ROLLING PIN LATEST CURE FOR FAT PEOPLE

The trouble with a rolling pin is that few people appreciate the variety of its uses. It is generally supposed to be an implement solely for flattening out dough and derelict husbands. Now comes a citizen who maintains that it is a fat reducer, and has sold and tried to sell it to a number of Medford people of left, including Mose Alford of the First National bank.

MAN HUNT FOR TATTOOED BANDIT IN THREE COUNTIES

MOUNT VERNON, Wash., March 31.—Charles Hopkins, the tattooed bandit, charged with three murders, and accused of shooting and severely wounding three other men, is hunted in two counties today.

Two masked men, one of them believed by King county officers to be Hopkins, held up and robbed Elliott brothers' saloon and four men at Tolt, King county, last night. The robbers assaulted Albert Elliott, one of the proprietors and acting bartender, and then, with one standing guard, the other bandit scooped up \$70 from the cash register and relieved the four customers of the saloon of their small change and escaped.

A posse today is searching that section for the bandits.

At the same time three large posses are scouring Skagit county in search of Hopkins. The fugitive was reported to have spent Sunday night and yesterday morning at Duncan Spur. He disappeared about 10 o'clock yesterday morning and has not been seen since.

By catching trains it would have been possible for him to have reached Tolt last night from Duncan Spur.

The murders accredited to Hopkins are the killing of Charles Hodges in the St. James Hotel, Seattle, January 31; the killing of Tondy Olson and Tony Gurb in the hold-up at McMurray Saturday night. He is accused of shooting Patrolman (W.) Hamson, Don Shalleross and another man in Everett last Thursday night and of shooting and seriously wounding John Freeman in the McMurray affray.

of President Huerta was one of the federal officers killed early in the fight. He fell fighting in the trenches with his men.

"The Gomez Palacio battle was fiercest at Cerro Del Pilar. After each assault it was easy to tell just where the attack had been stopped by the line of dead rebels."

The poor quality of Villa's ammunition was largely responsible for the difficulty he experienced, Dorman explained. The shells were homemade affairs, turned out in Chihuahua City, and only about one in 30 of them exploded, falling almost wholly to cover the rushes made by the rebel infantry.

Hand Grenades Used. Finally the men resorted to hand grenades. Many of these, too, failed to explode but their quality proved better than that of the shells.

There was practically no cover for the attackers, Dorman said, and as they climbed the Cerro Del Pilar

slopes, quite exposed, the federal riflemen mowed them down in dozens. General Villa, the photographer stated, fought in person among his men, cheering and encouraging them occasionally hurling a hand grenade and always urging his followers to persist in the assault.

Poisoned Water Ditches. Many believed the federalists, poisoned the irrigation ditches around Torreón. Numbers of horses and some rebels died mysteriously after drinking from them, at any rate, and all the correspondents with rebel army fell ill.

Friday, Dorman related, Villa sent British Consul Cummings into Torreón to ask General Velasco to surrender. When Dorman left Saturday, the emissary had not returned, and there were rumors that Velasco had had him executed.

HIGH TAXES, HIGH WAGES 25,000 ILE WORKERS

Money Saved by Making Your Cough Syrup at Home Takes But a Few Moments, and Stops a Hard Cough in a Hurry.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, add 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy.

If you will then put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. Take a teaspoonful every one, two or three hours. It keeps perfectly.

You will find it one of the best cough syrups you ever used—even in whooping cough. You can feel it take hold—usually commencing an ordinary cough in 24 hours. It is just laxative enough, has a good tonic effect, and the taste is pleasant.

It is a splendid remedy, too, for whooping cough, spasmodic croup, hoarseness and bronchial asthma.

Pinex is a most valuable concentrated compound of Norway white pine extract, rich in gaitanol and other healing pine elements. No other preparation will work at this formula.

This plan for making cough remedy with Pinex and Sugar Syrup is now used in more homes than any other cough remedy. The plan has often been imitated but never successfully.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

HEADACHY, COSTIVE, BILIOUS,—"CASCARETS"

Sick Headache, Bad Breath, Sour Stomach, Mean Liver and Bowels Are Clogged—Cheer up!

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

It is a comfort to know that those much-talked-of pains that are said to precede child-bearing, is easily avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous, twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is, therefore, one of unbounded, joyful anticipation, and too much stress cannot be laid upon the remarkable influence which a mother's happy, prenatal disposition has upon the health and fortunes of the generation to come.

You will find it on sale at all drug stores at \$1.00 a bottle. Write today to the Bradford Regulator Co., 230 Lamar Bldg., Atlanta, Ga., for an instructive leaflet.
