

FAVOR BALLARD AS PATHOLOGIST JACKSON COUNTY

W. L. Ballard, pathologist with the U. S. department of agriculture, and recognized as one of the four leading fruit authorities in that service is being prominently mentioned as the successor of Prof. P. J. O'Gara, as county pathologist. The fruitgrowers committee met with President Kerr of the O. A. C. Thursday afternoon, and received a formal offer from the state institution, to unite with the county on the pathologist, the county to furnish \$2000, the college the remainder of the salary, and to approve of the appointment of Ballard. The committee will submit the proposal to the county court.

Mr. Ballard is recognized as ranking in the same class with O'Gara and Waite. He is the discoverer of the idea of spraying fruit buds to increase fertilization and production. He was the man recommended by O'Gara and the county court had petitioned the department to station him here, as O'Gara was stationed during his first two years.

SIR LIONEL CARDEN CANCELS OCEAN TRIP

LONDON, Mar. 27.—Sir Lionel Carden, minister to Mexico, today cancelled his booking on the steamer *Mauretania*, by which he was to have sailed for New York tomorrow on his way back to his post. It was not known whether the delay was temporary, or had been transferred as was rumored, might be done on account complaints that his policy at Mexico City has been anti-American.

CABINET'S FALL PREDICTED

(Continued from page 1.)

would be heard from tonight. The prospective statement was understood to have been discussed at a cabinet meeting held today.

King George Butts-in

King George was in close touch with the situation—too close, in the opinion of those who want the king to be a mere governmental figure-head and object to the slightest interference or part in politics.

It was understood that it was at his majesty's own request that Premier Asquith and War Secretary Seely made statements in the house of commons denying that the royal influence had been exercised, but these statements did not convince everyone.

For example, the Daily Citizen, a Labor organ, published a letter from Arthur Lynch, a member of parliament, apropos of the government leaders' request that King George's name must be kept out of the home rule controversy. The letter was captioned: "The man you mustn't mention."

"This man has interfered in our affairs," it said. "He brought the Liberal party to the verge of ruin but it isn't etiquette to mention his name, to ask where he comes from, by whom he was charged with wisdom, when he gets his mandate or why he is here."

Shaw Hits at King

George Bernard Shaw also took a fling at his majesty in an address at a socialist meeting last night. "Queen Victoria was a whig," he said; "King Edward was a Liberal and King George apparently is a syndicalist."

Queen Mary, who takes a lively interest in politics, was said to be furious at the turn affairs have taken.

REBELS VICTORS

(Continued from page 1.)

Palacio yesterday morning and off Lerdo last night.

Cavalry Effective

At Gomez Palacio the federales put up a desperate resistance but could not withstand the furious closing attack of the combined rebel forces and the federal remnant which remained, finally fled helter skelter for Torreon.

Lerdo, which the federales had reoccupied when Villa withdrew his troops for the Gomez Palacio fight, was again attacked last night and retaken by the rebels.

The rebel cavalry was used effectively in charges at both places.

The Lerdo engagement began with a two hours' struggle at close quarters. At last the cavalry rushed to the front. Yelling like fiends, the horsemen tore down upon the suburb's defenders. The federales wavered, the cavalry pierced their line, and then, scattering like rabbits, they fled for Torreon as the defenders of Gomez Palacio had previously done.

WOMEN MAKE A RECORD AS FINANCIERS

Miss Bina M. West and a Pile of Bonds.

In thrift on the scale of big financing women have made a record here this year, by the reinvestment of interest on a dollar. Men financiers cannot excel this; perhaps there is no trust or insurance company which can equal it.

Before the January 1 coupon cutting began in the head offices of the Ladies of the Macabees of the World, which employs only women, plans and preparations had been made to have the coupons cashed and reinvested immediately. With rigid requirements as to the safety of investment the semi-annual reinvesting process is a test of efficiency and wit. The record made this year by Miss Bina M. West, the supreme commander of this, the largest fraternal beneficiary society exclusively for women in the world, shows women to be peers of men even in business which runs into the millions.

From its inception about twenty years ago Miss West and the other women organizers of this Society have made the chance to show the highest business acumen of their sex in matters of great importance. The Ladies of the Macabees of the World now have outstanding insurance for \$177,000,000 and 170,929 members. In 1892 when Miss West set herself to the pioneer's task of providing insurance for women, her equipment consisted of one desk and

a debt. Only women have done the work of organizing and managing, even to actuarial intricacies, of this great business of insurance in connection with social philanthropy.

The only men employed are those at the head offices in Port Huron, Mich., the janitor, office boy and elevator operators.

DROVE DEATH AUTO CONFESSES BANKER

CAMBRIDGE DEFEATS OXFORD IN ATHLETICS

SAN FRANCISCO, Cal., March 27.

Following a confession to Assistant District Attorney Cumha that he drove the automobile which killed Paying Lawyer John W. McElheron of the Wells Fargo bank here last Christmas eve, Louis Kantor appeared today before Superior Judge Lawlor, admitted responsibility for McDermott's death and was given until April 4 to convince the court that he ought to be granted probation.

Kantor owned to having driven the car by which McDermott was struck for the first time yesterday afternoon. Before Judge Lawlor he said: "I wish to make a confession to your honor. I am the party who drove the machine that killed McElheron. I was coming around the corner at Fourth and Market streets when McElheron, in crossing the street, started back and forth between the safety station and the curb. I couldn't avoid the accident. I was going eighteen or twenty miles an hour at the most."

