BOMBARDMENT OF TAMPICO BY REBELS IS BEGUN

WASHINGTON, May 12.—Secretary Daniels received a message late today from Rear Admiral Badger stating that heavy firing had been heard throughout the day at Tampico. Admiral Badger said reports were coming from Admiral Mayo, whose ships are off Tampico.

Admiral Badger reported that the bombardment of the town by constitutionalist artillery began at 9 a. m. and had continued all day.

JUAREZ, Mex., May 12.—No word of the progress of the assault on Tampico by constitutionalists reached here today. Since the word was received of the opening of the attack Saturday every channel of news has remained closed. Not only have the border points been unable to learn the progress of the fighting, but constitutionalist leaders at Torreón have been without reports.

Three American lives are the price that will be collected by General Rodrigo Quevedo for every bandit in his command killed by constitutionalist soldiers, according to a defiance from Quevedo today. Quevedo said he would kill all Americans at the ratio of three to one for his own losses in revenge for the action of the big northern Chihuahua cattle companies owned by Americans which had demanded protection of the constitutionalists. As a result of that representation a force of constitutionalist cavalry was sent out from Juarez, which has been in pursuit of the bandits and has killed several of them in a running fight.

BATTLE RAGING NEAR ACAPULCO

WASHINGTON, May 12.—Rear Admiral Howard, commanding the American fleet off the west coast of Mexico, today reported a battle between Mexican federalists and Zapata revolutionists, 20 miles from Acapulco. Admiral Howard said that 16 revolutionists were killed. The fighting at Mazatlan continues, the report said.

OROZCO IN HIDING; IS NOW A FUGITIVE

LOS ANGELES, Cal., May 12.—Pasqual Orozco, a Mexican federalist volunteer leader, who escaped from Ojinaga when Villa drove the Huerta army into the United States, is a fugitive today from Los Angeles, with United States agents in pursuit. Orozco it was learned had been in this city some time in hiding. He attempted to recruit a band of federal sympathizers, and when American government agents sought to arrest him, fled Sunday night with a few followers bound southward, toward the international line.

Since the escape from Ojinaga, Orozco has been in Los Angeles, where his family have been since the Madero revolt.

SURRENDER OF ARMS AT TRINIDAD CEASES

TRINIDAD, Colo., May 12.—The voluntary surrender of arms by residents of the Trinidad district practically ceased today, though receiving officers were at their posts in the five designated districts. A few stragglers among the townspeople were the only ones who appeared with arms to give up. The time limit for peaceable surrender of all arms will expire at 5 o'clock tomorrow afternoon, after which time persons suspected of carrying arms will be seized and searched, according to Colonel Lockett's order.

MURDERESS TAKES LIFE WITH POISON

NEW ORLEANS, May 12.—Augusta Ames Edwards, sentenced to life imprisonment for murder, committed suicide in her cell here late last night by swallowing poison after being informed that the supreme court had overruled her petition for a new trial.

TEDDY GRIEVES OVER SKEPTICISM OF GEOGRAPHERS

BRIDGETOWN, Barbadoes, May 12.—Colonel Theodore Roosevelt, with G. K. Cherry and Leo L. Miller of the American Museum of Natural History, arrived here today on their way from Para, Brazil, to New York. The health of the colonel has improved during the voyage, and he expects his recovery from the abscess on his leg will be complete by the time he arrives in New York. The other members of the party were in a fair state of recuperation from the effects of their long journey in the wilds of Brazil.

Much annoyance was expressed by the members of Colonel Roosevelt's expedition in regard to the skepticism displayed in various quarters as to the authenticity of a hitherto undiscovered and unknown river running into the Madiero. They said existence of the Rhine, the Elbe or the Hudson might just as well be questioned. They were surprised at the alleged unbelief of Sir Clements Markham, former president of the Royal Geographical society of London.

Colonel Roosevelt is going to Madrid to attend the wedding of his son Kermit with Miss Willard. He declined to say anything concerning the Mexican situation or politics in general until he arrived in New York.

WHEAT ACREAGE ABOVE ESTIMATES

CHICAGO, May 12.—Assertions that the wheat acreage in Kansas is much larger than had been estimated gave the market today a bearish turn. Word was passed that a leading expert figured the Kansas acreage at 9,000,000 instead of 8,300,000, the best previous calculation. The effect was an immediate setback. Quotations started a shade off to 3/4 up, but afterward were under last night's level, except for May, in which trading was light.

Unsettled weather strengthened corn. The market opened 1/4 lower to a like advance, with a subsequent tendency to harden. Oats ruled steady. Trade was lightly evenly balanced.

Firmness at the yards helped provisions up grade. First sales ranged from 2 1/2 to 7; higher, and the market later scored an additional gain.

GOLF ENTRIES BREAK ALL PREVIOUS RECORDS

SANDWICH, England, May 12.—Entries for the British amateur golf championship had beaten all records today with a total of 226. The lists do not close until tonight.

Lockwood of the Belmont Springs Country club, Massachusetts; Fraser Hale, Chicago; C. W. Inslee of the Onida Community club, New York; Edward S. Knapp of Westbrook; Henry J. Topping of Greenwich, Conn., and Harold Webster of Toledo.

The draw in the championship tournament takes place tomorrow.

SOUTHERN LEGATIONS RAISED TO EMBASSIES

WASHINGTON, May 12.—The United States legations in Argentina and Chile will be raised to the rank of embassies under bills passed today by the house. The Argentine bill already has passed the senate and needs only the president's signature. The Chilean bill now goes to the senate.

WEDDING BELLS
