

ROSES WANTED FROM ALL POINTS SOUTHERN OREGON

It does not seem to be thoroughly understood that the Rose society of Medford wants members from every point in southern Oregon.

Mrs. J. F. Reddy, president of the Rose society, has just received a most magnificent cup from J. D. Farrell, given in the names of his two children, Helen W. and James B. Farrell.

Mr. Gerig, vice-president and general manager of the Pacific & Eastern railroad, presented a cup to the society, to be offered for the finest ten yellow roses in section I.

Any one wanting to know about the classification of exhibits will find the entire list in Saturday's Mail Tribune, Sunday's Sun, or can procure the list from C. E. Gates, treasurer of the society.

Good roses whose names are not known may be entered, if it is possible for the judges to classify them, though it would be best to secure the name from a grower before exhibiting, as the exhibit might be disqualified.

MRS. C. H. LEWIS, OREGON PIONEER, DEAD

PORTLAND, June 1.—After an illness of three months, Mrs. Cleora Hunt Lewis, widow of the founder of the wholesale grocery firm of Allen & Lewis, and mother of C. Hunt Lewis, formerly of Medford, died Saturday afternoon at the family home, Nineteenth and Gilsan streets.

Mrs. Lewis is survived by three sisters, Mrs. Caroline E. Wilson, Mrs. Elizabeth R. Gilsan, of Portland, and Miss Mary H. Couch, who is now traveling abroad, and by 11 children, ten of whom are residents of Portland.

Her sons are L. Allen Lewis, president of Allen & Lewis; John C. Lewis, Robert W. Lewis. Her daughters are Mrs. J. E. Bingham, Mrs. George Good, Mrs. A. L. Mills, Mrs. Sherman R. Hall and Miss Sarah H. Lewis, all of Portland, and Mrs. Henry P. Fairbanks, of New York City.

As Miss Clementine Freeman Couch, daughter of Captain John H. Couch, a prominent pioneer, Mrs. Lewis came to Oregon in 1852 by way of the Isthmus of Panama. They took a train part of the distance across the isthmus, crossing the Chagres river in a boat.

Portland was a primitive town of only 100 persons when they arrived here. There were then but two streets, the forest extending down to what is now First street, which then had stumps on it.

IOWA PRIMARIES FOR STATE TICKET

DES MOINES, Ia., June 1.—Statewide primaries are in progress in Iowa today to select the candidates for the democratic, republican, progressive and socialist parties for United States senators, members of congress, governor, lieutenant governor and full state and county tickets.

CENTRAL PROBE UP TO COMMISSION

WASHINGTON, June 1.—By a vote of 33 to 22 the senate today referred to the interstate commerce commission the Norris resolution asking the attorney general to state if the New York Central lines constitute a combination in violation of the Sherman anti-trust law, and if he intends to proceed against it.

UNCLE SAM EXPOSES FAKE CHOLERA CURE

WASHINGTON, D. C., June 1.—Evidence of what appears to be a well-organized campaign to delude farmers throughout the country into buying an alleged cure for hog cholera, under the impression that this has been investigated and approved by the United States government, has reached the department of agriculture. Articles praising this medicine, Benetol by name, are being sent out widespread to newspapers.

In connection with this attempt it may be said that the medicine, which is now put forward as good for hogs, was advertised some time ago as a means of killing tuberculosis, typhoid and cancer germs, according to an article published in the Journal of the American Medical association. At that time it was asserted that the army was interested in it.

HODGE DAMAGE SUIT ON TRIAL

TOPEKA, Kan., June 1.—The suit of Mrs. Luella West against Governor George H. Hodges for \$2315 damages, based on an alleged attack in the governor's office, when it is charged, Governor Hodges struck the woman as she sought to carry copies of his private correspondence from the office, was called today for trial.

