

\$50,000 IN PRIZES SHOOTING TOURNEY SAN FRANCISCO 1915

SAN FRANCISCO, June 25.—Among the important events that will attract attention among men of all nations at the Panama-Pacific International Exposition to open in San Francisco February 20th, 1915, is the grand prize shooting tournament under the auspices of the San Francisco International Shooting Festival Association to be held in Shell Mound park from August 8th to September 20th, 1915, for which event the association has appropriated \$50,000 in prizes for a beginning.

The tournament will include contests with rifles, pistols and revolvers; short and long ranges, natural and artificial light and an endless variety of weapons and targets.

The \$50,000 appropriated by the association for prizes is merely a starter. To that sum may be added fully as much more and, perhaps twice as much contributed by individuals, firms and corporations and by shooting societies that will send teams to take part in the contests.

LADIES CARRIED WHIPS FOR REV. W. G. SMITH

GRANTS PASS, June 25.—The case brought by Rev. W. G. Smith against citizens of Wolf Creek for chasing him out of that town, was on trial today before Justice Holman. Mr. Smith testified that he had been showered with eggs and rocks, but some of the witnesses said that they had seen no violence used, while others testified to having seen only a single egg hit the examiner. The evidence showed that the word had been passed around the village for all to turn out and escort Smith to the depot and to show him that his presence was no longer desired in the community.

Mae Nealon closed a successful term of school in the Meadows district last Friday and has returned home for the summer. The board was so well pleased with her work that they made her a very flattering offer to teach the next term.

A soft rain began falling Tuesday afternoon that is doing a world of good to growing crops in this vicinity.

Although it looked like rain Friday morning a four horse load of our jolly young people started for the Meadows to take in the picnic and school entertainment.

Arriving there about noon they became the guests of the Meadows people at a picnic dinner served in the beautiful grove on the banks of Evans creek. We will not attempt to describe that dinner for among the large assortment of wild strawberry shortcakes, wild blackberry pies and other delicious "eats" we were soon lost.

After dinner we went to the school house which was soon filled to its fullest capacity and for more than two hours were entertained by a very interesting and instructive program which must have taken much work to prepare.

One noticeable feature of the program was the way they slammed the old maids and bachelors, and judging from the large number of beautiful babies present the Meadows people do not believe in single blessedness.

About 6 o'clock we started for home feeling well repaid for the day spent with the generous people of the Meadows. The excursion was engineered by Ed Vincent and Emmett Nealon which insures safety and a good time.

The children's Day exercises on the river last Sunday were attended by a large crowd, there being people present from all over the county. During the forenoon the Table Rock Sunday school gave a very appropriate program which was well carried out after which long tables were loaded with the contents of scores of baskets and every one invited to partake. Father Howlett of Eagle Point carried off the honors at the table, being the first to begin and the last to quit. In the afternoon Rev. Smith of Medford preached a very beautiful sermon.

EAGLE POINT EAGLETS

By A. C. Howlett.

The last time that I wrote for the Mail Tribune I had to admit quite a number of items for lack of space, for that good natured editor has asked me to keep inside of a half a column, but some of the items are like the old ladies church letter, will keep. Among the items omitted last week was one about our school election. There were fifty three present and among other things they did was to elect George Von der Hellen as director and J. V. McIntyre as clerk, and voted a six mill tax.

Just while I was writing the old postmaster, A. J. Florey, was preparing to turn over the postoffice fixtures to the new postmaster, W. C. Clements, and he and his good wife are now filling the position of postmaster and deputy P. M. and are getting along nicely with their work. But we confess that it is with feelings of regret that we have to miss the time honored face of the old vet A. J. Florey.

Clay Cole, the engineer on the Pacific and Eastern, has moved to Medford.

Last Friday afternoon Mrs. George Von der Hellen called Mrs. Howlett over the phone and engaged supper for a little party of seven or eight, as it was their seventh anniversary of their marriage. The company consisted of Mr. and Mrs. George Von der Hellen and son Donald, Mr. and Mrs. W. C. Clements and nephew Bert, J. V. McIntyre, the cashier of the First State Bank of Eagle Point, and Dr. Wm. P. Holt, our local M. D. After the feast was ended the ladies, including Mrs. Howlett, repaired to the opera house where a blind lady by the name of Brown gave a free musical entertainment and those who heard it were well pleased. At the close a collection was taken up amounting to over ten dollars.

At the supper given for Mrs. Von der Hellen and friends, I missed Mrs. Dr. Holt and Mrs. McIntyre, and upon inquiry learned that Mrs. McIntyre had gone east on a visit and that Mrs. Holt was in the hospital in Medford, but the word is that she is getting along nicely.

Last Sunday morning Rev. M. C. Davis, our S. S. evangelist left the Sunnyside on his motor cycle and your correspondent and C. E. Johnson started in a buggy for Table Rock to attend the children's day exercises, and on reaching the ground found W. E. Hammel, Mr. Birdsman and his sister, Mrs. Clarno and two children, Misses Samantha, Jessie and Delbis Minter of the Reese creek Sunday school and a few from Agate, Central Point, some from Antioch, but we found that we were ahead of the crowd. Soon the rest of the Agate school arrived and the people came from every direction, amounting to about 200, and soon the exercises commenced, led by the evangelist, Rev. M. C. Davis, and then the program was in full swing and some of the pieces rendered by the Sunday school children would almost make an old drunken sot shed tears, they being so pathetic and well rendered. At the close of the program a collection was taken up for the Sunday school cause, amounting to \$6.45; after which dinner was announced. And right here I want to suggest to the editor of the Mail Tribune that he go out into the country and attend one of those picnic dinners, and then he will know how to sympathize with his correspondents in their efforts to do justice in writing an account of what they have to eat and what an enjoyable time they do have, where everything is as free as the air we breathe and of the very best the land affords.

But I must stop right here or that editor will fire me for my trying his patience. But I will add that last week Roy Ashpole, one of our leading business men, renewed his subscription to the Daily Mail Tribune and that Mrs. B. Clarno gave me a sub.

for the Weekly Mail Tribune for her daughter, Jettie Clarno, while she was in town last Monday.

BUNCOM BREVITIES

Mr. Wright was to go up to Frank Edwards mine one day this month and when he did not put in his appearance Mr. Edwards went down to his cabin and seeing that he had not been there for some time thought something must be the matter and went to a phone and called up the post office and found he had been there May 30 and had left for his mine. Mr. Edwards with several men started along the trails which he would travel and they found the body just a little below the trail close to old Dorn cabin. He had the mail sack on his back and was holding on to a bush with both hands and had evidently struggled considerably. The body was not disturbed and a coroner's inquest will be held.

LEAPS 100-FOOT CLIFF IN FIRST RIDE WITH NEW AUTO

LOS ANGELES, Cal., June 25.—At the foot of a hundred foot bluff, the bodies of three women and two men one barely alive, victims of an automobile wreck, were found on the ocean beach today at White Point, a few miles north of San Pedro. The automobile, a new machine, driven by Harry Baker, a wireless operator at San Pedro, had fallen over the bluff, and Bakers four passengers, Percy Townsend, a fellow wireless operator, his sister, Miss Lora Townsend, and their mother, Mrs. Laura Townsend, and Miss Myrtle Crandon, lost their lives with the exception of Townsend who was alive when found and may recover, though many bones are broken. Miss Townsend was an employee of the post office station at San Pedro and Miss Crandon was a clerk at the postal station at Wilmington. Baker secured possession of the motor car yesterday and had taken the party out for a ride.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong. I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
