ELKS RUSH WORK ON CLUB HOUSE, READY BY FALL

Construction work on the Medford Elks' temple is well under way and the Elks' building committee is assuring the membership that the new home will be completed and furnished and ready for occupancy early this fall.

This encouraging report to the lodge has been made possible by the disposal of practically all of the \$45,000 bond issue, which met with ready sale to the membership and other local people.

Construction work on the carpenter's contract has been under way several days, this contract having been awarded to R. I. Stuart. The contract for brick construction was awarded to George O'Brien. A number of local members of the lodge were up early this morning and laid the first brick in the wall when the brick masons came to work.

The building will be constructed of white pressed brick and will be ornamented with concrete trimmings. The large front entrance will be finished in polished marble, while ten massive concrete pillars will support the verandas and the west and south elevations and the portico entrance to the building. The building when completed will be the most imposing structure of the kind south of Portland.

It Theater Special Today.

Friday and Saturday matinee and evening. "Seeing South America with Colonel Roosevelt," first time in motion pictures, a Mutual movie, the most talked of man today, fresh from the trip, and a rare treat to every man, woman and child in Medford. You'll see views of the harbor of Rio De Janeiro, beautiful avenues of the South American capitol, the neptune ceremonies, and the initiation of those who crossed the equator with the colonel. Scenes taken in the Leper colony in Trinidad, boxing bouts aboard ship, being refereed by the colonel and other games as tennis, schuffeboard, chess, checkers, horseback riding, pillow fights. The colonel roars with laughter and allows the tanko to be danced, but no turkey trot or Texas Tommy for him. Stormed by newspaper men and camera men in Brazil, refusing to be caught in Napoleonic pose, he is taken on the wing.

A riot of 100 of the "still" camera men, caught by our "Mutual Movie" camera man. Also a tropical storm at sea, along with "Mutual Weekly News," showing first films of Stefanson's Canadian arctic expedition, sent 1200 miles by dog sleds, etc. Only 10 cents.

Recovered from Lung Trouble—Now Insured

Insurance companies will not accept any one affected with Lung Trouble. When you know a man who has been afflicted and who later has been insured, such action means that the policy holder must be in a very good state of health. Cases have been reported when Lung Sufferers, after taking Eckman's Alternative, a remedy for Throat and Lung Troubles, have successfully passed the medical test of insurance companies. Read this case: 237 Dean St., Brooklyn, N. Y. "Gentlemen: About a year and a half ago I noticed that my health was rapidly falling. I was troubled with night sweats, a severe cough and was very weak; having, in fact, absolutely no ambition whatever. About this time I consulted a physician, who told me my lungs were affected. Not satisfied I went to another doctor, who, after examining me, said that I was in the first stages of Lung Trouble. At this point I started to take Eckman's Alternative. The night sweats stopped, almost immediately, my cough became hoarse and gradually disappeared. My weight is now 142 pounds and my physician has pronounced me perfectly sound—which, together with the fact that I have just been accepted by two different insurance companies for insurance, makes me sure of my future recovery by Eckman's Alternative. W. E. GERR. (A. B. Davis) (Those who have been cured by Eckman's Alternative have been given by many years the best medical education in the world. Those who have been cured by Eckman's Alternative should be given the credit and in upholding the system. Eckman's Alternative is the only remedy for Throat and Lung Troubles. For booklet telling of recovery and write to Eckman's Alternative, 125 Broadway, N. Y. City. Sold by all leading druggists.

MANUFACTURIES NEEDED

WE all clamor for factories in Medford. The payrolls are needed to make the community self-supporting. The more we have, the better foundation for prosperity, as the factory brings in outside money and utilizes native products, besides providing occupation.

Handicapped as Medford is, isolated from the world, with a long rail haul necessary to reach populous centers as markets, our factories must be limited in number and confined to those products that can stand the transportation charge. Cement factories, lumber and box factories and canneries are needed and will do well, the valley itself offering a market for a considerable output. But other factories that can hope to succeed are limited.

A year or so ago, a stock food factory was started in a modest way in Medford. Like other successful ventures, it was based upon the application of a new idea to the business—that of manufacturing stock, cattle and animal foods and remedies in concentrated capsule form, instead of bulky powders and liquids as heretofore. The field occupied was a new one and the products found a ready sale and a growing demand wherever offered.

This factory has proven that it is one of the class of factories that can be successfully maintained in Medford, and which the people of the community must assist in establishing, to the end that the community itself may become more prosperous.

The more such institutions Medford has and the larger they become, the more substantial the development of the city. The co-operation of the community should be forthcoming, not only in securing this class of enterprises which can be successfully established, but in the maintenance and enlargement of those already here.

CHAMBERLAIN MAKES GOOD

A WASHINGTON dispatch states that Senator Chamberlain has had inserted in the sundry civil bill, which will be reported next week, \$100,000 for Crater Lake road work. In addition, he has secured the largest sums for the development of Oregon rivers and harbors ever appropriated.

Senator Chamberlain occupies a strong strategical position and wields a great power in the senate. He has about the same positions formerly held by Senator Bourne and is actually accomplishing as much for his constituents as the latter, who broke all records.

Senator Chamberlain is chairman of the committee on military affairs—in case of war, the most important position in the senate. He is on the following committees: Agriculture and forestry, appropriations, commerce, public lands and territories. The all-important committee, from the viewpoint of his constituents, is of course the appropriations committee, which passes upon all expenditures.

Senator Chamberlain's greatest work in the senate is the Alaska railroad bill, which will open up that territory to development. For the government it marks a new departure in federal affairs.

Mr. Chamberlain has been in Washington long enough to become of real value to Oregon as well as to the nation. No other senator could in years attain the committee positions, influence and prestige now his. It would be rank folly not to send him back—for he has made good for Oregon in every sense of the word.

Rheumatic Throat Is Common Trouble Should Be Treated in Blood To Prevent Recurrence.

There are successful gargles that stop soreness in the throat, but to prevent their incessant return, the blood must be put in order. The best remedy is S. S. S., as it influences all the functions of the body to neutralize the irritants or waste products and to stimulate their secretion through the proper channels.

Rheumatic sore throat is a dangerous indication, as it means that the blood is loaded with more uric acid than the kidneys can excrete and may thus lead to serious general disturbance.

The action of S. S. S. stimulates cellular activity. It prevents the accumulation of irritants in local spots. It enables the arteries to supply quickly the new red blood to replace worn-out tissue.

For this reason uric acid that finds the throat an easy prey to its breaking-down influence, is scattered and eliminated. In other words, S. S. S. prevents chronic conditions by enabling all the mucous linings of the body to secrete healthy mucus. Its influence is shown in a marked improvement of the bronchial tubes, whereby the huskiness of voice with thick, grayish expectorations is overcome. S. S. S., well diluted with water, means a blood bath, since it is welcome to any stomach and at once gets into the blood.

S. S. S. is free of all minerals and contains ingredients wonderfully conducive to well-balanced health.

You can get it at any drug store, but do not accept anything else. There is danger in substitutes. S. S. S. is prepared only by The Swift Specific Co., 528 Swift Bldg., Atlanta, Ga. Our Medical Dept. will give you free instruction by mail on any subject of blood disorders. Write today.
