

BASEBALL CARNIVAL IN FULLEST SWING; MANY ATTRACTIONS

With tonight officially scheduled as the opening night, the Medford Baseball association carnival is really in full swing, the management having staged a "get-ready night" last evening, which, if one can judge from the comment about town, was a decided success.

The Foley & Bark amusements are lined up on the Southern Pacific right-of-way opposite the Nash hotel, and on Front street, and the show paraphernalia presents a fine appearance and the attractions are meritorious and clean. The company carries about a hundred people and each one seems to have nothing to do except pay strict attention to his own particular position. The organization and discipline is not unlike a circus.

The attractions consist of a huge Ferris wheel, galloping horse carrousel, Topsy-Turvy Town, Reef Trust, cabaret show, "Elizabeth, the living doll," Trip to Mars, Pilgrim's Progress and big Congress of Wonders, which is known in carnival parlance as a "ten in one."

Bimbo and Neville and the Aerial Rolfes furnish the free open-air vaudeville attractions, and both teams are well on a par with the acts on the best vaudeville circuits. Miss Bimbo and her performing partner present a particularly interesting act, feats of strength and agility predominating. They have recently completed an engagement with the Considine & Sullivan circuit on what is known as the "little big time."

Today the votes in the "crabber contest," which the ball team has been conducting, will be counted and the "chief crabber" announced.

Tomorrow afternoon there will be a decorated doll carriage parade, all of the little mothers of the city being eligible for entry. The prizes will be for the best decorated doll carriage, most unique doll carriage, largest doll, smallest doll, largest doll family, most unique doll and prettiest pair of doll twins.

This evening has been designated Gold Hill night, in honor of the Gold Hill team of the Rogue River league.

Before lecturing to the Fellows of the Royal Geographical society, was the guest at dinner of the Geographical club.

TURKS MASSACRE HUNDRED GREEKS IN ASIA MINOR

ATHENS, Greece, June 16.—Greek refugees from Asia Minor brought reports today of the massacre by Turks of one hundred Greeks, including priests, old men and children, in the town of Phokia, twenty-five miles northwest of Smyrna.

The town, according to report, was invaded by a horde of armed men, who looted and then set fire to all the buildings. They are said to have been assisted by the Turkish police. The inhabitants, most of whom were Greeks, fled, leaving their property behind them, and \$3800 of them have reached Salonika. They declare the bodies of the massacred people were thrown into wells.

The refugees, many of whom were suffering from wounds, were in a state of starvation on their arrival.

AMERICAN HORSE WINS ASCOT RACES

The stakes are valued at \$10,000 and the distance is two miles.

The gold vase given by the king was won by Lord Derby's Glorvina. Cincinnati was second and Thistleton third. Eleven ran. The gold vase is valued at \$1000, to which \$2000 is added, as well as the sweepstakes. The distance is two miles.

NEWLANDS FATHERS FEDERAL INCORPORATION

WASHINGTON, June 16.—Senator Newlands, chairman of the Interstate Commerce Commission, today re-introduced his bill for the federal incorporation of railroads. He first introduced it in 1896.

"The recent decision of the supreme court in the Shreveport rate case and the proposed legislation for the regulation of the issuing of stocks and bonds show the trend is to place the entire jurisdiction over railroads under the federal government," said he.

MEDIATORS TRY TO PICK LEADER TO REPLACE HUERTA

NIAGARA FALLS, Ont., June 16.—Delegates to the Mexican mediation conference continued today consideration of a list of names from which it is hoped to choose a successor to Huerta. It was deemed improbable, however, any agreement would be reached immediately.

Kimilio Rabasa, chairman of the Mexican delegation, received a telegram from General Huerta today, denying he is being represented in Washington by former United States Senator Charles A. Towne. General Huerta said Mr. Towne is not acting as his agent in any capacity.

The transfer of Luis Terrazas, wealthy Mexican land owner, from the palace at Chihuahua, where he has been under confinement for several months, to the penitentiary, was responsible, it was learned today, for Ambassador Da Gama's request last night to Secretary Bryan through the American delegates to secure his release. The United States was asked to use its influence in his behalf.

FEAR MISSING BALLOON MET WITH DISASTER

PORTLAND, Ore., June 15.—That disaster in some form has overtaken the crew of the balloon Springfield, which vanished after having left here Thursday, with three other balloons, in a race under the auspices of the National Aero club, seemed certain early today. Yesterday and last night an organized search over the Sandy river district, where the balloon was reported seen at 4:30 a. m. Friday morning, proved fruitless.

While the officials of the Portland Rose Festival, who are directing the search for Captain Roy Donaldson, of the Springfield, and Wilbur Henderson, his aid, still held to the hope that the balloon had safely descended, they believed it to be impossible that the aeronauts could have survived the perils of the rough mountains without serious suffering.

Today additional searching parties left for points to the south and west of here. The three other balloons in the race, the Uncle Sam, Million Population Club and Kansas City III, were wrecked in their descent while their pilots and aides narrowly escaped with their lives.

SEVEN INCINERATED BY BLAZE AT MILFORD

MILFORD, Mass., June 16.—Seven men were burned to death and twenty seriously injured when eighty persons were trapped in a burning Armenian lodging house here early today. The victims were laborers.

WANTED-MORE DEADONES

The Rogue river valley sent a special to Portland today carrying 225 passengers. And this from a community that Corvallis conservatives like to tell us has been killed "deader than a door nail" by boosters. May the good Lord give us more dead ones if they are of the Medford caliber.—Corvallis Gazette Times.