TUGS AND LAUNCHES SEARCHING ST. LAWRENCE

RIMOUSKI, June 1.—Several tugs and launches, chartered by the Canadian Pacific railway, began today a systematic search of the St. Lawrence river, in an effort to recover more of the Empress of Ireland's dead. One or more launches remained directly over the spot where the shattered hull lies, three miles off shore, waiting for the bodies of some of the victims to come to the surface of the water.

PAINT CREEK OPERATORS SIGN UP WITH UNION

CHARLESTON, W. Va., June 1.—Yielding to the contention of the miners that the operating companies should collect the union dues of the United Mineworkers of America, several coal companies operating on Paint creek signed today the working agreement and reduced the number of idle miners approximately to 3000.

MEDFORD BATS OUT A VICTORY OVER GRANTS PASS

Medford got on its batting clothes yesterday and pounded out an 8-2 victory, establishing themselves as leaders of the league. It was an exciting game, though the score was lopsided, for time after time Grants Pass got runners on bases, and only a single needed to tie the score, but Castor would tighten and mow them down.

Antle made a wonderful running catch in the seventh inning, running over to the foul line and taking one off his shoes. He was a bear at the bat, getting four hits out of five times at bat, for a percentage of .800.

Castor was lucky, having a rabbit's foot in his pocket, a horseshoe on his foot and a clover leaf in his glove, and he needed all of them in the second, when, with the bases full (by walking them) he walked two men in, but the next batter fanned and the damage was over.

Medford started fireworks in the first, scoring three men. Antle singled, Hopkins walked and Hill tripped, Hill scoring a few seconds later on an error. Shine Edwards, the McGraw of southern Oregon, was on hand to tell the crowd about the game and to point out the player's weaknesses.

STEADY WEEK IN STOCK MARKET

PORTLAND, June 1.—Receipts for the week have been: Cattle 940, calves 101, hogs 3408, sheep 4437.

Cattle liquidation was somewhat lighter, compared with a week ago, with improved demand for beef supplies. Steer market particularly firm. Best light hay-fed steers selling \$7.50 to \$7.75; grain-fed stuff brought \$8 to \$8.25 and featured the session. All butcher classes ruled firm.

Market opened steady to firm on Monday, but eased off somewhat by midweek. The bulk of best light swine selling at the market's close at \$8.10.

Sheep house business variable during the week, steady at times, and again slow. Best valley yearlings, ewes and spring lambs, sold firm for the first half, but closed a shade weaker. The following range of prices covers the market Friday morning: Lambs \$6.25, valley yearlings \$5, ewes \$4.25 to \$4.50.

GRAND JURY PROBE TARRYTOWN AGITATORS

WHITE PLAINS, N. Y., June 1.—A grand jury today took up the cases of the 12 industrial workers of the World demonstrators arrested Saturday after they had emphasized their belief in the right of free speech, by a protest in the streets of Tarrytown against the course taken by John D. Rockefeller, Jr., during the Colorado strike.

In charging the jury Justice Arthur S. Tompkins said the constitutional right of free speech did not give professional agitators, who were unwilling to work, the right to incite people on the street to violate the law and create disorder.

"If such agitators wish to talk," he said, "they must hire a hall. No one has a right to speak in the street without such a permit as the local authorities require."

ENGLISH AMBASSADOR SAILS ON VACATION

MILITANTS BURN HISTORIC CHURCH PRICELESS CURIOS

HENLEY, England, June 1.—An arson squad of militant suffragettes today destroyed the historic parish church of St. Mary's, Wargrave, three miles from here, on the Thames. All that remains of the church, which was built in 1538, is a portion of the tower and the scorching stone walls. Just inside the ruins the firemen found a hammer and a heap of suffrage literature with a placard, "Stop persecuting women."

The only property saved was an ancient register and a few church ornaments. These were rescued by the vicar, Rev. Basil S. Batty, who rushed through the flames to get them.

The church contains many priceless treasures, including several bells four centuries old, which melted in the flames, and a monument to Thomas Day, author of "Sandford and Merton."

