Porter J. Neff has returned from Eugene where he attended the Commonwealth conference.

None of the many fishermen who went to the streams yesterday report good luck. The warm weather is expected to make the fish bite briskly.

Notice has been received by Superintendent Will G. Steel of Crater Lake park that a money order office will be maintained at the park this year, and that closed mail pouches will be sent out from this city after July 1, when the stage service begins. Heretofore all mail has been sent from Klamath Falls for the lake.

QUEVADO SENT TO FT. WINGATE

WASHINGTON, June 1.—Brigadier General Bliss resorted to the war department today the arrest of Quevado and his followers at El Paso yesterday. It is understood Quevado was heading a new counter-revolution in Chihuahua. He will be sent to Fort Wingate, N. M., with other Mexican refugees. Quevado was in the Huerta army which surrendered at Presidio, Tex., but escaped at that time.

The Brazilian minister in Mexico City informed the state department today that Gregorio Alcaraz, servant of Captain Rosh of the battleship Florida, who went through the Mexican lines, now is held in the military prison in Mexico City. The minister is seeking his release.

ANTI-TRUST BILL PASSES HOUSE

WASHINGTON, June 1.—After about two hours' discussion today the first Webb amendment to the Clayton omnibus anti-trust bill was adopted. On a rising vote 297 members, all that were present, voted to write the amendment into the bill.

Several other amendments, including one proposed by Representative Bryan of Washington, to include the democratic platform, declaration against including labor and farmers' unions under the anti-trust laws, were voted down. The paragraph with the Webb amendment was then passed.

PLAN NATION WIDE VOCATIONAL EDUCATION

WASHINGTON, June 1.—After several months' investigation, the plan for nation-wide vocational education appeared in the senate in a bill introduced by Senator Hoke Smith, one of the commissioners. It proposes an expenditure by the federal government of \$1,500,000 next year for the salaries of teachers of agricultural, trade, industrial and home economics. The amount would increase automatically each year until 1924, when the total would reach \$7,000,000.

An equal amount must be expended by states. A federal board of vocational education would consist of the postmaster general and the secretaries of the interior, agriculture, commerce and labor. State boards of not less than three members each would be provided.

OREGON MINIMUM WAGE LAW APPEALED

WASHINGTON, June 1.—The first case to reach the supreme court in which the validity of a law fixing a minimum wage was involved, was docketed there today. It was the attack of Frank C. Stettler, a paper box manufacturer of Portland, Or., on the statute of that state, under which the industrial welfare commission fixed a minimum wage of \$6.64 a week for women.

GREAT ICE FLOE THREATENED CAMPANIA

NEW YORK, June 1.—After a voyage made perilous by ice which forced her three degrees out of her course, the Campania arrived here today from Liverpool, twenty-four hours late. A great ice floe off the New Foundland banks with its towering bergs and numberless "growlers" extended, passengers said, as far as the eye could see. At times the liner barely held her headway.

T. R. FIRES BROADSIDE WILSON ADMINISTRATION

NEW YORK, June 1.—Failure of the Wilson administration to handle satisfactorily either the trust or the tariff question was charged by Col. Roosevelt in a statement he left behind him for publication after his departure for Europe.

"The cost of living has not been reduced. Not the slightest progress has been made in solving the trust question," he said.

And again: "It has been shown that the reduction of tariff in no shape or way helps towards this solution. The economic conditions are such that business is in jeopardy and that the small business man, the farmer and the industrial wage worker are all suffering because of these conditions."

Colonel Roosevelt said he would put in his hardest work of the campaign in New York state.

"I believe the time has come to clean house in New York," he said.

He assailed the "Murphy and Barnes machines" but made no reference to the tentative plan of the progressive leaders for endorsement of the republican nominee in this state, provided he meets their requirements.

I. W. W.'S CALL JOHN D. ROCKEFELLER MURDERER

TARRYTOWN, N. Y., June 1.—A meeting in protest against John D. Rockefeller, Jr.'s alleged conduct in the Colorado coal strike, held on a public square here Saturday night, was broken up by the arrest of Arthur Carron and 11 followers of the Industrial Workers of the World, including a woman.

