PLAN CALL OF 250,000 VOLUNTEERS FOR MEXICAN WAR

WASHINGTON, April 23.—The war department today completed the draft of a call for 250,000 volunteers for service against Mexico. It will not be issued unless it becomes necessary, but that it will be necessary soon most government officials here believed.

No volunteer organizations outside the regular militia will be considered. This was made clear to several Massachusetts militia officers who called at the war department today.

The department does, however, want the militia regiments recruited up to their full strength.

PEG O' MY HEART PLEASES AUDIENCE

"Peg o' My Heart" drew a large house, in spite of the fact that the train was delayed and the curtain did not raise until after 8. The audience was, however, well entertained by the orchestra during the wait, and I may say in passing that Medford now has a good little orchestra.

The play pleased the audience, and that is, after all, the final test. But as we are taking the drama more seriously these days, it might not be out of place to review the construction of the play. Last night's cast was a good one all through, and Miss Peggy O'Neil is a bright, winsome star. The lines of the play are all very clever. The author, J. Hartley Manners, is a successful writer of bright, touchy humor, though his play is not strong in situations.

The character of Peggy is a little monotonous in its construction. She is the same Peggy all the time, with but little variation. There are no strong climaxes in her part, and in less skillful hands Peggy would be somewhat colorless.

The part of Ethel, however, furnished a considerable intensity to the plot. It was well played by Miss Jane Meredith. Mr. Roland Hoag was true to his character and added materially to the humor of the story.

In fact, the parts were all very well taken and it can be fruitfully said that the audience was thoroughly pleased and voted "Peg o' My Heart" one of the best attractions of the season.

This afternoon members of the company were given an auto ride through the valley by President Gates of the Commercial club.

SPECIAL SHOW FOR SCHOOL CHILDREN

A special matinee will be given on Thursday, April 30th, at the Page Theater, under the auspices of the Medford public schools, for the benefit of the school playgrounds.

The Harry Lauder singing and talking pictures coming direct from the Orpheum circuit will be presented at 4 p. m. The Harry Lauder singing and talking pictures are the invention of D. I. Kiteen, the noted Hungarian inventor who invented the central battery for the telephone and are the only talking pictures where the synchronization is absolutely perfect, as both the picture and voice are under the control of one motor.

Tickets for the special matinee will be handled exclusively by the children of the public schools and no tickets will be sold at the box office.

Look! Look! Smoke Governor Johnson cigars. They're made in Medford you'll like them.

SHELLING MR. COBB

BOUNDLESS egotism has evidently replaced humor in many of our gubernatorial aspirants. It is almost unbelievable that so many hopeless mediocrities, totally lacking in qualification, experience or capacity, should have the brass to aspire to the highest office in the gift of the people. Their success would make the Oregon system a joke—but fortunately there is little likelihood of such success.

At the primary election, fifteen candidates ask support for gubernatorial nomination—eight republicans, five democrats, two progressives. A majority of these aspirants are to fame unknown—some of them strangers in a strange land, yet each in his heart of hearts is cocksure that heaven has ordained him the Moses to lead the people through the legislative wilderness.

Among the political porch climbers who hope to swipe the nomination from the unwary people, the last, and perhaps the least, is G. A. Cobb, the eleventh-hour seeker of democratic honors, who peddles twaddle of tepid generalities to jimmy an entrance into the hearts of the dear people he so loves.

Mr. Cobb announces that he has searched Oregon over and failed to find another like himself, and hearing no sound save his own dashings, has yielded to popular clamor from within and decided to become the "people's" governor.

Mr. Cobb thinks that a governor, like a king, should "counsel with his people," and as he is sure this has never been done, would spend a large part of the time in royal pilgrimages to various parts of the state to find out what the people want. He wants all to write him on any subject and "wants the campaign to be a personal heart-to-heart one."

Our heart-throb candidate is a native of Missouri, but did not stay long enough to be shown. He is forty years of age, quite old enough to know better. He raised turnips and cabbages until seven years ago—an excellent gubernatorial training. He then came to Portland and entered the real estate business. He studied law and was admitted to practice two years ago, in all of which he has been a great success—he says so himself.

