CARMAN'S LIFE  
THREATENED BY  
FAIR UNKNOWNPhiladelphia Adds Mystery to Bailey  
Murder Case by Telling of Strange  
Actions of Another's Wife Who  
Sought to Kill Physician—Went  
Into Hysterics at Sight of Carman.

FREEPORT, N. Y., July 7.—Private and county detectives continued today their investigation of the murder of Mrs. Louise Bailey, who was mysteriously shot while in the office of Dr. Edwin Carman. The inquest into the murder, adjourned yesterday, is to be resumed tomorrow, provided the matter is not taken out of the coroner's hands by the grand jury.

Dr. Carman said today he welcomed the arrival last night of the chief of a detective agency and his men.

"If the county had not hired this man I would have done so when the inquest was concluded," he said. "During the interviews this man and his subordinates have had with my wife they did their best, just as the county authorities did, to make her change her story. I believe she has told the whole truth. The detective chief is welcome at our house at any time. I hope he can find the person who murdered Mrs. Bailey and I will give him all the help I possibly can."

## Threatened By Woman

PHILADELPHIA, July 7.—John Howe of this city, reported to have telephoned David Kennedy of Freeport that a woman with whom Howe was cruising had threatened to kill Dr. Carman, was found here today and confirmed the story told by Dr. Carman to detectives.

Howe, in business here, said that summer before last he invited a Freeport man and his wife to an outing on Great South Bay, L. I., in his motorboat. He would not give their names.

"We landed at an island," Howe said, "and ran across David Kennedy and Dr. Carman. I knew them both. The moment we saw them the woman in our party screamed and ran back to the boat. Her husband remained, surprised and nonplussed by his wife's action. I ran to the boat after her. I found her on a seat in hysterics. She was screaming, 'That man ruined my husband and ruined me. I am going to kill him if it takes a lifetime.' She picked up a paper knife shaped like a dagger and started to leave the boat. I caught hold of her and kept her back and asked whom she meant. 'Dr. Carman,' she said."

## Refused Explanation

Howe said the woman refused to explain her actions. When her husband came aboard the party returned to Freeport.

"Neither one of them spoke of the incident again," said Howe. "I did not try to find out the reason for it, and never gave it another thought until this murder occurred."

Howe telephoned Kennedy of the incident and the latter recalled it and said he would notify the police.

Howe also said he had a telephone message from Freeport today that detectives had gone to the woman's house, but did not find her at home.

DENTAL CURRICULUM  
SHOULD BE INCREASED

ROCHESTER, N. Y., July 7.—In his annual address before the National Dental Association, which opened its eighteenth annual convention here today President Homer C. Brown, of Columbus, Ohio, declared the dental college curriculum should be increased.

Instruction received in more of our dental colleges in histology, bacteriology and histology, is so meager," he said, "that the present graduate is not sufficiently versed to consider it a preparatory course which would admit to more advanced work. The preliminary educational requirements for matriculation should be advanced and there is no better way to accomplish this than to have specific requirements incorporated into our various state dental laws."

WARBURG QUILTS  
RESERVE BOARD  
TO AVOID QUIZNew York Member of Federal Bank  
Sends in Resignation When Senate  
Banking Committee Begins Exam-  
ination of Board Appointees—  
President Requests Reconsideration

WASHINGTON, July 7.—Paul M. Warburg of New York today formally requested President Wilson to withdraw his nomination to be a member of the federal reserve board. The president will do so today.

Mr. Warburg, a member of the banking house of Kuhn, Loeb and company, was nominated for a four year term. When the senate banking committee began examining personally all the five candidates nominated, Mr. Warburg indicated he did not wish to be questioned by the committee as a condition to taking the appointment. Today he called the white house offices by telephone and requested the president to withdraw his nomination.

There was no intimation who the president might choose to fill the place. The change in personnel, however, will not further delay the actual organization of the new currency system.

The senate has already confined W. P. G. Harding, A. C. Miller and Charles S. Hamlin as members of the board, and they, with Secretary McAdoo and Comptroller Williams, who serve as members ex-officio, constitute a quorum, which now may proceed with the work.

Later today Mr. Warburg communicated with white house officials and President Wilson sent him a telegram asking that he reconsider his declaration to serve on the board. Senator Hitchcock of the senate banking committee, about the same time, received a telegram from Mr. Warburg declining to appear before the committee.

NEW YORK, July 7.—Paul M. Warburg said today that he did not care to discuss at this time his withdrawal from the federal reserve board.

SALEM APPEALS TO  
CONGRESS FOR AID

SALEM, Mass., July 7.—Mayor Hurley made public today a telegram received from the mayor of San Francisco, announcing that he appealed to the people of that city for contributions for the relief of the fire sufferers here.

