UNIVERSITY DRAMA LEAGUE TO PRESENT TRAGEDY OF LEAR

UNIVERSITY OF OREGON, Eugene, June 13.—The tremendous production of "King Lear," which in the English speaking world in the last century has been essayed by only a few actors—only ten notable ones. In fact—is to be presented Monday night, June 15, as part of the commencement exercises of the University of Oregon. The performance will be open to the public, and will be an outdoor one.

Three things bring within practical bounds the attempting of so heavy a tragedy by the University of Oregon Drama Guild. First, the performance being on Kincaid field, certain scenic effects and settings will be possible that can scarcely be obtained indoors. Second, the difficult production of "Peer Gynt," given at the commencement of 1913, brought a response from the 2500 spectators that made the attempt at the still more difficult "Lear" seem not presumptuous. Third, the University of Oregon has a man who can take the part of "Lear"; he is Professor Archibald F. Reddie.

"Lear," so far as Professor Reddie knows, has never been presented by an American university. The tragedy in stage form is now more familiar to the Germans than the English. "Our Shakespeare" is the pet name the Germans are bestowing upon the bard of Avon, so much more popular are his plays in Leipzig and in Berlin than in England or America.

The cast: "King Lear," Professor Archibald F. Reddie; King of France, Max Reigard; Marshfield, Ore.; Duke of Burgundy, Clarence Brotherton; Watsburg, Wash.; Duke of Cornwall, Mandell Weiss; Portland; Duke of Albany, Elmer Furuset; Eugene; Earl of Kent, Edison Marshall; Medford; Earl of Gloucester, Earl C. Bronaugh; Milwaukie, Ore.; Edmund, Clarence Ash; Portland; Edmund, Henry Lowe; Eugene; Oswald, Mackinlay Helm; Lewiston, Idaho; knight, attendant on Lear, Harold W. Turner; Eugene; court fool, Carl Naylor; Las Cazcedas, Canal Zone; doctor, George Colton, Portland; herald, Mr. Turner; captain employed by Edmund, Mr. Brotherton; gentleman in Albany's suite, Mr. Reigard; first servant to Gloucester, Mr. Turner; first page, Master Ian Campbell; Eugene; second page, Master Jack Campbell; Eugene; Goneril, Miss Ellice Shearer, Portland; Regan, Miss Norma Dobbie, Madison, Wis.; Cordelia, Miss Janet

Young, The Dalles; knights, lords, ladies, soldiers, bearer of the crown, standard bearers, servants, etc.

CHICAGO, June 13.—Grace Wilbur Trout, one of the leaders in the woman's suffrage campaign before the convention of the General Federation of Womens Clubs, said today that there would be practically no opposition to indorsement of the principle of woman's suffrage. She said no attempt would be made to have the federation adopt suffrage as a part of its propaganda.

POLITICAL EQUALITY PRINCIPLE FAVORED BY CLUB WOMEN

CHICAGO, June 13.—The principle of woman's suffrage was indorsed here today by the General Federation of Women's Clubs. By this action a twenty years' fight by the suffragists to break down the federation's constitutional bar on political and religious subjects was successful.

The actual operation required less than five minutes. The motion was made by Mrs. E. G. Denniston of San Francisco, chairman of the resolutions committee.

There were seconds from all over the house, but Mrs. James Lee of Kentucky insisted on being heard and read a paragraph of the bylaws-like woman's creed. Others would have spoken, but Miss Lattie E. Stearns of Milwaukee objected.

"I don't know why there should be any discussion," she said in a voice that shook with emotion. "Eight million women are waiting for us. As Mrs. Carrie Chapman Catt said in her wonderful address last night, the women of the world are waiting for our action today."

When the question was put there was a chorus of "ayes," but scattered negatives were plainly heard. While Mrs. Percy V. Pennybacker was declaring the motion carried and pounding with her gavel for order, the pro-suffragists arose and clapped their hands. There were tears of emotion in many eyes. Then in a distant gallery to which the Illinois delegation as hostess had assigned itself, the women raised their voices above the tumult in the "Battle Hymn of the Republic." The refrain, "Glory, Glory Hallelujah," was taken up in various sections of the auditorium.

The resolution follows: "Whereas, the question of political equality of men and women is today a vital problem under discussion throughout the civilized world; "Resolved, that the General Federation of Women's Clubs give the cause of political equality its moral support by recording its earnest be-

MRS. LYON'S AGHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound. Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to woman a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound, and in some cases that it has saved them from surgical operations.

A Hint for Coming Maternity In a little book designed for expectant mothers more complete instruction is given in the use of "Mother's Friend." This is an external embrocation applied to the abdominal muscles for the purpose of reducing the strain on ligaments, cords and tendons. It serves to ease the mind, indirectly has a most beneficial effect upon the nervous system and thousands of women have delightedly told how they were free of nausea, had no morning sickness and went through the ordeal with most remarkable success. "Mother's Friend" has been growing in popular favor for more than forty years. In almost every community are grandmothers who use it themselves, their daughters have used it and they certainly must know what a blessing it is when they recommend it so warmly. It is used very successfully to prevent sickness of breasts. "Mother's Friend" has been prepared in the laboratory of Bradford Regulator Co., 204 Lamar Bldg., Atlanta, Ga., for more than two generations and can be had of almost any druggist from coast to coast. Write to-day for the little book.

PUMP WATER FOR FIVE CENTS PER 1000 GALLONS

Your irrigation problem may be solved the electric way. If you have water supply from well, creek or stream, a one-horsepower motor can be installed to drive a one-inch centrifugal pump delivering twenty gallons per minute, or twelve hundred gallons per hour, to an elevation of forty feet. The cost of electric current to operate this pumping plant is \$25.00 for the season, or \$4.17 a month, or .058 per hour, or a cost of about 5 cents per 1000 gallons. Our distributing lines cover a large portion of the out-of-town roads in this county. We will be pleased to make you an estimate of cost of installing pumping plant.
