BISHOP SCOTT SCHOOL TO REOPEN

What promises to be the largest and most complete preparatory school for boys in the northwest, when it opens for its first term on September 23, 1914, is that of the Bishop Scott school, situated four miles from Yamhill, Or., on the newly electrified system of the Southern Pacific railroad.

The school estate comprises over 100 acres and is owned and operated under the auspices of the Episcopal diocese of Oregon. Fully one-half of the acreage is under cultivation. Gardens, fruit orchards and one of the largest walnut groves in Oregon is part of the school estate.

The main school hall, which will be finished by July 1, is a three-story structure covering ground 80x120 feet, being made of tile and concrete and is absolutely fireproof. It will cost about \$20,000 when finished.

The Bishop Scott school will fill a long-felt want for an up-to-date and competent boarding school for boys in Oregon. The board of trustees of the school are: Right Rev. the Bishop of the Diocese; Rev. A. A. Morrison, Ph. D., rector of Trinity church, Portland, Or.; Rev. J. E. H. Simpson, rector St. Mark's church, Portland; Rev. C. W. Robinson, rector St. Paul's church, Oregon City; C. N. Higgins, treasurer Portland railway, Light & Power Co.; J. W. Ganong, vice-president Portland Flouring Mills, and John K. Kollock, attorney, Portland, Or.

HORSETHIEF SENT TO INSANE ASYLUM

J. C. Hamlin, alias J. C. Rogers, the horse thief, was committed to the insane asylum by Judge Tom Velle Sunday after examination by Dr. J. W. Robinson. Hamlin rented a horse and saddle of the livery firm of Boyer Bros at Rogue River, Wednesday, and rode the animal to Wolf Creek, where he undertook to dispose of the animal. By peculiar coincidence the man to whom he offered the horse and saddle for the sum of \$35 was Scott Boyer, a brother of the Rogue River firm. He at once recognized the horse as coming from the Rogue River stable, and suspecting crookedness, telephoned to his brothers.

SOLDIERS AT HONOLULU GET RULES SUSPENDED

WASHINGTON, July 7.—Permission was sent today by the war department to Honolulu for the embarkation of 150 soldiers eager to take passage on the army transport Sherman for San Francisco.

When the Sherman arrived in Honolulu from Manila, she had room for but thirty more passengers under the federal regulations for safety at sea. Realizing that they would have to remain in Honolulu another month awaiting a transport, the men appealed to army officers, who called a request to Washington for permission to allow the Sherman to carry 220 passengers in excess of regulations.

PRINCETON COACH TO TRAIN NORTH CAROLINA

RALEIGH, N. C., July 7.—T. G. Trencard, head coach of the University of North Carolina, announced today that Arthur Blumenthal, head line coach at Princeton last year, and Logan Cunningham, head field coach at Princeton in 1911-12, had been engaged to coach the line and back field at the University of North Carolina this fall.

ENGLAND WINS SINGLES FOLKESTONE TENNIS PRELIMINARY

FOLKESTONE, England, July 7.—Although a despondent view of England's chances of lifting the Dwight F. Davis international lawn tennis trophy this year is taken by the English press and the sporting public, much interest was displayed in the preliminary round between England and Belgium down for decision here today, tomorrow and Thursday. The English team is composed of J. C. Parke, H. Roper Barrett, A. R. F. Kingscote and T. M. Mavrogordato.

The Belgian team consists of P. De Boran, captain, W. H. Duvalier, L. Trasneter and A. G. Watson.

The selection of the English players has been much criticized. Parke, it is pointed out, proved a great disappointment at the Bechenham try-outs, where the tennis papers declare he was "distastefully out of form." team H. Roper Barrett and his partner, the judges, however, find it impracticable to leave him out of the net at the same meeting were badly beaten in the doubles. Kingscote whose style was very graceful, lacked accuracy and strength; while Mavrogordato did not distinguish himself.

Many of the leading critics expressed disappointment because F. G. Low, who brilliantly defeated Norman E. Brookes of Australia, did not obtain a place on the English team.

