TAFT PRONOUNCES SOCIALIST DOOM AT NEW HARMONY

NEW HARMONY, Ind., June 8.—Reasons for the failure of experiments in socialism were discussed today by William H. Taft in an address at the centennial of the founding of New Harmony. This town probably is the most famous of places in the United States, where the exponents of socialistic and community ideas tried to prove the practical value of their theories.

What was probably the first suffragette plot in history is described by James Baikie in a communication to the National Geographic society at Washington, D. C., summarizing the more recent explorations and excavations in Egypt which have done much to reveal the history of an ancient world power.

Continuing his discussion of the position of women in ancient Egypt, Mr. Baikie says: "Though there are certain features, such as their loose ideas in the matter of consanguinity, which shock our modern sense of morality, the ideas and practice of the ancient Egyptians in respect to the position of woman are remarkably advanced and rational, comparing very favorably with those of the great nations of classical antiquity."

Indian History of the Modoc War by Jeff C. Riddle, \$2.50. Leland Beveridge, local agent. In as far as the writer knows, this is the only clear presentation in book form of the Indian's side of that war, wherein fifty-three Indians repeatedly defeated the army of the United States, combined with the militia of Oregon and numerous Warm Spring Indian scouts.

THAW APPLIES FOR RELEASE ON BAIL WASHINGTON, June 8.—Application was filed today in the supreme court by counsel for Harry K. Thaw for his release on bail pending consideration by the court of the extradition case on which the state of New York is seeking to remove him from New Hampshire.

FORD'S PHILANTHROPY A FAILURE

LAST January Henry Ford, builder of automobiles, startled the world by the announcement that he would share the immense profit his factory was piling up, with his employes by paying a minimum wage of five dollars a day, regardless of the earning capacity of the workman.

Many of the employes, perhaps a majority of those affected, were foreigners and did not even speak the English language. Their habits were as uncouth as their work was unskilled.

Whether or not the increased wage scale really does the men any good is doubtful. To be of value, the wage must be earned. Only reforms that come from below are lasting, those from above are not. Sudden and unearned wealth tends toward demoralization.

It would have been better to have kept the men employed a longer time at ordinary wages than a short time at double price.

First Suffragette Plot in History

What was probably the first suffragette plot in history is described by James Baikie in a communication to the National Geographic society at Washington, D. C., summarizing the more recent explorations and excavations in Egypt which have done much to reveal the history of an ancient world power.

Continuing his discussion of the position of women in ancient Egypt, Mr. Baikie says: "Though there are certain features, such as their loose ideas in the matter of consanguinity, which shock our modern sense of morality, the ideas and practice of the ancient Egyptians in respect to the position of woman are remarkably advanced and rational, comparing very favorably with those of the great nations of classical antiquity."

Indian History of the Modoc War by Jeff C. Riddle, \$2.50. Leland Beveridge, local agent. ways considered cowardly, subsequently deserted him, joined the army under liberal pay and betrayed him into the hands of his enemies, that they might save their guilty lives, and were then treated by the whites as heroes, while Jack was hung. All this is clearly set forth by Mr. Riddle, who was in the midst of these stirring scenes, while both of his parents were acting as interpreters.
