LARGE AUDIENCE **ENJOYS MOVIES OF** FISH AND GAME

One of the most successful affairs ever held in Medford was the commercial club's moving picture and vaudeville performance at the Page theater last night. The theater held the largest crowd in its historymany were turned away and the passages at the rear of the parquet and balcony were filled with people, who enjoyed the lecture by State Game Warden Finley, and found the excelleut pictures and stunts well worth the discomfort of standing, packed like sardines, throughout the show.

The pictures were all that the club promised. The first, showing the famous eld herd at Jackson Hole, Wyo., were fine, especially the views showing a herd of 6000 elk driven down to the valley by snow, and that of the snow storm on Telon

Salmon Fishing Films

The views of Willamette Falls were superb. The exhibition of salmon fishing with rod and line, showing the eatching of thirty-pound fish, half as long as a man's height, with five-onnce rod, was some real sport.

The films showing the raising of China phensants, with hens as foster mothers, were interesting in the extreme and made more than one local admirer of these beautiful birds vow that this valley should have such a pheasant farm.

Fish propogation was illustrated fully, from seining for the parent fish, taking the eggs, fertilizing, hatching, to the distribution of the fingerlings.

Chasing the Rainbow

But the last reel was the best-"Chasing the Rainbow on the Rogue' -a film which caused Secretary of Commerce Redfield to declare at Portland recently that he would never rest content till he had visited Jackson county and caught rainbow less ship in the world is now held by Larope have been engaged to design the content till he had visited ables her to keep continuously in the S. of Miss Fern Hutchison and Cousin Mittleburger, put on a fine vaudeville background for the pictures notwithstanding the fact that three of their best acts failed them at the last minute on account of indisposition. Special mention should be made of the Dutch comedy stunt by duet by Cousin and Soeysmith and the Latterman General Hospital the quartet work of Fish, Vawter. Mittleburger and Newbury.

More Shows Promised

Ben Sheldon, who as a committee of the club had charge of the entertainment, promises that last evening's success shall be the forerunner of others of equal class. This is one of the many ways the Commercial club is advancing a better, stronger community spirit.

The club and public owe a vote of thanks to Manager Gordon of the Page for his generosity in donating the use of the theater.

LA FOLLETTE HEADS WAR AGAINST SENATE

WASHINGTON, April 4 .- Nine senators, headed by Senator La Follete openly revolted Friday against the proceedings behind closed doors after the executive session in which the senate by a vote of 36 to 27 confirmed the nomination of Winthrop Daniels of New Jersey to be a member of the interstate commerce com-

Senator LaFollette asserted he proposed to defy the senate rules in the future and discuss publicly legislation not affecting the foreign relations and later it was announced that Senators Bristow, Cummnis, Clapp. Kenyon, Morris, Jones and Gronna. republicans, and Poindexter, progressive, would maintain the same atti-

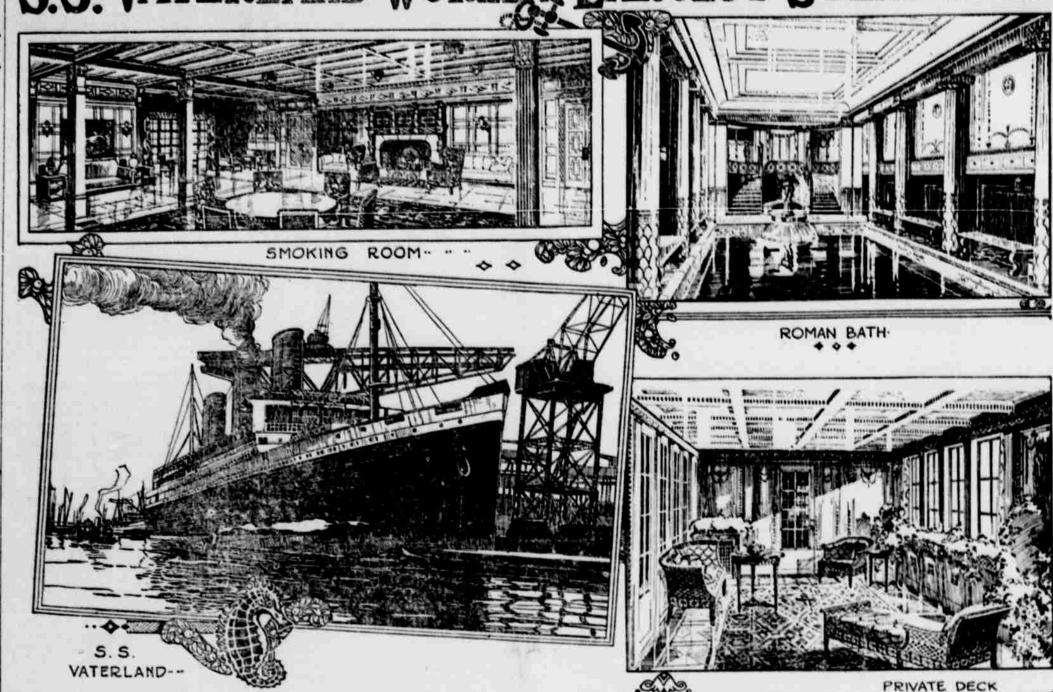

The revolt created a sensation. There is much speculation concerning the effect it would have upon the future executive sessions. The general opinion was there would be no attempt to take action against the members who disregarded the sccreey

PIONEER TIMBER SCARE NONSENSE

Levi L. Angle of Ashland was in Medford a few days ago, visiting his brother, William Angle, of 609 East Main street.

Mr. Angle formerly resided in Medford, twenty-odd years ago. At that time he was owner of part of Medford's townsite, and aside from being interested in Medford real estate, he was locating timber land, the Keene and Jenny creek section of sugar pine, east from Ashland, being his field of operation. This tract of land now embraces several thousand acres and is known as the A. C. Hopkins tract.

Mr. Angle claims to be the founder of the big Hopkins tract. "Yes," said Mr. Angle, "I don't think there is any mistake as to who first began gathering up this immense tract of timber, I came to Medford in September, 1885, from Pennsylvania. I had been a lumbermen then and was an experienced ergiser and estimator of timber. I made inquiry in Medford to learn if there was any timber land to be had in this part of the coast country. I was told there was lots of it, but that it was not worth paying taxes on; but in 1886 I secured plats and information from J. S. Howard, then a surveyor of Medford, and started for the timber. I soon discovered that there was lots of timber in that locality and I began corresponding with lumbermen in Pennsylvania, and finally interested my old friend, A. C. Hopkins, who in 1889 sent C. II. Pierce here to look over the tim-

"The inspection proved satisfactory and in about 1890 they commenced buying land at \$5 an acre. This buying continued at about this
