## WELLEN OBSERVES MAY DAY FETE

About 100 patrons and friends and pupils of Black Oak, Antelope, Roosevelt and Liberty schools gathered at the new schoolhouse in the latter district last Saturday and a happy day was spent by all. The time in the forenoon was taken up by games, led by the three teachers, Messrs. Daily and Robinson and Mrs. Jones. At noon a big dinner was spread in the shade of the beautiful oak trees and every one feasted to their heart's content. A short program began at 1:30 p. m. Mr. Wells' few remarks proved to be a very interesting talk on the present status of education in the rural schools. Mr. Peterson, one of the rural supervisors, gave a talk to the children on "There's Always a Way, Little Boy," that left a lasting impression on the school children assembled. Industrial club reports by Vida Bradshaw, Baxter Bradshaw and Lillian Owens, presidents of their clubs in the different schools, were then given with a great deal of spirit.

A program of sports was then carried out, and some very fast time

## WEATHER BUREAU WORK CONTINUED

The Commercial club's campaign for the retention of the weather bureau's station and unimpaired service has been successful. This morning at a meeting of Forecaster Drake, representing the weather bureau, Judge Tou Velle, representing the county court, and Ben C. Sheldon, representing the club, arrangements were completed for maintaining the present office and service in the same location and with all the equipment now installed here, which is considerably more than is usually assigned to a similar "special meteorological" station.

Mr. Drake will remain in charge until frost dangers are past for the year. The service will be resumed and maintained continuously under the new pathologist, who will take up the work of Professor O'Garra.

## INSANE WOMAN TAKEN OFF TRAIN SENT TO RELATIVES

The woman who was taken from northbound S. P. passenger train Saturday evening, because of wild actions was identified Sunday as Mrs. Rosalie Goulding of San Francisco. Sunday she told the sheriff's office the above name, and asked that relatives in San Francisco be advised. She was on her way to Portland to visit a son when her mind failed. The county court ordered that Mrs. Goulding be taken to Salem, from whence relatives can remove her.

Mrs. Goulding, who is a refined and educated woman, became violent on board the train, and threatened to kill fellow passengers. She was taken off at this city, and while waiting for the arrival of the authorities tore up the depot Bible, smashed furniture and screamed and shouted. She refused to tell her name. A sum of money she possessed was poured upon the floor of the ladies' waiting room of the depot and she refused to touch it.

Dr. R. E. Golden of Jacksonville examined the woman and pronounced her insane.

## DRUG AND MEAT CLOGS THE KIDNEYS

Take a glass of Salts if your back hurts or bladder bothers you—Drink more water.

If you must have your meat every day eat it, but flush your kidneys with salt occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, four stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia water drink.