In case the English team should win from Belgium it will meet the French team at Wimbledon on July 11, 13 and 14.

The first singles match in the preliminary round between England and Belgium in the Davis cup tournament went to England today, T. M. Mavrogordato, defeating D. P. Deboran by 6-1, 6-3, 6-1.

J. C. Parke gave England her second victory in the singles by defeating the Belgian, A. G. Watson, 6-2, 6-2, 6-3. The double will be played tomorrow.

DOWNWARD SLANT IN WHEAT MARKET

CHICAGO, July 7.—Cool weather in the northwest tending to avert a spread of black rust gave the wheat market today a downward slant. There was also gossip that the government crop report would be bearish. Disappointment at the comparative indifference shown in Liverpool concerning yesterday's strength here, counted, too, against the bulls. After opening 1/4 to 1/2 lower, the market continued to descend.

Rain in Missouri made the corn market easy. Trade was rather light. The opening, which ranged from 1/4 off to a shade advance, was followed by a slight further decline.

Buying on the part of the leading houses put some firmness into oats. Offerings came mainly from pit traders.

Provisions held steady. Higher prices for hogs afforded a basis for support.

BIRMINGHAM IRON RATES UNREASONABLE

WASHINGTON, July 7.—In the so-called Birmingham pig iron case, the interstate commerce commission today held that existing rates on pig iron from the Birmingham district to Louisville, Chicago and Boston by rail and water were unreasonable. No change was ordered on proportional rates on Ohio to river crossings. Existing rail and water rates to interior New England were pronounced unreasonable, and reasonable rates to Portland, Me.; Springfield, Mass., and Lowell, Mass., were prescribed, with reductions to interior New England points.

FEDERALS SEIZE SCHOONER AT GUAYMAS

SAN FRANCISCO, Cal., July 7.—A wireless message to Captain Frederick Johnson of this city, owner of the Mexican schooner Salvador, notified him that the Salvador had been seized by the federals at Guaymas and that Sheriff Gilberto Almeida was loading her with his own merchandise, supposedly consigned to Salina Cruz, the Pacific terminus of the Tehuantepec railway.

Captain Johnson interprets the message as strong evidence that the evacuation of Guaymas, often predicted, cannot be far distant.

COUNCIL TO ACT UPON SUBURBAN WATER SCHEDULE

Adjustment of the Siskiyou Heights water controversy, steps toward improvement in the water system and the increasing of the supply according to the plans of Councilman Medynski, and vacations to city employees, will be the principal matters coming before the city council at the regular meeting tonight.

In regard to the Siskiyou Heights water rates, it is expected that a compromise will be reached, the city receding from its stand first adopted. Many of the property owners gave the right of way across their land, upon the understanding that they were to receive water at city rates. The matter was referred at the last meeting to a committee of five, which is expected to report.

The economy policy of the administration early in the year wiped out the two weeks' vacation on pay to city workers, and some of the council are now favorable to granting a week's vacation on pay, but not two weeks. The vacation decree affects policemen, firemen and all employees of all departments, and will be discussed.

Councilman Medynski will seek authorization for the expenditure of between \$300 and \$400 for repairing leaks in the city pipes near the intake, retimbering the 600-foot tunnel and elevating the intake valves so as to increase the water supply in the neighborhood of a million gallons.

The regular batch of monthly bills and routine business will be transacted.

DEMAND A MILLION THREATENING TORTURE

NEW BEDFORD, Mass., July 7.—The aid of the state department in obtaining the release of Juan Velasco, a wealthy Mexican cotton manufacturer, who is reported to be held for ransom by a band of Zapatistas, was invoked today by John E. Furness of this city, United States representative of the Velasco factories. Furness in a message to Secretary Bryan said that Velasco was threatened with torture unless a ransom of 1,000,000 pesos was paid.

CONTRACTORS SOLD NICKEL ON DOLLAR

KANSAS CITY, Mo., July 7.—Three construction companies who built the Kansas City, Mexico & Orient railway, and which went into bankruptcy with the road, were auctioned off today for 5 cents on the dollar.

