

PERTINENT PROGRAM PROMISED BETTER FOODS, BETTER HOMES WEEK BEGINNING NEXT MONDAY

Miss Peet Will Discuss Scientific Principles of Housekeeping—Will Make Doughnuts Monday Afternoon—Six Lecture Demonstrations to Be Given.

Six lecture-demonstrations have been arranged for the Mail Tribune Home Economics School to open in St. Mark's hall Monday afternoon and continue for five days. There will be an extra evening session on Tuesday evening at 7.30.

Stage the Kitchen

The stage in St. Mark's hall has been transformed into a large pleasant kitchen, equipped with every up-to-date, modern convenience which lightens the housekeeper's burdens and renders her service more efficient. Miss Peet believes in good tools for the cook. In fact she says to prepare the best foods, in the best manner and in the shortest time, a woman must have proper and convenient kitchen furnishings and cookery utensils.

There is a dandy gas stove ready for Miss Peet to light. A kitchen cabinet has been filled with various spoons, pans, kettles, and all the

other utensils necessary for preparing fruits and vegetables and meats, mixing salads, kneading dough and making cakes. There are other compartments too which Miss Peet will fill with flour and sugar, salt and pepper and savory spices. There is a big refrigerator all ready for ice and for butter and milk and other good things. A fireless cooker awaits Miss Peet's magic touch to produce wonderfully appetizing dishes. Work tables and serving tables stand ready for use by Miss Peet and her assistants.

Men Welcome

At the Tuesday night session, men will be welcome. They too will enjoy Miss Peet's lecture but perhaps they will get greater pleasure out of the delicious foods she will prepare and serve to her audience.

At the Tuesday night meeting, Miss Peet is to bake ice-cream. This seemingly impossible feat is really accomplished most easily by a method known to Miss Peet which she promises to divulge to Medford housewives. When they have tasted the delicious concoction Miss Peet produces by this method, they will be most eager to learn how she does it.

