

SAM SMALL TO SPEAK TO DRY TUESDAY EVENING

Sam W. Small will speak on prohibition at the Page theater April 21 at 7:30 p. m. Admission free. Dr. Small is a man of exceptional attainments. He was born in Knoxville, Tenn., in the city founded by his family forebears; graduated with high honors from Emory and Henry college in Virginia, and after admission to the bar in Tennessee became private secretary to ex-President Andrew Johnson and followed that statesman's political fortunes to the United States senate. He is a trained journalist, many years editor of leading southern newspapers, principally with the noted Atlanta Constitution. He is the author of several books. By appointment of President Hayes he served as a secretary of the American commission in Paris in 1878, and as a delegate from this country to the international literary congress of that year. He has served in many notable national conventions of political, commercial and reformatory character. While in the United States army in Cuba in 1899 he was military supervisor of public instruction, engaging in the reorganization of the public schools of the island. In 1885 Mr. Small, then a prominent editor and public official, was converted through the preaching of Rev. Sam Jones, the great Georgia evangelist, and joined with him in holding evangelistic services in all the greater cities of the United States and Canada. Those were the most famous and successful religious meetings ever held in this or any other country. Dr. Small has led campaigns resulting in the closing of more than 10,000 drink shops, and is recognized in all quarters of the nation as one of the foremost apostles of prohibition.

HEAVY SELLING OF STEEL MARKET FEATURE

NEW YORK, April 14.—Heavy selling of United States Steel again marked the opening of the stock market today. That stock sagged fractionally to 59 on the first few transactions and later dropped to 57 1/2. Otherwise price changes were small and irregular. By noon a number of leading shares were from 1 to 2 points lower. The decline was influenced largely by the latest turn in the Mexican situation. Bonds were easy. The market closed unsteady.

RITCHIE LOSES SUIT FOR MOVIE'S PROFITS

SAN FRANCISCO, Cal., April 14.—The suit instituted by Willie Ritchie against William Kyne for a share of profits from the moving pictures of the Joe Rivers-Ritchie fight here July 4 last, was lost today by the champion. Superior Judge Cerr ruled that Ritchie lost by not stipulating in the contract that he was entitled to a share of the profits.

SELLS-FLOTO CIRCUS IN MEDFORD ON MAY 11

Again a visit in the future is promised from the Sells-Floto circus, according to William E. Haines, contracting agent, who is now in the city. But there is one difference. True again, there will come the Sells-Floto circus, but now—again the arena acts, the equestriennes, the lavish display—but all new. For the Sells-Floto circus this year is new in every detail. Not only is there a new program, greater than ever before, but new performers, new costumes, new presentation; the circus is new in everything that goes to make up a performance that is gratifying in its entirety. And not only will the Sells-Floto circus be new in these things when it comes to this city Monday, May 11th, but it will be new also in its personnel. For now, let it be known the Sells-Floto circus has an added attraction greater than all the others—Buffalo Bill himself, his retinue of ropers and riders and cowboys and Indians, exponents of the frontier life that is gone, and the deplored of the life of the plains as it is today. In addition to the circus acts, which are newer and greater than ever before, Buffalo Bill will present in the performance a spectacle that is not only new, but that presents the life of the plains from a new angle. "Warpath," it is called, and it displays the progress of civilization from the time of the frontier to the present day.

The clip averaged three and one-half pounds to the goat, which includes last year's kids. They are finding a ready market for the wool at 33 1-3 cents. This could be made a leading industry in the valley, the initial cost of purchase being about all, as the animals make their own living, browsing. A herder would be necessary if the fields were not inclosed. Enterprise Grange held its regular monthly meeting Saturday. Three new members took the first and second degree and eight made application for membership. The Grange will shortly give an entertainment. Every one is invited to attend, as you will surely get your money's worth. Charles Mayerle, caretaker at the Pleasant Valley farm, has moved to Rogue River. NEW TRIAL FOR JACK JOHNSON ORDERED BY COURT

CHICAGO, April 14.—The conviction of Jack Johnson, the negro pugilist, by a lower court on a charge of transporting Belle Shreiber "for purposes of prostitution" was reversed today by the United States court of appeals on the ground that the evidence was not sufficient to convict on that count. His conviction on other counts, including that of transporting the woman for immoral purposes, was affirmed. The sentence imposed today upon Johnson contained all counts on which he was convicted. The court ordered that he be resentenced only on those counts on which conviction was affirmed. A retrial was ordered on the reversed count. The government alleged in the trial here that the negro brought the woman to Chicago, purchased furniture and arranged to start her in the business of conducting a house of prostitution. A NURSE TAKES DOCTOR'S ADVICE And is Restored to Health by Lydia E. Pinkham's Vegetable Compound. Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old. "I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years. "The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blest with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it. "Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over-estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.