Benjamin S. Harmon of New York City, representing the stockholders' committee, bought all three companies for an aggregate of \$145,000.

Professor Meck was an authority on the fishes and reptiles of this hemisphere. He was a member of the United States fish commission.

TO DEFEND BRITAIN AGAINST AIRCRAFT

LONDON, July 7.—As a defense against attacks by air craft the British government today decided to dot the coasts of the British Isles with a series of towers, each armed with two quick-firing guns of special design. A complete circle of towers is to be erected around naval stations such as Portsmouth and Rosyth and at other specially favorable points.

PITTSBURG, Kan., July 7.—One hundred and fifty trainmen of the Joplin & Pittsburg railway, an interurban line which connects Pittsburg and Joplin with several other cities in this section, struck for higher wages today and tied up the road.

THE DANCE OF DEATH AT THE ISIS THEATRE

Because of Richard's indolent habits, Mabel refuses to marry him. To show his ability to make good, the boy leaves for one of the South Sea islands as secretary to the U. S. consul. Richard meets Sahki, a native dancing girl. Shortly afterwards, he makes her his wife according to the native rites. Sahki's heart almost breaks when Richard later tells her he must return home. Although he promises to return shortly, the boy forgets Sahki when he meets Mabel upon his return to the states. Mabel agrees to marry Richard. On the island of Maukahu, Sahki, with her new-born babe in her arms, waits for her lover's return.

Langbaum, a theatrical manager, comes to the island and sees Sahki dancing before her child. The man induces her to come to America and go on the stage. Because it will take her near Richard, Sahki leaves her home. Nahaku, her sister, goes with her.

The night before their wedding, Richard and Mabel go to the theater. Richard is thunderstruck when he discovers Sahki on the stage. The weird dance scores a tremendous success. Sahki is compelled to respond to the demand for an encore.

Just as the music commences, her eyes fall upon Richard. Intuition tells her he has proven faithless. Sahki throws herself into the dance, holding the audience spellbound. At the climax, she raises her knife and plunges it into her heart. Conscience reigns when it is discovered that the "Dance of Death" has ended in grim reality. Richard hastens to the dressing room. He clasps Sahki in his arms just as she breathes her last. Nahaku grimly places his child in the man's arms. Thus Mabel finds him. The remorse-stricken man tells her the dreadful story. Filled with pity, Mabel takes the infant from Richard's arms and promises to love it as though it were her own.

TRAVELERS SHOULD DISTRIBUTE JACKSON COUNTY BOOKLETS

A. S. Rosenbaum, who returned on Tuesday from Portland and as a result of his experiences says that if the people of Jackson county travel make it a practice to place a few Jackson county booklets in their suit cases or grips and leave a few in the observation cars or Pullman, where they will be read by the through travelers, much good will result. Leaving Portland last night, Mr. Rosenbaum left six of the Jackson county booklets in the observation car. This morning the passengers were asking the porters and brakemen when they would reach the Rogue River valley. The brakemen turned several of the inquirers over to Mr. Rosenbaum and found them anxious to learn of the valley, and was busy from Grants Pass to Medford pointing out the different sections and telling of crops, climate, hunting, fishing, mineral, water and other resources.

The booklets can be had for the asking at the Southern Pacific passenger office. It is advertising that costs us nothing and can but result in much good.

DES MOINES, Ia., July 7.—Pleas of not guilty were today entered in federal court before Judge Smith McPherson for each of the thirty-six officials and members of the National Association of Master Plumbers, recently indicted on charges of conspiracy in restraint of trade in violation of the Sherman antitrust law.

None of the defendants appeared in court in person, the pleas being tendered by counsel. Judge McPherson set the cases for trial on December 8. The federal grand jury indictments were returned June 4 last. All of the defendants are at liberty on bond. They reside in Iowa, Illinois, Wisconsin, Michigan, Minnesota, Missouri and Nebraska.