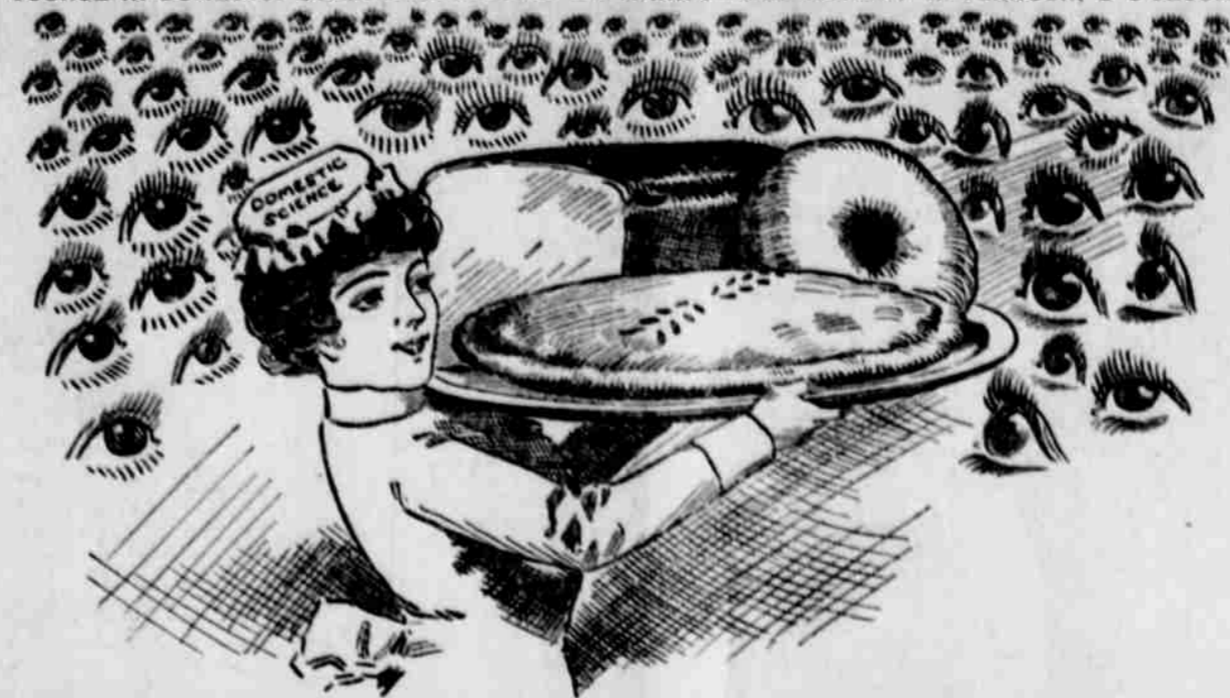

Scientific Frying

Miss Peet is going to give particular attention to frying which she says is a much abused and often misunderstood method of cooking.

She is also going to give some interesting lessons in cake baking and intends to make this art popular in Medford. She will show how to make digestible pastry and suggest many kinds of fruit pies.

On Monday Miss Peet will prepare and serve the following menu: Doughnuts, Cinnamon Cakes, Orange Sticks, Banana Compots.

COURSE IN DOMESTIC SCIENCE STARTS AT ST. MARK'S HALL MONDAY AFTERNOON, 2 O'CLOCK

GROOM RELINQUISHES ALL PROPERTY RIGHTS

A marriage contract between Benj. F. Graham of Los Angeles and Elizabeth Grace Clarke of San Diego has been filed with the county recorder. The agreement provides that in consideration of the promise of Miss Clarke to marry, Mr. Graham relinquishes and disclaims "any and all right, title, interest, claim and demand, or either, in and to property, real or personal, now owned by her or that may hereafter be acquired by her, and also rents, profits, crops, dividends, interest, increase or increment accruing thereupon, either in part or in whole; that he renounces all rights which might accrue to him to share or participate in her separate estate; that she shall have complete and absolute control, custody and management over her property, and that no part shall be liable for debts contracted by him before or after marriage."

"In return, Miss Clarke waives rights to property owned by Mr. Graham and exempts his separate estate for the satisfaction of any property settlement, maintenance, alimony or for support. Only properties and moneys acquired or earned solely by joint efforts shall be held community property."

GOODWIN PURCHASES WALKER'S LIVERY STABLE

A. W. Walker of the Nash livery stable this morning completed the sale of the property to T. W. Goodwin of Klamath Falls, who will take charge of the business at once. The price is not made public. The new owner is a pioneer livery man of southern Oregon and is well known in this section. Mr. Walker has been owner of the stables for nine years. He will continue to make him home in the valley, but is undecided upon what business he will engage in.

PANAMA CANAL TOLLS BILL VOTE NEAR AT HAND

WASHINGTON, May 23.—Democratic leaders in the senate were confident today the Panama canal tolls exemption repeal bill and the arbitration amendments will be disposed of next week. Senator Kern, leader of the majority, said a vote would be taken May 28 or shortly afterward; and added that the repeal bill would be passed by a majority of at least ten.

STOLE MILLIONS

(Continued from page 1.)

further bonds to pay off maturing obligations, and also at a time when admittedly the outstanding obligations could not be paid at maturity by approximately \$26,000,000.

Permit Increased Equipment

"Mr. Calhoun and the stockholders seem to have joined in this act of plunder, and this being so, the stockholders, while having the right to be generous, have not the right to be generous at the expense of the public and the creditors, and the stockholders should either voluntarily or by force enter into a scheme of procedure for the future which will divert to the payment of its obligations and the proper maintenance of service every available dollar, even though this would mean the foregoing of dividends for a considerable number of years."

The commission, while holding up the financial transactions of the company to severe criticism, ruled that the good of the city demanded an increase in the rolling stock and permitted the execution of a car equipment trust to the extent of \$378,500.

With Medford trade is Medford made.

THUNDER SHOWER DELUGES APPLIGATE

The Appligate district and the section between Jacksonville and Phoenix were hardest hit by the thunder storm that broke over the valley Friday afternoon. Rain fell in torrents in Jacksonville and hail as big as quail eggs fell. For ten minutes the downpour continued with rare severity.