This hopelessly commonplace tale is as short and simple as the scandals of the poor, as tame and uninteresting as the weekly meeting of the old ladies' sewing circle. The records of training, experience, qualification, are, as with other candidates, conspicuous by their absence.

Only an abnormally sized gill, an almost immeasurable bump of egoism can account for Mr. Cobb's candidacy—unless it be due to the pernicious partisanship of Portland's postmaster, his next-door neighbor and political adviser. It is more than a suspicion that Mr. Cobb is being shelled to make the postmaster's political dough.

Tri-Centenary of the World's Greatest Literary Genius

(From the Sacramento Bee) Thursday (today), will be the three hundredth anniversary of the birth of the greatest literary genius the world ever has known, the immortal William Shakespeare.

That "dear son of memory, great heir of fame," stands alone tip-toe upon the mountain top of Gt. One. The world never has seen his parallel; probably never will.

None unacquainted with Shakespeare is acquainted with English at its best. And yet how comparatively few know anything about him! And if that few, how many know of him only to misinterpret and misquote!

The schools of today run like sheep at the tinkle of every new bell in the literary field. Yesterday it was Rudyard Kipling, and Henrik Ibsen, and George Bernard Shaw they followed and worshipped. Today it is Tagore.

Each year—yes, every six months—has its new fad. The ikon of one day is discarded and forgotten, to be supplanted by the idol of the day succeeding.

Scholars are taught to search for new talent, to the neglect of the old

genius. They are so encouraged in chasing the lights of today that they blindly follow the ever-changing footsteps of their teachers, and generally are found hot in worshipful pursuit of a passing glowworm which they have mistaken for a brilliant meteor.

Whoever wishes to become at least a good servant of English, if not a master, should know three books, and know them thoroughly—the Bible, Shakespeare and Dickens.

Saturated with these, he can smile at the amazement of the "literary ladies" who hold up their hands in shocked surprise as he brazenly admits he knows little and cares a profane sight less about this month's best seller; that he is not enraptured with the glassy tinkle and meretricious iridescence of the "charming, soulful, and heart-captivating" poetry of the Maharajah of Damedpor; that he cannot abide the analytical character dissections and windy, patter-patter English of William Bean Scowells; and that the "powerful" novels of Genevieve Haverton have the same ante-bedtime effect upon him as a copious diet of green onions and malted milk.

LOCAL MILITIAMEN READY FOR SERVICE

The Seventh company received preliminary orders from Captain Deane at the regular drill Wednesday evening at the Nat. The soldiers were told to leave their last phone number and address with the first sergeant to be ready for an instant call, with their equipment packed, tooth-brushes ready and put on their war colors. Local militiamen expect a call to mobilize at Clackamas before the end of the week.

Notice is hereby given that the undersigned will apply at the regular meeting of the city council, May 5th, 1914, for a license to sell malt, vinous and spirituous liquors at their place of business, on North Fir street, Medford, Oregon, for a period of six months.

PLAN TO ABOLISH CAMP OF HOBBOES

City and county authorities will take steps to rout out the camp of idlers, wanderers, loafers and agitators who have established a camp near the stockyards, and has existed largely upon the pretext that its followers were looking for a chance to go to work upon the Central Point road. Evidence at hand shows that none would go to work if they had a chance. Each day a forage for food is made, and considerable of the hen roost robbing is laid to them. Three or four of the gang are I. W. W.'s, who make from three to four speeches a day.

NOTICE

Notice is hereby given that the undersigned will apply to the city council of the city of Medford, Oregon, at its next regular meeting, May 5th, 1914, for a license to sell malt, vinous and spirituous liquors at their place of business, on North Fir street, Medford, Oregon, for a period of six months.

