**DISORDERS CEASE
 BOSNIA DISTRICT**

SARAYEVO, June 30.—Reports from other districts of Bosnia today say that disorders have virtually ceased.

The perpetrators of Sunday's outrages are to be tried before the civil courts and not under martial law. Nedeljko Gabrinovic, who threw the bomb at the arch duke and his consort on Sunday, will then be liable only to imprisonment for a period of from five to ten years on a charge of attempted murder, while Gavril Princip, who fired the fatal shots, may it is said escape with ten years imprisonment on account of his youth.

**SEATTLE VOTES UPON
 COMMISSION FORM**

SEATTLE, Wn., June 30.—A city election is being held today to pass upon the new city charter submitted by the fifteen freeholders who were chosen last March for the purpose. The freeholders were recommended to provide for the commission form of government, but instead the charter provides for a city manager elected by a council of thirty members who or shall be chosen by the whole city, but his duties are to be largely social. The proposal to restore the ward system has met with hot opposition, the labor unions being lined up solidly against it, as well as one faction of the socialists. Seventy-five thousand persons are registered, but the vote is expected to be only half this total.

**RUN ON BANK OVER;
 DEPOSITING IN ORDER**

CHICAGO, June 30.—The run on the North Avenue State Bank ceased last night and there were 50 persons awaiting their turns today to replace their deposits. During the run the bank paid out \$399.09.

**JACK NEVILLE PRAISED
 BY H. CHANDLER EGAN**

"I have been beaten in golf many times before," said H. Chandler Egan last night upon his return from Seattle where he was runner up in the Pacific coast championship, "but never by such good golf as put up by Jack Neville of California. In the 36 holes he made 142,—two under a 4 per hole,—and that golf would beat any amateur in this country."

Although defeated for stellar honors Egan returned with silver cups. He received one for runner up, a second for the lowest qualifying score and third for the longest drive in a special driving competition. The former amateur champion made a drive of 290 yards.

**CELEBRATE FORTY-FOURTH
 WEDDING ANNIVERSARY**

Mr. and Mrs. Charles Paul of Medford celebrated their 44th wedding anniversary Sunday, having been married in Sacramento, California, June 28, 1869. Mr. and Mrs. Tom Moffatt entertained at dinner for the happy pioneer couple and later took them on a 40 mile auto trip through the valley which was greatly enjoyed. Mr. and Mrs. Paul came originally from Hastings, Minnesota. Mr. Paul serving four years in the Civil war with the Second Minnesota. Upon their arrival in Jacksonville, Mrs. Paul's daughter was accidentally shot when playing with a Remington pistol and killed. The tragedy caused a great sensation at the time.

**HINDU SLAVE GIRLS PERMITTED
 ENTRY ON BONDS**

VANCOUVER, B. C., June 30.—Under a general dispensation from the American secretary of labor the two Hindu slave girls who arrived on the Empress of Russia May 24 and were refused admission to the United States by officials of the United States immigration service have been allowed entry on bonds. The children, aged 14 and seven years respectively, were brought over from Calcutta by two missionaries, Rev. E. G. Eaton and Mrs. Eaton, who planned to put them in a university maintained at Pasadena by the Pentecostal Church of the Nazarene in order to train them for missionary service in India.

When the Empress of Russia sailed on her outbound voyage two weeks ago the children were still aboard, but were taken off at Victoria pending the result of an appeal sent to Washington. A pathetic feature of the case of the younger child is that she was rescued from a life of degradation in a Hindu temple in Calcutta, where she had been held for immoral purposes.

**TO EXTERMINATE RATS
 IN SOUTHERN STATES**

NEW ORLEANS, La., June 30.—State and city health authorities were astir today preparatory to the inauguration of the first wholesale campaign in the history of the south for the extermination of rats in order to prevent the spread of bubonic plague.

Two cases of the disease recently have been discovered in the industrial home of the Volunteers of America in New Orleans. One man died, another is ill and twenty-eight inmates of the place have been isolated. With the home as a nucleus of a zone extending four blocks in every direction, the plans are for the construction of a concrete barrier around the entire area and for a rat drive towards the center.

**ASHLAND MAN COMES TO
 MEDFORD—BUYS CREAMERY**

The Medford creamery has been sold by Mrs. W. A. Chappell to A. A. Moody of Ashland who takes charge July 1.

Mr. Chappell, lately deceased made a fine trade and a worthy reputation during his brief ownership.

Mr. Moody has had wide experience in the dairy and creamery business having operated for 15 years in Troy, N. Y., and was recently with Kent Bros. creamery at Eugene.