FRENCH CABINET DECIDES TO RESIGN

PARIS, June 1.—The French cabinet, under the premiership of Gaston Doumergue, has decided to resign. The resolution was taken at a cabinet council today.

The cabinet will meet tomorrow to draft a statement explaining the reasons for its retirement.

The chief factor in bringing about the resignation of the government is understood to be the uncertainty of its ability to control a majority in the chamber of deputies, where some changes in the numerous groups were brought about by the recent general elections.

Differences are said to have arisen among members of the cabinet concerning financial measures and in regard to the three years' military service.

No indication whatever was obtainable today as to the probable composition of the new cabinet. It was thought that the present ministers might continue to hold office until after the meeting of the chamber of deputies and the selection of parliamentary officials. The chamber meets tomorrow, but the credentials of the members can scarcely be passed on before June 15.

"TIZ" FOR TIRED SORE, ACHING FEET

Ah! what relief. No more tired feet; no more burning feet, swollen, hot, aching, sweaty feet. No more pain in corns, callouses or bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ."

"TIZ" draws out all the poisonous excretions which puff up the feet; "TIZ" is magical; "TIZ" is grand; "TIZ" will cure your foot troubles so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore, swollen or tired.

Get a 25 cent box at any drug or department store, and get relief.

GOMPERS GRILLS PASTOR'S DEFENSE OF OIL KING

CLEVELAND, O., June 1.—Samuel Gompers, president of the American Federation of Labor, who is in Cleveland to aid school teachers in striving to form a labor union in opposition to the wishes of the board of education, attacked today the Rev. W. W. Bustard for his sermon Sunday in defense of the attitude of John D. Rockefeller in the Colorado mine strike.

Bustard declared in his sermon that complete unionization of the miners was the cause of the upheaval, and that less than a third of the miners belonged to a union.

"His whole sermon showed mental bias," Gompers said. "Rev. Bustard said: 'And then what did the miners do? They shot the guards and the guards shot the miners. Why didn't he say the guards shot the miners first?'"

"He says the miners brought with them to this country all the pent-up hatred and ignorance of foreign countries. If that is true, so is it all the more true that transportation companies have induced this immigration to replace the American miners who cannot work under the present conditions."

"The fact that Dr. Bustard admits 'wages are too low and working conditions beastly' is the indictment against the company's beastliness and tyranny and refutation of the attempted apology and whitewash."

"The ministerial associations are nothing more nor less than a union of professional theologians."

WOMEN HAVE TO SMILE

In a great many cases and try to make those around them happy, while they are racked with the pain of organic trouble. Few men realize how common such heroism is. The remedy for this condition is Lydia E. Pinkham's Vegetable Compound—a simple remedy made from roots and herbs, which for forty years has been overcoming the most obstinate ills of women. Every woman suffering from female ills owes it to herself and family to give it a fair trial.

COUGH TWO YEARS OLD

Yields to Vinol. Read Why. Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again? Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years and I felt tired all the time. Vinol cured my cough and I feel stronger in every way."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system. You can get your money back any time if Vinol does not do all we say. Medford Pharmacy, Medford, Ore.

Fire! Fire!

When the fire bell rings and the whistles blow and great excitement prevails, in one place at least the work goes on as quickly, methodically and as efficient as in normal times. The work of saving houses from destruction by fire is so commonplace and a part of the regular duties of the telephone operator that it becomes every day routine work. When seconds mean dollars and life itself—when you are awakened in the dead of the night with the glare of lurid flames and pall of smoke—when a whole life's savings is threatened, then is when you value the telephone and then is when you call on the ever ready, alert operator to save your home.

The service cannot be measured by mere dollars and cents—and yet the cost is the least consideration—only 5 cents a day, (no other charge.) Are you relying on us to save your home, just as we are keeping vigil over 2000 other homes in Medford, never sleeping, always on guard, day, night and all the time. The Blue Book of the community goes to press June 10. Let us put your house on the list for fire protection.