Heavy rain also fell all up and down the Appligate, washing out small sections of the road, blowing down trees and damaging small amounts of hay that was out.

Lightning played fantastic tricks among the trees and along the hill tops in this section, giving a bewildering display.

AUTO TURNS TURTLE IN DODGING BUGGY

Deputy Sheriff Curley Wilson turned turtle in his automobile near the west terminus of the Main street paving Friday night, while trying to avert a collision with a buggy. He threw on the emergency brake and the car skidded across the road and down the embankment, breaking the wind shield. The horse stood still while this performance was going on. No one was injured. It is said Wilson was running without lights.

MORE GERMAN AVIATORS KILLED IN COMPETITION

OSANABRUECK, Germany, May 23.—Two more German army aviators, Lieutenant Otto Boeder and Lieutenant Siegfried Reinhardt, met their deaths today in the Prince Henry flying competition, bringing the total since the start of the contest on Sunday last up to seven.

The other officers killed were Lieutenants Willy Wiegandt, Mueller, Fellingner, Polde and Kolbe.

The aviators were caught in a thunderstorm, during which their aeroplane overturned and they were thrown out at a height of 4500 feet.

HUERTA'S GENERAL REPORTED DESERTER

VERA CRUZ, May 23.—Six Americans arrived here by train from Mexico City today. They brought with them an unconfirmed report that General Jose Valasco, the federal commander, who was defeated at Torreon by General Villa, then recalled to the capital and later sent to San Luis Potosi, had revolted against General Huerta, together with most of the federal troops under his command.

\$10 Down and \$10 a Month

Buy the best lot in any of the additions to Crescent City, a town which has a better chance of making "A Good Town" than Medford had eight years ago and with lots selling for \$100.00 to \$150.00. Where can you invest money to a better advantage? For maps and information apply to

GARFIELD TELLS TEDDY NOT TO JOIN REPUBLICANS

OYSTER BAY, N. Y., May 23.—James H. Garfield of Cleveland, one of the closest political advisors of Colonel Roosevelt, brought word today there was no thought among leading progressives of matagamation with the republicans. Mr. Garfield, who was secretary of the interior during the Roosevelt administration and a member of the "tennis cabinet," came all the way from Ohio, arriving today to talk politics in his state with the colonel. With him was Arthur L. Garford of Elyria, one of the Ohio progressive leaders.

While Mr. Garfield did not assume to know of condition throughout the country he expressed himself as of the opinion that any talk of merging the new party with the republicans was baseless.

Former Senator Beveridge of Indiana, who was expected at Sagamore Hill today, sent word that he would be unable to reach here, being detained in Indianapolis. Mr. Robinson and Mr. Post arrived in time for luncheon with Colonel Roosevelt.

ATLANTA, Ga., May 23.—Charges of bribery, coercion and perjury made in connection with efforts to obtain a new trial for Leo Frank, under death sentence for the murder of 14-year-old Mary Phagan, resulted today in Trowbridge, and Mrs. Arndt, her five indictments being returned by the Fulton county grand jury.

MARKET OUTLOOK BRIGHTER; STOCKS GOING UPWARD

NEW YORK, May 23.—The stock market closed strong. The better tone of today's anti stock market was ascribed in large measure to a more hopeful feeling regarding the Mexican outlook and the prospects of better general trade, as outlined by the mercantile agencies and other students of the situation.

There were again some offsetting conditions, namely, alarming advices from abroad, particularly Paris, where the solvency of certain important banking interests is being openly questioned.

The so-called market favorites made gains of a point or better with a similar movement in some of the specialties. More gold was shipped to Paris and the movement of currency to the Pacific coast continued. Bonds were steady.

Trading was of nominal proportions, and United States Steel rose a substantial fraction in response to the more optimistic opinions expressed by eminent trade authorities. Most of the other active issues tended slightly upwards, while Rock Island and Missouri Pacific inclined to lower levels. Among the specialties, Texas Company, Rameley preferred and Wells Fargo Express showed gains of 1 to 2 points.