A request that each do all in his power to have the sundry civil bill amended in the United States senate so that an appropriation of \$200,000 recommended by President Wilson for the relief of the fire sufferers here, might be provided by congress, was telegraphed today to every New England senator by John B. Tynan, chairman of the executive board of the relief committee. A request was sent to the senate appropriations committee.

## Weather Predictions

PORTLAND, Or., July 7.—Oregon and Washington: Fair tonight, probably showers tomorrow; cooler Wednesday, except near the coast; southwesterly winds.

Idaho—Tonight and Wednesday partly cloudy, probably showers; cooler Wednesday.

## CARRANZA DISMISSES GEN. ANGELES

WASHINGTON, July 7.—Carranza's action in dismissing General Felipe Angeles from the constitutional army with its prospects of another break with Villa, was the principal topic of discussion today among constitutionalists agents here. Charles A. Douglas, General Carranza's counsel, declared openly that Angeles must be removed from the situation before peace could be brought about between Carranza and Villa.

According to one personal message from Villa, received here today from

FUNSTON REPORTS  
HUERTA'S TROOPS  
IN OPEN REVOLT

VERA CRUZ, Mexico, July 7.—Brigadier General Funston made public today copies of telegrams exchanged last night between the American army headquarters and Lieutenant Colonel Izunza, commander of the Mexican federal outposts. In his dispatch, Izunza said:

"Portions of my infantry outpost has revolted and I am unable to reduce them to order."

The general said he notified General Funston because he desired to prevent alarm among the American outposts in the event of the mutinous troops seeking to enter the American lines or of an action occurring in their vicinity.

General Funston assured Izunza that the federal deserters would be arrested promptly if they approached the American outposts.

The extent of the revolt was unknown to headquarters but it was believed that it affected only a small portion of the Mexican force in front of the American lines.

Colonel Izunza got close enough to the fleeing outpost south west of Tejuria this morning to warrant him in attacking the mutineers but they did not stop to resist, replying only with a scattering fire.

NEW YORK, July 7.—The public funeral and demonstration planned for Saturday by anarchists and others in honor of the three men and the woman killed by the bomb explosion of July 4, has been called off.

GREAT NORTHERN'S  
STEAMER LAUNCHED

PHILADELPHIA, July 7.—The steamship Great Northern, built for the Great Northern Steamship company to ply between Portland, Astoria and San Francisco, was launched today at the Cramp shipyard. The vessel was christened by Mrs. E. M. Lacey, wife of C. C. Lacey, marine superintendent of the steamship company. The Great Northern is 525 feet long and will be fitted up for both passenger and freight service.

STRONG RECOVERY  
IN STOCK MARKET

NEW YORK, July 7.—Stocks moved in an irregular manner for the greater part of today's session, with marked fluctuations in the Goulds. In the later operations fairly large transactions in the speculative favorites resulted in a general recovery, with net gains of a point or better. The closing was strong.

Most stocks of speculative importance were unchanged, as to quoted values in today's early dealings, but showed an inclination to recede later. Special issues were again prominent. United States Express, Mexican Petroleum, American Tobacco, Studebaker and Central Leather preferred rising 1 to 1½ points. Ontario & Western and Canadian Pacific declined a point, while Rock Island recorded a new low price at 1¼. Advances from Paris pointing to the success of the new French loan exerted no influence here.

NEGRO DEAD OF  
BUBONIC PLAGUE

NEW ORLEANS, La., July 7.—Another case of bubonic plague was announced late today by the federal health officials. John Jackson, a 19 year old negro boy died July 2 at his home about three miles from the original infected district. Bacteriological experiments gave positive evidence of this disease. It is the second death since the outbreak of the disease.

CONCLUDE TRUCE  
BETWEEN VILLA  
AND CARRANZAConference at Torreon Reported to  
Have Come to an End—Villa to  
Come to Saltillo to Seal Bond of  
Allegiance — Carranza's Currency  
Issue Is Point of Conflict.

TORREON, Coahuila, Mexico, July 7.—The Carranza-Villa conference came to a close late last night. No statement concerning its transactions was issued other than five points at discussion had been settled.

SALTILLO, Mexico, July 7.—General Villa will come to Saltillo and by a personal visit seal a bond of friendship and allegiance to General Carranza, according to a report received today by high officials at Carranza's headquarters.

Mission Successful  
It was asserted here that the conferences of the commissioners, representing Villa and Carranza, which met at Torreon to smooth out the difficulties which existed between the two chiefs had been entirely successful and it was said that Villa would accompany the Carranza commission on its return to Saltillo. This latter report could not be confirmed officially, but there is a spirit apparent in official circles here which would seem to confirm that the mission of the delegates sent to Torreon had been successful.

