

RULES GOVERNING ROSE SOCIETY'S ANNUAL SHOW

1. None but members of the society shall compete at any of the society's shows, and no prizes shall be awarded until the dues for the current year have been paid by the exhibitor. Persons desiring to become members may do so by filing application with the secretary and paying the annual dues of 50 cents. The secretary will be at the Hotel Holland on the morning of the Rose Show from 8 a. m. to 10 a. m. to receive entry blanks and applications for membership and dues.
2. The hotel will be open at 7:30 a. m. and exhibitors are urged to bring their roses as early as possible. While exhibits will be received up to 10:15 a. m., the committee cannot promise to furnish late comers with assistance in placing their exhibits after 10 a. m. All exhibits, whether in boxes or vases, must be in place and ready for the judges not later than 10:30 o'clock on the morning of the exhibition. Any exhibits not in place and ready for the judges at 10:30 a. m. shall be disqualified.
3. All exhibitors other than judges actually engaged in judging, or officials whose duties require them to remain, must leave the exhibition floor at the time appointed for judging and must not again be on the floor during the judging.
4. All roses should be correctly named, as otherwise the exhibit may be disqualified at the discretion of the judges.
5. No person shall be allowed to compete as an amateur who sells rose plants, blooms, or buds for budding, nor any person in the employ of a nurseryman. Any objection raised as to the rightful qualifications of any exhibitor shall be referred to the executive committee for arbitration, and their decision shall be final and binding on all parties. The exhibits of amateurs must not be staged or prepared for staging by trade growers or their assistants.
6. Any person may have two or more exhibits in any class, but no exhibitor may take more than one prize in any one class.
7. The same rose or roses cannot be entered for two or more prizes.
8. Where a certain number of roses is designated there must be neither more nor less than that number entered.
9. Enter the best rose from your garden in the one rose exhibit, section "C," for only in this section will the blooms for the best rose in the show be judged, it being the intention that each exhibitor shall enter the finest bloom in his or her garden in competition for the best rose in the show.

ROOSEVELT VISITED BY FRANK MUNSEY

OYSTER BAY, N. Y., May 28.—Frank A. Munsey, one of the leaders of the progressive campaign in 1912, came to Oyster Bay today to see Colonel Roosevelt. It was Mr. Munsey, who after the campaign, launched a movement for amalgamation of the progressive and republican parties, which Colonel Roosevelt would not approve. Mr. Munsey motored from New York with George W. Perkins.

Colonel Roosevelt today had recovered from the fatigue of his trip to Washington and apparently was as vigorous as ever. He said he expected several other political visitors later in the day.

THRIVING BUSINESS GAMBLING IN BASEBALL

NEW YORK, May 28.—A thriving business in New York and other eastern cities is said to have been disclosed in an investigation of alleged baseball pools by assistants and detectives in the office of District Attorney Whitman. That such an investigation was in progress became known today when some of the methods of the so-called "baseball news information bureaus" were made public.

The procedure, it is said, is for the prospective subscriber to pay 25 cents for a sealed envelope containing a score card with blank boxes for every team in each of five leagues—forty teams in all—and for every day in the week except Sunday.

On the back of the score card are the rules of the "subscription." Each score card has five teams punched as its particular combination for "premiums" for the largest number of runs scored by any combination in the week.

WAR MAP OF MEXICO, SHOWING THE POSITIONS OF MEXICAN TROOPS AND THE LOCATION OF AMERICAN VESSELS

This map shows the positions of the federal and constitutionalist troops in Mexico and accentuates the fact that General Carranza's forces occupy more than half of the republic and have General Huerta bottled up in Mexico City, with no outlet, except at Puerto Mexico. The entire State of Morelos, the border of which is within forty miles of Mexico City, is controlled by Emiliano Zapata and he has taken Cuernavaca, the capital of Morelos and one of the most important and wealthy cities of Southern Mexico. American war ships guard all the ports of Mexico, except that of Puerto Mexico, but are within a few days' call of that port. Only through Puerto Mexico will it be possible for General Huerta to receive supplies.

COLOMBIA SENATE APPROVES TREATY WITH UNCLE SAM

BOGOTA, Colombia, May 28.—The Colombian senate, by 23 votes against 5, has approved the second reading of the treaty between Colombia and the United States in connection with the Panama canal. The third reading is expected today.

By the treaty the products of the soil and industry of Colombia and the Colombian mails passing through the canal are to be exempt from any charge or duty other than those to which similar products and mails from the United States are subject. These products are also to be admitted to the canal zone on the same basis as American products.

In case of interruption of canal traffic, Colombian troops, war materials, products and mails are to be transported by the railway between Ancon and Cristobal on the same terms as those of the United States.

Within six months after exchange of ratifications of the treaty the United States agrees to pay to Colombia \$25,000,000 gold.

FOUR FEET SNOW AT CRATER LAKE

Will G. Steel, superintendent of Crater Lake park, returned Thursday from ten days spent in the park inaugurating road construction and other improvements, which are being carried along under direction of Engineer A. S. Tee. On the Klamath side, Engineer Goodwin has 49 men at work for the government.

Four feet of snow covers the summit and although the snow is beginning to melt rapidly, it will be June 15 before automobiles can go through the park. White Horse Canyon is as far as cars can go at present from the Medford side. Three inches of snow fell Sunday.

FRENCH MILITANT SMASHES WINDOWS

LONDON, May 28.—A French militant suffragette who was arrested for smashing three windows at the National Gallery, created a scene when she was brought before the magistrate at Bow street police court. She continually shouted in French: "Hurrah for Liberty!" and "Hurrah for Christabel Pankhurst!"

The prisoner refused to give her name and told the magistrate she did not want to hear anything. She kept up a voluble declamation in French, accompanied by much gesticulation throughout the proceedings. She was remanded for a further hearing.

When arrested the woman was carrying a bag filled with flints, some of which she had used on the windows of the National Gallery.

EXTRA FLAG BLANKET FREE THE WEEK

Every smoker who purchases a package of Cairo cigarettes during the next few days, will receive an extra flag blanket, free, in addition to the one which is always packed with Cairo. Each flag shows the colors of some nation and, being 8 1/2 inches long by 5 1/2 inches wide, is not only distinctive but decorative and artistic. These large size blankets are especially useful in making up fancy pillow-covers, bed ornaments and the like.

Cairo is one of the most popular and fastest selling cigarettes on the local market. Dealers say that smokers are surprised when they try Cairo to discover each richness and fragrance in a cigarette setting for so. Although Cairo is one of the newer brands of the Tobacco company of California, it is already at the top of its class.
