

LOCAL AND PERSONAL

Fire, caused by a defective flue, did \$100 damage to the roof of the home of Frank H. Madden on "Millionaire Row" Wednesday night. The fire was discovered by Mr. Madden about 7:00 o'clock as he was driving home from this city, and had burned a hole three or four feet square when discovered. A spark from the chimney fell upon a "punk" shingle giving the flames a start, which with a few more minutes time would have destroyed the building.

COUNCIL PLANS DESERT

(Continued from Page 1)

to be encouraged in the city of Medford, and of which it is so much in need.

If I remember correctly the history of Medford, not long since an honored member of the city council, through apparent motives of economy (false of course), did what he could to force upon the good citizens of Medford a so-called emergency water system, reserving in a cess pool the waters of Bear creek which if run into the mains and pipes of the city, would probably have been fatal to many and endangered the lives of all the citizens.

The complete paralysis of all progress in the region through which the said electric line runs is so manifest that, under the circumstances, it is extremely difficult for one to indulge in generous impulses.

Every merchant, man, woman and child in the city of Medford is vitally interested in this matter, and in the spirit that should exist in every town, city or community that desires to forge ahead, every citizen should put his shoulder to the wheel and assist in the development of the spiritual and material welfare of every portion of the city.

VANITIE FORFEITS THIRD TRIAL RACE

Two of Crew of Sloop Lost Overboard and Vessel Forced to Stop for Them—Race is Given to Yacht Resolute.

ASSOCIATED PRESS BOAT, off Glen Cove, June 4.—The yacht Resolute won today's trial race against Alexander Cochran's cup defender candidate, the sloop Vanitie, when the latter boat lost two members of her crew overboard and was forced to retire from the contest.

One of the seamen was rescued by a press boat and the other was taken in by the Vanitie, but not until the yacht had dropped hopelessly behind the Resolute. With her rival out of the race, the Resolute finished alone and was declared the winner after the regatta committee had signalled that she need sail only half the eight-mile course.

Ill-luck met Vanitie after she had covered less than four miles of the race and before the boats had rounded the first mark to windward. As she tacked into a strong south wind her deck was at a sharp angle and two of the men on board, half-blinded by rain and spray and hampered by oilskins, slipped over the side. The sound was covered with whitecaps and in order to save the men's lives Vanitie heaved to. Lifebelts were thrown to the struggling sailors and it was some time before one of them could be dragged on board. A press boat in the meantime had picked up the other.

In the meantime Resolute had an easy run to her first mark. The mishap to Vanitie occurred in the lee of the Long Island shore. Though Vanitie was in the lead at the time, Resolute was fast overhauling her.

The official time of Resolute at the finish was 1:55:30. The official elapsed time was 53 minutes and 41 seconds.

CANADA REFUSES MOTHER JONES RIGHT OF ENTRY

SEATTLE, Wash., June 4.—"Mother" Mary Jones, organizer of the United Mineworkers of America, was not permitted to board a Canadian Pacific steamer bound for Vancouver today, being stopped at the gangplank by a Canadian Pacific official. The United Mineworkers have filed a protest with Secretary of Labor Wilson at Washington.

"Mother" Jones, who had purchased a ticket to Vancouver, presented herself at the gangplank of the steamer and was subjected to the usual questioning by a Canadian immigration inspector. Asked if she was an American citizen, she replied: "Yes, and proud of it." She gave Ireland as her birthplace. The inspector looked at her ticket and said, according to Mrs. Jones: "You're not going to Vancouver. You're going to Nanaimo to kick up a disturbance among the miners, and you can't go."

The inspector would make no further explanation and she was obliged to step aside.

ROSEBURG AUTOIST RAMS S. P. MOTOR

The northbound motor of the Southern Pacific railroad was put out of commission at the Tolo crossing Wednesday as the result of a collision with an auto driven by E. W. Monroe of Roseburg. According to Southern Pacific officials, Monroe became confused at the approach of the motor and drove into the side of the motor. The auto was demolished.

The motor coasted into Gold Hill, and was hauled the rest of the way to Grants Pass, for repairs by train No. 16.

COURT LIMITS DOLLARHIDE TOLL TO ONE DOLLAR

Repeal of the Dollarhide system of charging a graduating system of tolls for traffic over their toll road over the Siskiyou was effected this morning by the county court issuing an order fixing the rate at \$1 per vehicle, irrespective of size, number of passengers, or load. Sheriff Singler was ordered to post a notice to this effect at the toll gate and notify Mr. Dollarhide. In case the Dollarhide's fail to abide by this regulation, they will be prosecuted under the state law. Reports have reached the county court the toll assessments were being made as high as travelers would pay.

A committee of fruitgrowers waited upon the county court in regard to the appointment of M. P. Henderson of the University of Wisconsin as pathologist, under the state law, providing the state pay one-half, and the county the other half of his salary. The court took the matter under advisement. Mr. Henderson received the approval of the fruit-growers meeting last Saturday.

betterment of hot hite roads and the public."

Ledyard Testifies

Following Mr. Skinner's testimony Mr. Ledyard was called, but was not sworn. He said he desired to contradict certain statements made by Mr. Mellen in his testimony.

On the Boston & Maine board, he said, he represented the largest holders of stock, the American Express company.

"I tried to get for the American Express company the business of the New Haven, but it was never a condition of the sale of the Boston & Maine stock. Mr. Mellen has testified that what I was after was to get an extension of the contract between the American Express company and the Boston & Maine. There is not a word of truth in that statement. After I had become a director of the New Haven, Mr. Mellen sent for me and said he wanted to take the road's express business

away from the Adams company, and asked if the American Express company would take the business. I told

him it would not. "I said: 'Do you think I would let you turn the Adams company off and

have people say that this was due to my using my influence as a director?'"

Costs least PER MILE

We do not manufacture Red Crown to sell at any set price. We make the best gasoline that our experience and resources enable us to produce. The quality of the gasoline determines its price—not the price its quality.

RED CROWN

The Gasoline of Quality

That is why Red Crown may cost you a little more per gallon—also why it costs you less per mile. Red Crown is a product of the best California crude—distilled and redistilled—a product of straight refining, not a mixture. It's absolute uniformity avoids readjustments of the carburetor and assures full power and mileage always. Make it a practice to ask for Red Crown.

Red Crown signs are furnished to all dealers handling Red Crown Gasoline. Watch for the sign or ask our nearest agency about delivery in bulk.