A carload of marines bound from Goat Island, Cal., to Bremerton, Wash., passed through Medford Friday evening.

ELOPERS CAUGHT AT ASHLAND, LODGED IN COUNTY JAIL

The love affairs and elopement of Ben Kennedy, age 35, single, and Mrs. R. J. Norris, age 26, both of Camas, Douglas county, ended Friday night at Ashland when the husband of the woman and Sheriff Singler stepped into the rooming house where they were stopping and served a warrant for their arrest. Kennedy and Mrs. Norris are held in the county jail, while the husband paces round and round the jail.

Kennedy and Mrs. Norris disappeared from Camas the first of the week, and a search located the couple at Ashland. The husband was notified and a warrant issued. Norris arrived last night and accompanied the sheriff to Ashland, where he confronted his wife, a dramatic scene being enacted.

The love that culminated in the elopement has been going on clandestinely for several months, the pair being old acquaintances.

Norris, the husband, was under a high nervous strain all morning and walked up and down the court yard paths for a glimpse of his erring mate through the bars of the jail. In the afternoon Attorney R. F. Mulkey was called and a conference held looking toward a reconciliation between husband and wife. The prosecution of Kennedy is the bone of contention, Norris insisting upon this phase. Sheriff Quine of Roseburg will arrive this afternoon to take the pair back for trial.

Kennedy and Mrs. Norris had been living as man and wife at Ashland. Norris is said to be the owner of considerable Douglas county land and to be wealthy.

ALASKA RAILROAD SURVEY TO BEGIN

SEATTLE, Wash., May 23.—The Alaska railroad commission has opened headquarters offices here and next Monday Lieutenant Frederick Mears, member of the commission and formerly chief engineer of the Panama railroad, will begin hiring a crew of 100 men to locate the proposed line from the Alaska coast to Fairbanks. Thomas Riggs, Jr., a member of the commission is also here and W. C. Edes, the third member, is expected to arrive from California next week.

Legal blanks for sale at the Mail Tribune office.

BECKER PLANS APPEAL FOR STILL ANOTHER TRIAL

NEW YORK, May 23.—For the second time Charles E. Becker, former police lieutenant, occupies today a cell in Tombs prison, the convict murderer of Herman Rosenthal, gambler, for the actual killing of whom four "gunmen" paid the penalty in the electric chair a little more than a month ago.

Today, as on October 25, 1912, the day following his first conviction for the murder of Rosenthal, Becker's only hope lay in an appeal. On Friday of next week he will be sentenced and soon thereafter he will be returned to the deathhouse at Sing Sing prison, which he left last February on the order of the court of appeals that he be given a new trial.

Appeal Acts as Stay

An appeal, which is certain to be made, will act as a stay of execution, giving Becker more than a year to live and with it the hope of another reversal of the judgment of the trial court.

Martin T. Manton, chief of the Becker lawyers, announced that his appeal would be based on the admission of the testimony of Mrs. Lillian Roseburg, widow of "Lefty Louie" the gunman; the ruling of the court in refusing to hear before the jury the argument on the admissibility of the "Dago Frank" Cirofici confession and on the justice's charge to the jury to which he took exception in court.

The only conference today for Becker was with his counsel, Martin T. Manton, and Mrs. Becker. The basis for an appeal from the verdict, it was said, was the subject under discussion.

Spent Quiet Night

Becker spent a quiet night in his cell in the Tombs and awoke refreshed and comparatively cheerful. District Attorney hitman today received the following letter from Mayor Mitchell:

"I have just heard of the outcome of the Becker case. The whole community is under obligation to you. Your work has been splendid."

ASK CONGRESS TO RECOGNIZE DR. COOK

WASHINGTON, May 23.—A petition signed by several thousands of citizens of Michigan, asking congress to recognize Dr. Frederick A. Cook as the discoverer of the North Pole, was presented to the senate today by Senator William Alden Smith.
