richly and absorbs all the nicotine, thus insuring a mild, sweet smoke. The stem of imported German Weichsel wood, with Amberine bit adds its own aromatic perfume and it neat and serviceable.

Dixie Queen is what the local dealers call "a man's tobacco" and they state that its great process, which takes from three to five years, and gives to Dixie Queen a flavor and sweetness, that is exceptional. Several seasons' crops are kept stored away, by the manufacturers of this tobacco, so that the quality of Dixie Queen never varies, and the lovers of this famous tobacco never switch.

The popularity of the corn cob pipe seems to be greater than ever and all local dealers say their limited supply of "Panamas" will diminish very quickly, and lovers of a good old corn cob smoke should take advantage of this free offer at once.

MRS. PANKHURST RELEASED FROM PRISON 7TH TIME

LONDON, Mar. 14.—Mrs. Emmeline Pankhurst was released from Holloway prison again today. It concluded her seventh installment of imprisonment under the same sentence for acts of suffragette militancy. She was on hunger strike and the prison physicians said she would die soon unless she ate; yet it probably would kill her to feed her forcibly.

Wednesday six suffragettes, armed with long-handled hammers smashed the front windows of Home Secretary McKenna's residence in Downing street. They did not try to escape, were arrested, rushed to Westminster police court and were sentenced to two months' imprisonment each at hard labor, in record time.

PANORAMIC VIEW OF CRATER LAKE PARK

Oregon's great natural and scenic wonder, Crater Lake, is shown in a unique and striking manner in a panoramic view recently issued by direction of Secretary Lane. The characteristic features of the landscape are brought out in a realistic manner by harmonious combinations of color and shading so that the national park is shown as it would appear to a person flying over it. The lake, which is almost in the center, is a dark blue, the valleys and meadows are shown in a light green, the cliffs and ridges by shades of brown and yellow, the roads in light brown, and the streams in light blue. The lettering is printed in light brown which is easily read on close inspection, but which merges into the basic colors when the sheet is held at some distance. This view, which may be purchased from the Superintendent of Documents, Washington, D. C., for 25 cents unfolded and for 40 cents folded in a cover, measures 16 by 18 and is on the scale of one mile to the inch. It is based on accurate surveys and gives the observer an excellent idea of the configuration of the surface.

CANNERY PROPOSITION IS BEING INVESTIGATED

The committee having in charge the investigation of the cannery proposition of R. D. Hoke of Central Point, report that there is enough acreage signed up in tomatoes, etc., and that the banks of the city will take up at once the matter of financing the proposition. It is understood that a number of merchants stand ready to take stock and give assistance, and will be called upon by the committee the first of next week.

Hupmobile History

CHAPTER III

(Continued from yesterday) In the touring models, cocoa mats carpet the tonneau floor. The back of the front seat is upholstered to prevent marring of the enamel finish.

These cars incorporate style and beauty in their low, graceful sweeping lines, clean construction, individuality without freakishness. For every service and in every detail, except that of unusual luxury and wheelbase, these types stand equal in quality, workmanship and close inspection with cars of much higher price.

CHAPTER IV

Hupmobiles have been unusually favored in different parts of the country where road conditions are rough or primitive.

In the mountainous and hilly parts of the United States; on the rugged plains of South Africa and the rugged plains of Australia, you will find Hups in larger proportion to their production than the make of