TRI-COUNTY BANQUET IS ARRANGED FOR NEXT TUESDAY EVE

The tri-county banquet being arranged by the Commercial club for next Tuesday night at Hotel Medford promises to be a huge success. President McCoy of the Ashland Commercial club telephoned this morning that a large delegation from that city would attend. A special car of Klammath Falls boosters is already arranged for. Grants Pass, Talent, Central Point, Gold Hill and Rogue River will send delegations.

A few short, crisp, straight to the point talks will follow the spread of good things to eat, which Miss Hosi Mohr promises shall be everything desired. The Rusty Hinge Glee club is arranging a vaudeville entertainment to complete the evening's feast of "food, fact and fun."

EAGLE POINT EAGLETS.

By A. C. Howlett.

Last Friday was set apart as fire department day in our school and in the afternoon the principal, W. E. Buchanan, gave his room instructions along that line of work and he reports that the children seemed to take considerable interest in the subject. Your correspondent visited the intermediate apartment in the afternoon, but Miss Sidlinger had secured the services of Mrs. W. E. Buchanan wife of our principal to take charge of her room and Miss Mable Huff our primary teacher had turned her school over to the care of Mrs. Buchanan also and the two teachers had gone to Medford to witness a play at the Page, so you may rest assured that Mrs. Buchanan had her hands full with about 40 little boys and girls but she seemed to be equal to the occasion. Speaking of our school brings to mind the fact that our school board have employed the teachers for the next year as follows: Principal, W. E. Buchanan, \$100 per month; Miss Minnie B. Taylor, intermediate, \$75 per month, and Mrs. George Von der Hellen, primary teacher, \$75 per month. The first and the last have been tried as Professor Buchanan is the principal at present and Mrs. Von der Hellen taught our primary last year and gave universal satisfaction. Neither Miss Sidlinger nor Miss Huff applied for a position as I understand they did not wish to teach this coming season.

W. E. Hammel was among the business visitors last Friday. Mrs. Susan Hart was in town the last of the week and reports that she was riding horseback and by some means the horse got from under her and when she came in contact with the ground she came near breaking her back and the result was that I saw her she was quite lame, but no serious injuries.

A. J. Daley is driving the posts for his fence to open the new county road through his land joining our town, and Joseph Grey, representative of Gaddis & Dixon, the Page fence men of Medford, was out to see him with regard to supplying him with the fence.

Grandma Klinge of Lake creek came out on the P. & E. Saturday and took the stage for her home. John Foster who has been working in Medford for some time came out Saturday.

John Conover and family were in town Friday night and went up to their home Saturday. Mrs. Dennis of Derby, was attending prayer-meeting Friday night.

Miss Rose Nealson of Table Rock who is teaching at the Reese creek school house, was a visitor at the Sunny Side in company with Mrs. F. J. Ayres, Miss Nealson will close her school next Friday and Saturday night her school will give an entertainment in the Reese creek school house.

Mr. and Mrs. Paul Opdyke of Trill came out Tuesday on their way to Medford to see her father, J. S. Tucker, who has been up to their ranch, the old Stone home, and returned Thursday and was taken with an attack of paralysis in Medford.

As I was away from home Sunday, Monday and Tues I am not able to tell much of what was going on here during that time, but I learned that Miss Helen Yockley, the caretaker of the interests of the Mail Tribune, and her mother were at the Sunny Side for dinner.

The annual meeting of the Rogue River Co-operative Fruit Growers association in Medford Saturday afternoon, April 25, at 2 p. m., at which time nine directors will be elected to serve for the ensuing year. A report covering the business transacted by the association during the past year will be presented at this time. A full attendance is desired.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if Kidneys feel like lead or Bladder bothers you—Meat forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, inflamed liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase 'Mother's Friend,' remarked a leading druggist. It is a happy thought to send a husband to the drug store. 'Mother's Friend' is a gentle, externally used, nerve penetrates to the finest work of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The cords, tendons and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of excitation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as irritation of the epidermis, which often the case when this gentle form of lubrication is neglected. 'Mother's Friend' has been highly recommended by a host of women who know from experience and by men who know from observation. Write Bradford Regulator Co., 208 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers.
