It was quick work—fifty seconds after the start. Cheape followed after goals had been changed by backing up Tomkinson and scored a second goal for the English. It was apparent that the American team was being outplayed and outscored.

Total score at the end of the first period: England 2, America 0.

In Second Period

La Montagne missed an easy goal at the outset. Monty Waterbury also missed. The English carried the ball the full length of the field. Cheape missed by a narrow squeak. Milburn saved the situation by riding the English captain off. Waterbury then scored America's first goal.

Total score second period: England 1 1/2, America 1.

England lost half a goal on a foul by Cheape on Monty Waterbury.

FORMER PRESIDENT'S SON A BRIDEGROOM

MR. KERMIT ROOSEVELT

STANDFIELD MAY NOT BE PROSECUTED

There is a strong probability that George Standfield, held in the county jail, for an alleged statutory offense, filed by the father of a Miss Robinson, age 16, will not be prosecuted, upon the grounds of insufficient evidence and lack of intent. Efforts are being made by Attorney W. P. Mealey for Standfield, and friends of the young lady to adjudicate the matter out of court.

Friends of both maintain that a misunderstanding and undue haste resulted in the warrant being sworn out, and Standfield's arrest, and that when the attendant publicity came, there were regrets, and immediate steps to undo the arrest.

The preliminary hearing was to have been called before Justice Doherty at Jacksonville this morning but the trial was postponed pending developments.

According to Attorney Mealey, Standfield is under a severe mental strain as a result of his arrest, and is worrying for fear his people will learn of his predicament. Attorney Mealey says he is a university man, a graduate of an agricultural college, and a football player.

SLIGHT INTEREST IN SCHOOL ELECTION

Little interest is being manifested in the annual school election that will be held Monday. B. F. Mulkey is the only candidate for the directorate to announce his candidacy. The term is for five years. The election will be held in the high school building, beginning at 2 o'clock. Other business pertaining to the schools will be transacted.

SKIN NEEDED TO SAVE CHILD'S LIFE

The life of Sarah Green, daughter of Mr. and Mrs. I. E. Green, age three years old, burned while playing with matches in a tent at the 491 orchard, two weeks ago, can be saved if skin enough can be secured to graft upon the seared side and arm of the little victim. Therefore, Dr. E. H. Porter has issued a call for women volunteers, to be ready next Tuesday, to give of their own, that a little child may have a fighting chance for life.

Sarah was badly burned in the accident, and has been lying at Sacred Heart hospital for two weeks in a precarious condition. The skin to be grafted will be tested for healthiness, and the operation is one of the most difficult in surgery. But a small portion will be taken from each volunteer, so many will be needed to make up the necessary amount. No danger is risked by the person giving.

It will be remembered that Sarah was playing with matches in a box of old clothes. The flames spread quickly in the flimsy cloth, burning the little girl's clothes, and searing her right limb and side. She is a niece of Wes Green.

JOHN GUND WINS KENTUCKY DERBY

CINCINNATI, O., June 13.—John Gund won the thirty-second Kentucky derby at the Latonia, Ky., race course today. Constant, with Waldron up, was second, and Dr. Samuel, piloted by J. Henry, was third. Time, 2:20 2-5. Bronze Wing and Casuarina also ran.

TEDDY IN LONDON TO LECTURE UPON RIVER OF DOUBT

LONDON, June 13.—Colonel Theodore Roosevelt arrived in London today from the continent, accompanied by Mrs. Nicholas Longworth, and Philip J. Roosevelt, his cousin.

Ambassador Walter Hines Page was waiting at the station. With him were the members of the embassy staff, Lieutenant Colonel Arthur Hamilton Lee, former British military attaché at Washington, and now Conservative member of parliament; R. Newton Crane of the American society in London, and a number of other Americans.

One of the first to welcome Colonel Roosevelt was the Arch Bishop of Canterbury, who had traveled on the same train and who greeted him on the platform.

"My visit to England is purely a social and scientific one. I have come here to lecture before the Royal Geographical society on the subject of my discoveries and adventures in Brazil and also to meet friends. I will not discuss politics, either American, English or French."

This was the reply of Colonel Roosevelt to a bombardment of questions from a score of newspaper men for whom he held an informal reception at Lieutenant Colonel Lee's London residence.

Visited By Keltie

One of the colonel's first visitors was Dr. John Scott Keltie, secretary of the Royal Geographical society, who brought with him a number of maps for the use of the colonel in his lecture. This is to be delivered in a small lecture hall so that the audience will be composed entirely of those Fellows of the society who made early application. There is to be no discussion, and while it has not been disclosed whether Colonel Roosevelt will make any reply to A. Henry Savage Landor, the British explorer and others who have questioned his discovery, it is understood that this is not considered necessary, because there has been no tendency to attempt to discredit the sincerity and the usefulness of the colonel's exploratory work.

It is possible Colonel Roosevelt may see King George before his departure from England. His Majesty is spending a week at Windsor Castle, but no arrangements have been made for a meeting.

ILLINOIS SUFFRAGE ACT UPHELD BY SUPREME COURT

SPRINGFIELD, Ill., June 13.—The Illinois woman's suffrage act was declared constitutional by the state supreme court today in deciding the Seown suit.

The women's suffrage act, the validity of which was upheld by the decision, granted limited suffrage to all women citizens of Illinois, permitting them to vote for statutory officers and upon propositions presented to the Illinois electorate.

State and other officers named in the Illinois constitution were exempted from the act, which, however, left the women free to vote for municipal officers and for township officials. Under the act women in every part of the state participated in the spring elections and in the township and municipal local option elections were instrumental in voting out of existence approximately 1000 saloons. In the same elections women for the first time, in more than a score of instances, were elected to official places.

The decision was hailed with rejoicing at the equal suffrage headquarters.

It is now the plan of the suffragists to work for a constitutional amendment which will permit the passage of a law granting to women the right to vote for every elective office in the state.

HUERTA EMPLOYS ATTORNEY TO LOOK AFTER INTERESTS

WASHINGTON, June 13.—While officials here today expressed great satisfaction over the signing of the protocol in the Mexican peace negotiations at Niagara Falls, satisfied that it means the elimination of Huerta, it developed General Huerta has engaged counsel to represent him here, and that through this agency he is constantly in touch with the Washington government and developments at Niagara Falls.

Charles A. Towne of New York, former United States senator from Minnesota, is General Huerta's counsel and during the last few days he has conferred with Secretary Bryan and had been in consultation with President Wilson over the development of the plan whereby it is proposed to transfer the Mexican government from Huerta to provisional regime.

Mr. Towne declared today the signing of the protocol was a hopeful sign of a satisfactory settlement being reached but he looked upon today as the most critical one since the mediation conference began.

Mr. Towne was in touch early today with Huerta's commissioners at Niagara Falls and also in communication with Mexico City by telegraph.

Choosing the Bride's Silver

It must be true in weight and fineness and be correct in pattern. It should bear the mark of a well-known maker and come from a store of character.

It is something bought for a life-time to be filled in and amplified as the years go on.

Let the advertising in this newspaper help you in your choice. Advertisers are daylight men.

They make good on their promises and they use their advertising not merely to make sales but to build business.

I carry the largest assortment of the Gorham Sterling Silver which has been recognized as the leading bride's silver. It has the largest silver factory in the world back of it.
