Added to the unusual interest that will be taken in church and musical circles by the giving of these musical works, the fact that the choir will wear vestments for the first time adds to the occasion. APPROACHING BALDNESS

May Be Checked by Using Herpicide

The above expression is one which is used frequently in connection with hair preparations. Just exactly what is meant by it in each instance is a question. Baldness is not a disease and hence, does not permit of a cure. It is a result invariably to be traced to the condition has become chronic, that is, if there is complete atrophy of the hair follicles a "cure" is absolutely impossible.

Approaching baldness, seen in falling hair, may always be checked and if the hair follicles are not atrophied the hair may be induced again to grow.

This is accomplished by regular applications of Newbro's Herpicide, which cleanses the scalp and eliminates the dandruff. Checking the accumulations of scarf skin removes the most common enemy to beautiful hair.

Soft, glossy, fluffy hair cannot grow on a scalp infested with dandruff any more than a delicate plant can grow on an ash heap. The scalp must be kept clean and free from dandruff. The best remedy for doing this is Newbro's Herpicide which receives the highest endorsements from professional men, the stage and the best people everywhere.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. Applications obtained at all first-class barber shops and hair dressing parlors. Address the Herpicide Co., Dept. R., Detroit, Mich., enclosing 10c in postage or silver for sample and booklet.

She is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. It is an excellent application for the abdominal muscles and breasts. It has a wonderful influence, a 112's all fear, banishes a 11 pain, is a grateful encouragement to the expectant mother, and permits her to go through the period happy in mind, destined to anticipate woman's greatest happiness as nature intended she should. The action of Mother's Friend makes the muscles pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread it is a season of calm repose and joyful expectation. There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women. This splendid remedy can be had of any drug list at \$1.00 a bottle.