The new management believe that Medford and the rich country tributary thereto is sustaining a great loss by the present method of shipping a large per cent of its cream to distant markets while our own merchants are obliged to send out of the state many thousands of dollars to purchase California butter which does not compare in excellence with our own product.

Mr. Moody will be assisted by one of the most expert buttermakers on the coast and he guarantees a first class home product. This building up of a strong home creamery will add much to the prosperity of the Medford district and the dairymen who will lead their assistance.

**JACKSONVILLE TEAM BEATS
 MEDFORD SECOND TEAM**

The Medford second team won their second game of the season Sunday afternoon when they outclassed and outgeneraled the Jacksonville Guards on the latter's grounds winning the game in the sixth inning when Thomas took a heat and smashed the sphere for a home run with the bases full. The score was 15-5.

McIntyre tore a ligament loose in his arm while warming up but entered the game and pitched first-class ball for the guards. Cleveland headed for the locals and sent seven to the bench in succession.

**HUERTA'S REASONS
 FOR REJECTION OF
 PEACE PROPOSAL**

MEXICO CITY, June 30.—Robert Esteva-Ruiz, acting foreign minister, has given out a memorandum bearing on the statement of the Mexican delegates to the Niagara Falls mediation conference, addressed to the American delegates and first made public from Niagara Falls June 17. In it he brings out certain passages, which were not included in the statement as issued at Niagara Falls.

The object of the memorandum, it was said, was to combat the proposals presented by the American delegates which were said to be tantamount to reducing electoral liberty in Mexico to a sham as the elections would be held under pressure in favor of Carranza. This, it was argued would be bad for Mexico, and for the United States, as well as for Carranza, as it would cause bad feeling between the two peoples and Carranza would always be regarded as the nominee and subordinate of the American government.

Proposals Rejected
 For this reason, it is stated, the Mexican delegates rejected the proposals in question without even consulting their own government for they could not countenance any arrangement enabling the Washington government to put in a president in Mexico.

The Mexican delegates in the document ask why the government at Washington objects to the establishment of a neutral provisional government which the Mexican delegates had accepted. The only answer they say, can be that the Washington government does not desire electoral liberty in Mexico.

President Wilson, they assert has constantly alleged the welfare of the Mexican people to be the reason for his attitude, and the delegates said they thought the Mexican people should be consulted as to what they regarded as their welfare and not have it forced on them.

Want Neutral Government

The Mexican delegates denied that the advance of the revolution proved national sentiment in Mexico favored Carranza as states collecting two thirds of the country's inhabitants were controlled. But even supposing that national sentiment favored Carranza, his election, they pointed out, was certain under a neutral government and there was no necessity for putting him in through a provisional government under his influence. If Carranza were elected at a free election, they pointed out, he might be a successful and respectable president capable of pacifying the country, but if put in by Washington, they argued he would be hampered by discredit and accused by popular clamor of treason and perpetual subordination to the orders of the white house.

If the Washington government insisted on its proposals, the delegates contended, the negotiations would fail and civil strife in Mexico would continue and even if the revolutionary armies were victorious, it would be only at the cost of much suffering and bloodshed. They said it was unbecoming to the government of a great civilized people such as the Americans to accept responsibility for these horrors, when the same result could be attained by an honorable and peaceful exercise of the ballot.

**ZAPATA DENIES
 ANY ALLEGIANCE
 WITH CARRANZA**

MEXICO CITY, June 30.—News reached Mexico City today that Emiliano Zapata, the southern revolutionary leader, had published a decree rejecting any allegiance to Venustiano Carranza and saying that his constitutionalist chief had refused to accept the "plan of Avila" the original armarian program of the southern leader.

Zapata is said to have declared that he intends to extend his operations along the western coast of Mexico as far as Sonora and that he will fight Carranza "forever."
 The information was brought to Mexico City by persons who arrived from towns under the control of the followers of Zapata in the state of Morelos.

**CHEROKEE NATION
 DISSOLVES, MIDNIGHT**

WASHINGTON, June 30.—The Cherokee Nation, largest of the five civilized tribes, will be dissolved as a nation at midnight and tribal funds amounting to \$600,000 will be divided among its 41,000 members. Commissioner Sells, of the Indian office today called for the resignation of all Cherokee officials. The dissolution of the tribe is in accord with the policy of the Indian office.

Under the law it was intended that the five civilized tribes should dissolve as nations in 1906. Congress however, extended that time in the discretion of the Indian office. The Seminole nation practically has been dissolved. Senator Owen of Oklahoma is a member of the Cherokee nation and will receive as his portion of the tribal funds about \$15.
