

STEEL'S PLANS CALL FOR IMPROVEMENTS AT CRATER PARK

Superintendent Will G. Steel of Crater Lake National Park is distributing copies of his annual report for 1913...

A power plant, to supply Crater Lake Park with electric lights and power, new roads in place of the present crude paths...

In addition, game protection in the park will receive special attention. The entire matter of game protection could be satisfactorily handled by creating a game preserve...

Attention is called to the fact that but two temporary rangers are allowed during the park season. One of whom is constantly employed in issuing licenses and registering visitors...

But four absolute concessions are granted in the park, according to the report. The Crater Lake Company holds the concession for transportation through the park...

The total number of visitors at the park during last season is given as 6253, the travel being divided as follows: June, 43; July, 1144; August, 418, and November, 9.

In order to secure labor for improvements at the time most needed, during July and August, Superintendent Steel advocates the construction of a building for laborers...

The rules and regulations of the past season still remain in effect with but few minor changes.

BEAGLE BEAGLETS

Hurrah for Governor Smith! Several Medford parties were here Tuesday on real estate trades and getting prices. We have several fine bargains and will be glad to accommodate anyone desiring to buy.

Mrs. Jim Briscoe of Medford was here visiting her mother, Mrs. Jane Ragsdale, Wednesday. She returned to her home Thursday.

George Stacy and son, Roy, went to Medford Thursday and purchased a Ford auto. We "auto" have one, too.

Who'd ever thought it—Joe McCraith sporting a pink wig and Alberta Jones a willow plume. Well, we can plainly see that things are getting just a little too up-to-date in this country for Aunt Samantha and Uncle Josiah.

The weather man surely did some stunts Thursday morning, the thermometer registering only 26 degrees above zero, and our peaches and cherries—well, we never did like such fruit, anyway.

Miss Shoults was the guest of the Sweets Thursday night.

Tony Olson and wife drove to Gold Hill Friday.

Lane Wyland drove home from his Agate ranch Friday and will look after the Meadows ranch for a time.

Mrs. Daw of Debecker drove over Friday night after Miss Shoults, who returned home with her and remained until Sunday night.

Mr. and Mrs. Dave Cottrell returned from Medford Friday.

It makes us smile a bit when we read about those city chaps going out to work upon the farm, where folks have nothing much to do and living is a charm; where life is just one holiday, a long continued treat, with great big trees for ample shade and lots to drink and eat. And idle girls, they go along, sweet "dairy-maids" to be, with pleasing thoughts that butterflies would make the butter, see—and all that they would have to do at noon or night or morn, would be to make some fudge and cake and blow the dinner horn. Instead of eight hours' work each day and off one afternoon, they find that really to make hay they can't begin too soon, and when they learn the lesson that they can't work too long, methinks they'll change their minds, a bit and sing another song. And 'ere they learn to be of use—with all their might and main—they'll pack their little nighties up and haste back to the train.

Tom Jones has been having a slight attack of the gripe the past week, but is better now.

Mrs. Alberta Jones and Flora Stacy came home from their schools to spend Sunday with their parents and take a ride in the new auto. Mr. Jones carried Alberta to her work Sunday and Henry Morgan looked after the interests and comforts of Sister Flora.

Norman Gage and sister, Mary, took time to register Monday while en route to Gold Hill on business.

The Morrisons, and Eula Houston dined at the W. C. Chapman farm home Sunday.

Isn't it strange how things get so twisted in repeating that they fairly mystify, as for instance, the teacher teaches the pupil to sing "Yaukkee-Doodle-Do" and the rooster sings its cock-a-doodle-doo and the poor, forlorn old man comes in on the refrain with Any-due-ee-do.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and nobody can tell. Brush it through hair.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it larkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, the natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat less meat if you feel Backache or have Bladder trouble—Salts fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.