Arriving from New York by trolley the I. W. W. partisans marched up Fountain square, attracting a crowd. At the center of the square Carron began his speech. After references to the women and children killed in the Colorado labor war he declared:

"John D. Rockefeller, Jr., who lives in Tarrytown is a murderer."

At this point the police stopped the meeting, arresting the speaker and his followers from New York.

The prisoners will be arraigned tomorrow in the city court on the charge of blocking traffic and holding a meeting in the street without a permit.

MOUNT LASSAN IN ERUPTION

(Continued from page 1.)

Rising. The crater is one-fourth mile from the forest fire lookout house, near the old crater. No damage has been done yet.

Supervisor Rushing reported a forest fire in the neighborhood, covering an area of two acres, but it was said at headquarters here that there was no indication it had been caused by the volcanic disturbance.

Mount Lassen is situated on the boundary between Plumas and Shasta counties in the Sierra Nevada range. It is 10,347 feet high and is of volcanic origin. There are plenty of evidences of comparatively recent volcanic life to be found on the mountain, but there has been no previous disturbance within the memory of the white population of northern California, according to government officials.

HIGHWAY PAVING BEST OF ITS KIND SAY CALIFORNIANS

State Highway Engineer Bedford of California and Siskiyou County Highway Engineer Graves of Yreka visited Jackson county Monday and inspected the work done on local highways. Accompanied by Engineer Kitttridge, they watched concrete pavement laying on the Central Point road and also went over the grading being done on the Siskiyou section.

"We have just let the contract for grading the California extension from the Oregon boundary for eight miles south," said Mr. Bedford, "and the contract calls for completion this summer. The work is not as heavy as that on the Jackson county side, and the cost will not be as great. The contract price does not differ materially per cubic yard. Jackson county is doing good work and getting results."

"No better pavement of its kind can be laid any where than Jackson county is putting down on the Central Point road," said Mr. Graves. "You will have a pavement that will last and give the best satisfaction. I do not know as yet what pavement will be laid in Siskiyou county for our highway. It depends largely upon the state funds available."

REFUSE CLEARANCE PAPERS TO SHIPPERS

WASHINGTON, June 1.—Acting under the decision of the administration to embargo shipments of arms to Mexico, the department of commerce is refusing to issue clearance papers to any Mexican port, to any ships bearing munitions of war. Government agents have learned, however, that ships are clearing from the United States for ports not in Mexico and there re-conigniting their cargoes. It was said the United States has no control over such practice.

MISSOURI PACIFIC DOMINATES MARKET

NEW YORK, June 1.—The market closed steady today. Missouri Pacific dominated the market, dealings in that stock for the greater part of the session exceeding transactions in any of the leaders. The result of the note extension plans was still unsettled when trading terminated at the day's lowest level. Missouri Pacific falling abruptly. More gold for Paris was withdrawn.

LAWRENCE IRVING'S BODY PICKED UP NEAR RIMOUSKI

QUEBEC, June 1.—The body of Lawrence Irving, the English actor, was picked up last night on the west bank of the St. Lawrence below Rimouski.

Irving's face was bruised almost beyond recognition. A signal ring with the initials "L. I." on one of his fingers led to the identification. One hand still clutched a piece of cambric, probably torn from the dress of his wife, whom he was making desperate efforts to have when they were last seen alive.

Captain F. X. Pouliot of the government steamer Lady Evelyn, reported today that he recovered the logbook of the Empress of Ireland late Friday night while searching for bodies. The book was found in a water-tight metal box.

HAS JACKSONVILLE FOUND THE SAME?

The Answer Is Found in the Straight-forward Statement of a Jacksonville Resident

We have been reading week after week in the local press of Medford citizens who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring town. This frank and earnest statement by a well-known and respected resident of Jacksonville will set this doubt at rest.

Andrew Cantrall, California St., Jacksonville, Oregon, says: "When I was suffering from backache and other kidney ailments, Doan's Kidney Pills came to my aid and stopped the troubles. The public endorsement I gave them several years ago still holds good." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cantrall had. Foster-Milburn Co., Props., Buffalo, N. Y.
