HUERTA ACCEPTS MEDIATION PLAN OF SISTER REPUBLICS

WASHINGTON, April 28.—Formal acceptance by Huerta of the Argentine, Brazil and Chile's offer to use their good offices to bring about an amicable settlement of the difficulties between the United States and Mexico was cabled Spanish Ambassador Riano last night by Portillo Y. Rojas, foreign minister.

Rojas' note was transmitted immediately to the three South American diplomats who began a conference lasting far into the night discussing the next movement in the peace plan.

Neither Ambassador Riano nor the peace envoys would make public the text of Huerta's acceptance. It was said Rojas replied briefly accepting the offer and thanking the South American plenipotentiaries and Spanish ambassador for their good offices with reference to the "real spirit of solidarity between the people of the same race."

No conditions are imposed in the offer of the good offices consequently the reply from Mexico City was not expected to deal with the conditions which will be reached when the peacemakers formulate their plans and make known how they propose to use the good offices which have been accepted.