Havens, the American, won the 120 yard hurdles in 17.1 seconds.

IMPROPERLY LABELED WHISKEY CONFISCATED

SALEM, Ore., Mar. 27.—A shipment of liquor from the Rose City Importing company of Portland addressed to Joseph A. Benjamin, who is second assistant to Attorney General Crawford is being held by the police department, having been seized at the Oregon Electric depot last night. The shipment, which is alleged to have been falsely labeled, will be destroyed. The package was labeled "Glass."

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburger Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Bob Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

We offer for a limited time only, six pairs of our finest 35c value Guaranteed Hose and a pair of our well known Men's Paradise Garters for one well known Men's Paradise Garters for one dollar, postpaid.

You know these hose; they stood the test when all others failed. They give real foot comfort. They have no seams to rip. They never become loose and baggy as the shape is knitted, not pressed in. SMUDGE SPECIAL BREAKS RECORD FOR FREIGHT RUNS

The first "smudge special" in railroad history, consisting of seven cars of crude oil distillate for use in orchard heating, arrived in Medford at 1:55 o'clock this afternoon from Richmond, Calif., establishing a new record for freight runs. The order was placed by the Rogue River Valley Fruit association yesterday afternoon. The cars were loaded and moving by 5 o'clock. The train was pulled with the largest locomotives and given right of track clear through.

The train ran on passenger time and smashed all freight records, coming through in twenty and one-half hours. The Standard Oil company wired the Rogue River Fruit & Produce association to spare no expense in securing a photo of the train entering Medford, to be used as an advertisement.

All danger from frost during the present cold spell disappeared last night, and orchard heating was not again resorted to. The thermometer did not go below 32°.

SENATOR CLARK OF ARKANSAS RE-NAMED

LITTLE ROCK, Ark., Mar. 27.—Nearly complete returns from every county in the state indicated United States Senator Clark's renomination in Wednesday's primary over Judge W. F. Kirby, of the state supreme court. Clark's majority was about two thousand.

Baking Helps

Learn to Regulate the Heat of Your Oven

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

There is just one way to make your cakes rise high and keep an even surface. Have your oven moderate at first, until the cake is fully risen; then increase the heat, so as to brown it over quickly. Extreme heat stiffens the dough. If you stiffen the outside of the cake before the rising is complete, you stop the rising process. Then the leavening gas, forming inside, will bulge up the center, where the dough is still soft, and spoil the shape of the cake.

Note—Biscuits or other pastries made from stiff dough, that are cut into shapes for the oven, bake in a hot oven. This is because the cut surfaces of the dough do not bear over, but rather leave the pores open, allowing the leavening gas to escape and the heat to penetrate readily. Small ovens cool quickly; therefore they should be made several degrees hotter than a larger oven, and the less the door is opened the better. Do not attempt to take bread and pastry together. Bread requires prolonged, moderate baking—pastry the reverse.

Have a strong underheat for baking powder preparations, especially pastry.

These are only a few of the many baking helps found in the K. C. Cook's Book—a copy of which may be secured by sending the colored certificate taken from a 25-cent can of K. C. Baking Powder to the Jaggers Mfg. Co., Chicago.

Old Time Sores And Ulcers Healed

Old Wounds Often Bother Many Years After.

People who have been pestilential and old sore for years and years marvel at the way it heals quickly after using S. S. S.

When you come to realize that the skin and the flesh beneath are composed of a network of tiny blood vessels you solve the mystery.

There are wonderful medicinal properties in S. S. S. that follow the course of the blood streams just as naturally as the most nourishing food elements.

It is really a remarkable remedy. It contains no ingredient, the active purpose of which is to stimulate the tissues to the healthy selection of its own essential nutrient. And the medicinal elements of this matched blood number are just as essential to well balanced health as the nutritious elements of the meats, grains, fats and sugars of our daily food.

Not one drop of mineral or drugs is used in its preparation. Ask for S. S. S. and just insist upon having it. And if you are a faithful buyer and consumer upon any matter concerning the blood and skin, write to the medical department, The Swift Specific Co., 219 Swift Laboratory, Atlanta, Ga.

Do not allow some zealous clerk to larry up the atmosphere in eloquence over something "not as good" as S. S. S. Beware of all substitutes.

HELLO GIRL IS HERO OF PORTLAND HOTEL BLAZE

PORLTAND, Ore., March 27.—Spectacular escape of a dozen men and women down the fire escape of the Hotel Perkins and the heroic devotion to duty of the hotel's telephone operator, Miss Nell Peggy, who, although almost smothered by the acrid smoke that swirled around her, telephoned the guests of possible danger, marked a fire today which destroyed the stock of the Perkins hotel pharmacy. The damage is estimated at approximately \$8000.

The fire was confined to the basement, however, which was stored with highly inflammable chemicals, oils and gasoline, but the smoke, burdened with fumes of biting acid, swept up from below and permeated the entire six-story structure and made it almost impossible for the occupants to breathe. All of the guests escaped without harm, however.

Sam Hunt of Watkins is spending the day in Medford on business.

YOUR FRECKLES

Need Attention in February and March or Face Will Stay Covered

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The February and March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use ointment—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of ointment—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.
