The interest taken in the course of Home Economics, which has been in progress this week, has so filled the time of many women, that there has been little time for things social. The course was a most interesting one, and much useful knowledge was given which can be used in the every day cooking.

Great preparations have been underway all week, for the graduation exercises of the high school, which occurred Friday evening and the week has been a very busy one, although not much has been going on in a social way.

Mr. J. Stillwell Vilas has given a very beautiful cup to the rose society to be used as a trophy in the rose show next week. It is offered for the best Hybrid perpetual rose any named variety.

All the cups given are on exhibition in the window of Martin J. Reddy's jewelry store. The one given by E. G. Brown for the best tea roses is a dainty, banded, gold lined cup of very choice design. The Hollywood orchard cup is perfectly plain, graceful in outline and is offered for the best ten pink roses of any named variety. The Bullis cup is similar to the Hollywood and is offered for the best ten red roses of any named variety. F. H. Madden has given a cup for three varieties of Hybrid tea roses, three blooms each. The cup is plain with high curved handles very graceful in design.

The cup is perfectly plain, gold lined and is valued at \$90.

Exhibitors in the rose show will be required to furnish their own vases. Plain glass vases at ten cents each will be on sale at the Holland Hotel, suitable for the exhibition of the best rose in the garden.

Those desiring classification blanks can procure them from Mr. C. E. Gates.

WOMEN'S CLUB NOTES

It does not seem to be thoroughly understood that the better babies' contest is a county affair and that babies from all the surrounding towns and country are wanted.

There is to be no confusion or crowding this year, as the spacious upstairs rooms of the Holland hotel are to be turned over to the babies and the examinations will be entirely private.

Registration should be made previous to June 5 and 6, so as to avoid delays. You can register your baby at the Medford Pharmacy, near the postoffice, from 9:30 to 11:30 and from 2:30 to 4:30 on Wednesday and Thursday of next week, or you may register by phone, calling the chairman, Mrs. Noblitt, 376-L.

Seven clubs, three merchants and three individuals have given cups and money as prizes. The cups are on display in the window of Martin J. Reddy's jewelry store.

Club activities have about ceased for the summer. Monday's meeting of the Greater Medford club with installation of officers practically ends the club year.

Mrs. E. E. Gore retiring president, called the meeting to order and asked for the annual reports of the different departments. These were filed with the secretary. The treasurer's report brought forth hearty applause as it showed the club's receipts during the year, including the sale of Red Cross seals, and the amount taken in by the music section, to have been \$1014.79.

The social hygiene section reported their last meeting to have been so well attended that the assembly room was too small to contain the audience.

Mrs. Schieffelin read the result of the fly campaign in which the Roosevelt school killed 1,978,726 flies. Johnnie Wolf of the Washington school received the \$10.00 prize offered by the Medford Commercial club to the child killing the largest number. Johnnie swatted 224,228 flies—and surely deserves a vote of thanks from the citizens of Medford.

The literary department reported a very enjoyable year's study with steadily increasing interest. The educational department have had a most profitable year with good attendance. The report of their committee on schools was accepted.

The music section reported the purchase of a Grand piano for the use of the club and enthusiastic audiences at their many musicals. The

piano company from which the instrument was purchased have promised a piano free of charge to be used in the opera house at future entertainments.

The civics department had a very active year distributing thousands of rose cuttings, dahlia bulbs, chrysanthemums and violets, and inaugurating the fly campaign.

Several communications were read, one of these being a letter from the Forestry club of Portland asking that their club name a committee to secure specimens of Oregon wild flowers to be used in an exhibit at the Panama exposition.

Mrs. J. T. Sullivan was named as chairman of this committee, composed of Miss Snedker, Mrs. Streets and Miss Munson. Miss Munson has a collection of over five hundred specimens of Oregon wild flowers which she will loan the club for the exhibition. Others will be added and the club will also secure bulbs and seeds to be used in the grounds of the exposition.

In a graceful speech the retiring president, Mrs. E. E. Gore, handed the gavel to her successor, Mrs. F. E. Merrick, who took the chair.

Mrs. Merrick introduced Mr. F. H. Cowles who addressed the club on fire prevention.

He is a most impressive speaker and held the attention of the audience with his realistic pictures of the horrors of fires in fire trap buildings.

Medford he says has only a few very poor building regulations and needs above all things a fire ordinance. The men of Medford have been very slow to respond to his appeals—he looks to the women to demand their children's lives be not daily jeopardized in such fire traps as the Washington school building.

Mr. Cowles was given a rising vote of thanks and many pertinent questions were put to him by the audience.

A SPIRITED YOUNG LADY WRITES OF HER HAIR AND HERPICIDE

Few ladies realize how much an untidy head of hair detracts from their personal appearance. It also indicates an undesirable trait. Unkempt hair simply shows that while they may be scrupulously neat in every other way, they are careless about their hair.

Thin, scraggy, wispy hair generally indicates dandruff and dandruff is caused by a germ. Newbro's Herpicide will eradicate the scale-like accumulation and keep the scalp as clean and healthy as can be. This permits the hair to grow naturally and luxuriantly. That terrible itching which goes with the dandruff stops with almost the first application.

Substitutes or remedies said to be "just as good" are sometimes offered, but it is better to buy "the genuine original germ killer, Newbro's Herpicide." There is no guesswork about that preparation. A trial isn't necessary, just buy a bottle and use it. The results are sure to be better than you expect.

Newbro's Herpicide in 50c and \$1.00 sizes is sold by all dealers who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. Applications obtained at the better barber shops. Send 10c in postage for sample and booklet to The Herpicide Co., Dept. R., Detroit, Mich.
