

Jeff Seems to Have Tough Luck in Getting an Unbreakable Sky-Piece

By "Bud" Fisher

MUDDLED SITUATION AT SAN DOMINGO

WASHINGTON, June 29.—"Very muddled," was the characterization applied to the San Dominican situation today by President Wilson. He said that it was difficult to know just what to do in the Dominican republic, because of the many elements entering into the situation. He had received word of the firing by an American gunboat to stop a bombardment of the federal troops, but did not disclose what he expects to do finally.

PHENOMENAL SALE OF AUTOMOBILES BY C. E. GATES

C. E. Gates, the apto man, has had a phenomenal record during the two and a half years he has been in business in Medford. He began in a building on South Riverside, where he sold the Overland cars and "put them on the roads in Jackson county." By careful attention to business, being accommodating at all times and selling goods with merit, he has built up a wonderful business and moved into his present commodious quarters about nine months ago, which is one of the most up-to-date auto sales rooms and supply houses between San Francisco and Portland, containing about 5,000 feet of floor space, which is the show room for cars and the home of everything for the auto and the auto owner and driver.

A white tile front brick service station was recently completed just North of his show room, with 3750 feet of floor space and equipped to care for the cars he sells. Fords, Overlands and Coles.

Mr. Gates is the pioneer auto dealer in Medford today as there is no man or firm in the city selling autos that was here when he came and only one firm running a garage that was operating one when he began business.

During the two and a half years Mr. Gates says, he has sold 250 autos in Jackson county and of this number, 102 new and 152 second hand cars have been sold since January, 1914.

EAGLE POINT EAGLETS

I see by the last batch on Eaglelets published that I neglected to mention the fact that Rev. Smith, the traveling evangelist for the American Sunday School Union preached for us Sunday afternoon at Table Rock during the Sunday School exercises. And another item I noticed was in the Table Rock items in which the writer says that "Father Howlett carried off the honors of the table for he was the first to commence and the last to get through." Well I was very busy about that time and had my mind occupied with other things, and among them was one that impressed me very forcibly and that was that a certain young man that I strongly suspect of being the Table Rock

correspondent for the Mail Tribune, was so busily engaged in looking after the welfare of a certain young lady that was there on a visit that his mind, that is usually very clear, was somewhat befuddled and thought that because they continued long at the table and that because I happened to be still in the crowd that therefore I must have been eating but one thing that I do admit was that we had one of the best dinners of the season and I do hope that he and his "Daisy Dear" had all that they could eat in spite of my gishness. But we all had a good time. I know that your E. P. correspondent was not the only correspondent that had a good time.

While on the subject of the meeting I will add that Rev. M. C. Davis will preach at the Beese Creek school house on the third Sunday, July 19, at 3 o'clock p. m.

Miss Inez Willis of Persist came out on the 29th, went to Medford to meet her aunt, a sister-in-law of her father, from Minnesota, who went up on the stage together last Monday.

Speaking of the Willis family brings to mind the fact that Roy Willis, the contractor for delivering the mail on the route from Eagle Point to Persist, will have filled his contract next Tuesday, June 30, and intends to start for Alaska in a few days, and Mr. Trusty, the new contractor, will take his place and we all wish that he may prove as agreeable and meet with the success that Mr. Willis has for during the four years that he has been carrying the mail. He has not been behind time but twice and then it was absolutely unavoidable.

S. M. Cox who has been living just below town and one of our best citizens, has traded his place for one below Trail a few miles. He was in town last Monday with his good wife after the last load of their household goods. His friends here regret to have him leave us but we hope that he has bettered his condition.

Dr. W. E. Buchanan who went to Portland some ten days ago returned Monday and his family who have been visiting Mrs. R's mother, returned home Tuesday.

W. L. Vawter and wife, Mr. H. H. Word, a Portland capitalist, Seely Hall and William Von der Helten called for dinner last Wednesday. Mr. Vawter came out on business and the others came to see our beautiful valley and have a good time.

George Almy of Albuquerque, N. M., who has been visiting his mother, Mrs. Boles, on the South Fork of Little Butte, came out Tuesday on the stage, took dinner with us and went on to Medford to take the train for home.

Miss Edith Feedenburg of Bate Falls, who has been attending the State Normal school at Monmouth, returned home Tuesday. She stopped over night at the Sunnyside on her way home.

All proposals must be made upon blank form to be obtained from the state highway engineer at his office, Medford National Bank building, Medford, Oregon; must give the prices proposed, both in writing and figures; and must be signed by the bidder, with his address.

Each bid is to be presented under sealed cover and shall be accompanied by cash, a bidder's bond made payable to Jackson county, or a certified check made payable to the county judge of Jackson county, for an amount equal to at least five per cent of the amount of said bid, and no bid shall be considered unless such cash, bond, or check is enclosed therewith. Such bidder's bond shall be conditioned that if said bid is accepted the party bidding will duly enter into and execute the contract.

Should the successful bidder to whom the contract is awarded fail to execute the same within ten days (not including Sunday) from the date of notification of such award, such cash, bond, or check shall be forfeited to Jackson county and the same shall be the property of the county. All other cash, bonds and certified checks will be returned to the unsuccessful bidder who submitted the same.

A corporate surety bond will be required for the faithful performance of the contract in a sum equal to one-half of the total amount of the bid.

All bids are to be compared on the basis of the state highway engineer's estimate of the quantities of work to be done as follows: 47,000 square yards of paving. The foregoing quantities are approximate only, being given as a basis for the comparison of bids, and the county court of Jackson county does not expressly or by implication agree that the actual amount of work will correspond therewith, but reserves the right to increase or decrease the amount of any class or portion of the work that may be deemed necessary or expedient by the state highway engineer of Oregon.

Plans may be seen and forms of specification and contract may be obtained at the state highway engineer's office, Medford National Bank building, Medford, Oregon.

The right is reserved to reject any and all proposals, or to accept the proposal deemed best for Jackson county.

NEW TODAY

284 acres, 1 1/2 miles from Medford, three miles from store, seven miles from railroad, three million feet of saw timber and other wood. Easy logging, fine mill site, ranch house and other buildings. 100 acres tillable land, free from rocks, free soil. Fifteen acres already in cultivation.