It was reported that regular traffic between Saltillo and Torreon would be resumed within the next few days.

Ending a Surprise  
EL PASO, Tex., July 7.—Reports of the sudden ending of the conference at Torreon designed to settle the internal disagreement of the constitutionalists was received as a surprise by observers here today. The amicable tone of all expressions from the south was not reflected at this point where Carranza and Villa agents still were in conflict over matters pertaining to Carranza's currency issue, which has thrown the revolutionary quarrel into the American courts.

Santiago Winfield, named in embellishment warrant issued at Washington, came to El Paso from Juarez today and gave himself up to the local police. He gave bond, and his attorney said he would go to Washington, waiving any state extradition. Winfield was the messenger from Washington to El Paso for the issue of constitutionalist fiat money over the possession of which the Carranza and Villa faction have disagreed.

COMPULSORY INSURANCE  
STEERAGE PASSENGERS

LIVERPOOL, England, July 7.—The chamber of commerce here today started a movement with the object of making the insurance of steerage passengers on ocean lines compulsory. The advocates of this policy contended that there would be no difficulty in slightly increasing the passage rates for emigrants in order to cover the cost of the insurance and that such a step would obviate the necessity of making appeals to the public for funds in the case of disasters.

## LOTS OF MONEY IN SUNNY FRANCE

PARIS, July 7.—Although the bank of France has not made any official announcement it was reported on the Bourse today that the public had applied for more than forty times the amount of the issue made today of \$161,000,000 of the new government 3½ per cent loan. If this should prove true, the applications have amounted to more than the entire national debt of France.

The loan on its admission to the Bourse today immediately rose from 91, the price of issue, to 91.92. The general market did not respond sympathetically as is usual when gov-

FLASH  
LONDON, July 7.—Freddie Welsh was given the decision on points at the end of 20 rounds by Referee Corri.

LONDON, July 7.—Fred Welsh, lightweight champion of England, and Willie Ritchie, lightweight champion of the world, arrived in London today from their training camps at Porthcawl, Wales, and Brighton, respectively, for their fight tonight in the great arena of Olympia, in the west end of London. Both boxers declared themselves confident of winning the championship and both said they felt in the pink of condition. Their looks bore out their statements.

Welsh Is Favorite  
Welsh was favorite in the betting by a slight margin, probably due to the support which his Welsh compatriots have been giving him at Cardiff, where most of the betting has been five and a half to five, in his favor. Rev. John Hervey Boudier is to act as master of ceremonies at the match, the Bishop of Stepney having objected to the Rev. Everard Digby's officiating. Eugene Corri is to be the referee.

Father Boudier, vicar of St. Michael's Anglican church, Islington, is a popular, burly clergyman who encourages his parishioners to box and to play football and cricket.

Welsh the Heavier  
The two men weighed in at Olympia this afternoon, when Ritchie scaled 134 pounds, while Welsh was just able to get within the stipulated limit of 135 pounds.

"Father" Boudier climbed through the ropes shortly before 8 o'clock in his clerical garb and announced the names of the contestants in the first of the preliminary bouts.

The great revival of interest in pugilism in Great Britain was evidenced by the big assemblage of all classes which congregated in the great arena of Olympia. The newspapers had predicted a large attendance of women, but there was only a small sprinkling of bright dresses in the cheaper seats around the sides of the arena, which filled first before time was called.

Few Women Present  
Before the three preliminary bouts had been finished the majority of the prominent London sporting men had gathered about the ring, as well as 200 or 300 Americans, some of them well known.

There were not more than 103 women altogether, most of them in evening dress, who occupied the section reserved for members of the royal family and prominent society people during the show.

Welsh entered the ring at 9:58 amid lusty singing of the Welsh hymn, "God of Our Fathers," by

PROBE ATTEMPT  
TO POISON COUPLE

ROCHESTER, N. Y., July 7.—District Attorney Horace Fitch began today a John Doe investigation into an alleged attempt to poison Mr. and Mrs. Andrew M. Matrilles at East Bloomfield.

Enough poison to affect a regiment was placed in the Matrilles' well, according to County Bacteriologist Sanderson, who examined water taken from it.

Mr. and Mrs. Matrilles were married six weeks ago. It is intimated that an aged suitor for Mrs. Matrilles' hand, who was rejected, is suspected, and a warrant for his arrest is expected.

At midnight, July 3, Matrilles heard a noise in his yard and saw a man running away. In the morning quantities of the poison were discovered about the well.
